### LOCAL NOTES

Goodby 1897.  
Good morning 1898.  
Write it 1898 for a year.  
Gowell sells everything.  
Cash for hides, at Gowell's.  
Special bargains, at Gowell's.  
Pure cider vinegar at H. Lewis.  
Schillings pepper at Booth's 12cts.

Note paper, pencils and tablets at this office.  
S. A. Logan, the Newport merchant is up to Toledo today.  
Bill Bogue is down with the measles. It looks like Bill is big enough to know better.  
Go to the store and see those waterproof shoes for ladies and men, at Gowell's only.  
Sheriff Landis went to Albany on business today. He will return tomorrow night.  
Charley Crosno has been acting as deputy postmaster during the absence of postmaster Stanton.  
Just received, a new stock of Gents' furnishing goods; also a new stock of men's pants, hats and caps, at Lewis.  
The Christmas tree and dance at the Parrish school house Christmas eve, is reported to have been a very successful and enjoyable affair.  
Edwin Stanton and his new wife are expected home on tomorrows train. Full particulars of the wedding will be given in our next issue.  
H. J. Bevins, of Elk City, was in Toledo yesterday. "Uncle Hutch" is not a very frequent visitor, but he is very welcome when he does come.  
Local talent has organized a minstrel troupe, and as soon as they have had sufficient practice a public exhibition will be given.  
Miss Lulu Burt returned today from Oakland, California, coming up on the steamer. She has been in that city for several months, and her friends here are glad to have her return.  
The many friends of Will Peek in this county will read with much interest his interesting letter from Alaska in this issue. We might add that in a private letter accompanying the communication Mr. Peek says that he is working every day at good wages.  
Ross Deyoe, the Elk City boy who met with the accident while out hunting recently, is reported to be getting along nicely and will soon be recovered. He will not be so badly crippled in his hands as was first feared, as the doctor was able to save all of his fingers but one, and he is extremely lucky to get off so easy.  
The grange at Woodburn in Marion county, recently passed a resolution condemning the action of the county judge of that county, and asked the governor to have the judge examined as to his sanity. Great Scott! If they make that work, let's organize a grange in Lincoln county. Only Governor Lord examining a man as to his sanity would be too much like the blind leading the blind.

Happy New Year to you, at Gowell's.

Some elegant children's stationary at this office.

Dudley Trapp was down from Pioneer last Wednesday.

1 lb Schillings Baking Powder at Booth's 43 cents.

Go to H. Lewis for Oil and Rubber goods at lowest prices.

District Attorney Yates was over from Corvallis on Wednesday last.

We have some extra fine writing paper and envelopes that we are selling cheap.

A big New Year's dance is to be given at Newport tonight, several of our young people will probably go down.

The same old trouble is going to confront the office seekers again, there will not be enough offices to go around.

John Lucas the political leader of the Rock creek country in Polk County, has been spending a few days in Toledo.

Go to Gorman's, at Yaquina, if you want to buy latest improved Wheeler & Wilson sewing machines at wholesale prices.

Jefferson Myers, of Salem, was in town last Wednesday. Mr. Myers has been spending a few days shooting ducks on the Bay.

Mrs. Harry Denlinger came over from Corvallis, where she is teaching school and is spending her holiday vacation in this city.

And now it is reported that Vau-Cleve "the sage of Toledo" will go to Alaska in April. Well, we suppose them that has, must lose.

Convention time will soon be here and the various candidates are beginning to groom themselves for office at the hands of the dear people.

Jack Allphin is one of the best all round men we ever met. We didn't think he would shine much in society, but he does. He engineered the King-Barnes wedding the other day, and it passed off without a hitch.

Justice Henderson's court in Little Elk precinct dispensed justice last Monday. The case was the State vs. E. D. Young. Young had been arrested upon the complaint of H. H. Pament for trespass upon his premises. The case was before a jury and resulted in an acquittal, and the defendant was discharged. H. Denlinger appeared for the state and the defendant plead his own case.

Regarding our item of the check given for a certificate of sale in our last issue, the following explanation is made to us by Mr. R. A. Bensell. Mr. B. H. Barwick, the party that gave the check had money on deposit in the Portland bank, on which he gave the check but it was on time deposit and was not subject to check. Mr. Barwick did not know that he could not check it out without giving the usual ten days notice to the bank, hence his check was not honored. Mr. Bensell assures us that no fraud was intended by Mr. Barwick, and that he supposed he could draw out his money at any time. We cheerfully publish this explanation.

**Tetter, Salt-Rheum and Eczema.**  
The intense itching and smarting incident to these diseases, is instantly allayed by applying Chamberlain's Eye and Skin Ointment. Many very bad cases have been permanently cured by it. It is equally efficient for itching piles and a favorite remedy for sore nipples, chapped hands, chilblains, frost bites and chronic sore eyes. 25 cts. per box.

New full cream cheese at Lewis. Rolled oats at Booth's 3 1/2 cents per pound.

Rolled wheat at Booth's 3 1/2 cts. per pound.

Three lb package gold dust at Booth's only 23 cents.

We don't like to urge our subscribers who are in arrears, but at this time of the year payment on back subscriptions is very acceptable. Pay what you can and it will be duly appreciated.

R. A. Bensell was up from Newport Wednesday. There is a well defined rumor that Mr. Bensell is a candidate for the republican nomination for joint senator. For many years Mr. Bensell has occupied a prominent position in the "third houses," at Salem, and it would be something of a come-down for him to accept a place in the senate. But then politicians are peculiar people and take funny notions once in a while.

What has come over our office-holders, anyway, especially those of and connected with the judiciary? The report came over a short time ago that District Attorney Yates would not be a candidate for a re-nomination, and now comes the report that Judge Fullerton is satisfied with one term as circuit judge, and that he will not again be a candidate for that office. Such things as these sets people to studying.

In the list of food to be taken by the government to the supposed-to-be starving Klondike miners we notice the item of a ton of chocolate. A great mistake is being made in not taking at least a ton of peanuts, and taffy candy along. These government expeditions generally commit some such fool freak. How many laboring people right at home have chocolate to drink for breakfast.

Bids have been received by Agent Buford, at Siletz, for the erection of a hospital building for the school at that place. The building is to be 26x40, with an ell 14x22, one story high. It will be first-class in every respect, the interior to be finished in white pine and California redwood. The building will be located near the present school and boarding hall buildings. The bids will be opened at the Indian department in Washington, and it will be some time before it will be known to whom the contract has been awarded.

Don't be persuaded into buying liniments without reputation or merit—Chamberlain's Pain Balm costs no more, and its merits have been proven by a test of many years. Such letters as the following from L. G. Bagley, Huneme, Cal., are constantly being received: "The best remedy for pain I have ever used is Chamberlain's Pain Balm, and I say so after having used it in my family for years." It cures rheumatism, lame back, sprains and swellings. For sale by O. O. Krogstad, druggist.

Jeff Myers, the all round good fellow from Salem has been over to the Bay this week shooting ducks, and in connection therewith a good story is told on him. The story goes that Jeff crawled about a half mile over a piece of tideland to crawl up on a flock of ducks in a slough. He got in good position and fired both barrels just as the ducks raised to fly. He did not get a single duck, but he picked up forty-four duck's feet from where they flew up. He had aimed a little too low.

### BOAT FOUND

I have found a small boat drifting down the river and have tied up the same at my residence near the old government rock quarry above Toledo. The owner can get same by proving property and paying costs of keeping and advertising.

THE LEADER.

After hearing some friends continually praising Chamberlain's Colic Cholera and Diarrhoea Remedy, Curtis Fleck, of Anaheim, California, purchased a bottle of it for his own use and is now as enthusiastic over its wonderful work as any one can be. The 25 and 50 cent size for sale by O. O. Krogstad, druggist.

The thing that strikes us as peculiar about the starving Klondikers is that it is impossible for them to get out, but is possible for aid to be taken in to them. It seems to us that if an expedition can brave the rigors of an arctic winter and carry a supply of food to Dawson City, the starving miners of that country, if there be any starving, surely can make their way a few hundred miles down the river to where there is known to be large quantities of food stored. This government aid business does not have a straight look to us.

### How to Prevent Pneumonia.

At this time of the year a cold is very easily contracted, and if let to run its course without the aid of some reliable cough medicine is liable to result in that dread disease, pneumonia. We know of no better remedy to cure a cough or cold than Chamberlain's Cough Remedy. We have used it quite extensively and it has always given entire satisfaction. Oologah, Ind. Ter Chief.

This is the only remedy that is known to be a certain preventative of pneumonia. Among the many thousands who have used it for colds and la grippe we have never yet learned of a single case having resulted in pneumonia. Persons who have weak lungs or have a reason to fear an attack of pneumonia, should keep the remedy at hand. The 25 and 50 cent bottles for sale by O. O. Krogstad, Druggist.
