### LOCAL NOTES

Note paper, pencils and tablets at this office.

Chittam bark is up in price bring us in all you can obtain, Y. B. Merc. Co.

They are Here. Those new Shoes from Bmckinham & Heath. The Best stock on the Bay at the Lowest Prices. H. Lewis.

New Dress Goods? Well, Yes. And Dry Goods of all kinds and Varieties which will be Sold at Bed Rock Prices. H. Lewis.

Well matured seed corn, raised in Lincoln county; besides a variety of garden seeds in bulk, at Krogstad's.

M. H. Young, of Big Elk was down to Toledo last Saturday, and paid his taxes for the present year. Mr. Young is not overly pleased with the rate of taxation this year, and thinks that a liberal reduction of the rate the people are paying would lessen a heavy burden upon them.

Zenas Copeland, of this place has received an appointment in the life-saving service and left for Cape Arago, Coos county, last Tuesday, where he is assigned to duty as a surfman. We are glad to see our young friend get this position, as a job of that kind is a genuine snap these times.

Col. F. J. Parker, of the Walla Walla Statesman, is sojourning at his ranch on Big Elk, in this county. The Colonel has not been in good health for the past few months, and his physician has ordered him to try the country life for a change, a prescription that he is not at all loath to take.

J. J. Gaither, formerly chief clerk at the Siletz agency, has received an order transferring him to the Yakima agency in Washington. The transfer is made under the civil service rules to which Mr. Gaither is subject to. The assistant clerk at the Yakima agency has been transferred to Siletz. The transfer brings to Mr. Gaither an additional \$100 a year salary, and the Yakima agency is said to be a very pleasant place. During his four and a half year's service at Siletz Mr. Gaither has proven himself to be an efficient and trustworthy employe, and has also been a very popular one with all parties. We regret to see Mr. Gaither and his family leave here, but hope for them that their lines will be cast in pleasant places in their new location.

And so at last our friend Col. N. Snow has come to grief. Last Sunday he went fishing, contrary to the rules of the Sunday school, and he met with an accident. The story goes that he was engaged in pulling the victims out of the stream at a place called the "sucks" on Depoe slough. All at once he got what he thought was a big bite and tried to stand up in the boat to land his fish. By mistake he got one of his feet about one foot to the side of the center of the boat and the heavy weight thus thrown on one side was too much for the boat and over it went, and Col. Snow took a plunge bath in the deep chilly waters of the Depoe. After crawling out he swore his companion to secrecy and walked home; no more boat for him.

NEURALGIA cured by Dr. Miles' PAIN PILLS. "One cent a dose." At all druggists.

Judge Hufford was over from Corvallis this week on business.

O. D. Clark, of Seal Rocks, was doing business in Toledo Wednesday.

J. Ofstadahl and Albert Waugh, left last Monday for Portland and other valley towns.

Lots of goods have been sold in the last month at TELLEPSON'S Yaquina, but the store is just as well filled up. Get your supplies while you can get a bargain.

D. S. Brotherson was down from his Little Elk ranch the first of the week. He brought down a few eggs—forty dozen—which he disposed of in the market here.

Jacob Blaser has been removed as postmaster at Ona, and Thomas Harrison has been appointed to fill the vacancy. Mr. Blaser's politics were of the wrong brand.

Mrs. M. E. Peairs and children left for Corvallis, last Saturday, where they will join Mr. Peairs, who has a situation in Kline's store at that place.

C. H. Ruhl was over from Siletz last Wednesday. Charley is clerking for Mrs. Copeland, and he is looking as hale and hearty as if it agreed with him.

Harry Denlinger returned from a preliminary scouting trip throughout the second district the first of the week. He says that the outlook is bright for the Union ticket.

Ezra Hammersly, of the upper Alsea valley made proof upon his homestead before the county clerk last Saturday. He was accompanied by Floyd and David Carnus as witnesses. These young men are building up homes in that part of the county. They came over the Fall Creek road and trail, this greatly shortening the trip to the county seat.

The Union club meeting at Elk City last Monday night was visited by several of the local Union candidates. The regular order of business was dispensed with and short addresses were made by the candidates present. The principal address of the evening was made by Harry Denlinger, and it was a very able impromptu address, and he received the compliments of all present. The meeting was well attended and was enthusiastic. The Elk City boys are in good shape all along the line.

R. A. Abbey, of Elk City, had the misfortune to lose his house with almost the entire contents by fire last Monday. The fire was first discovered about noon, and when discovered had gained such headway that it was beyond control. It first started in the north side of the building in the roof, but whether inside or outside of the roof they do not know. The whole roof and upper part of that side of the house was on fire before help arrived, and although everybody in Elk City turned out and did what they could, the fire could not be checked and all that could be done was to make an effort to save the contents. In this they were partially successful, but the greater part of their household belongings were lost. They were able to save the most of the things out of the kitchen, and a small part of their bedding, but were not able to save much else. Two of the bed rooms they were unable to enter at all and from the parlor they were only able to get out the organ and two pictures. The loss falls quite hard on Mr. Abbey and his family. He has another small house on his farm that he will move down and occupy, and in the work of moving he is being helped by the always sympathetic people of Elk City. A purse was also made up to help him in getting his home started again and this has been liberally signed by the many friends of the unfortunate people.

SPINAL weakness easily cured by Dr. Miles' Nerve Plasters.

Dr. Turner and Sam Center were over from Siletz yesterday.

All kinds of grass seeds and fresh garden seeds, at Krogstad's.

Wm. Mackey left for Independence this morning, where he will make a stay for a time.

Ole Crogin, of Bottineau, N. D., wants to keep posted on Lincoln county, and has taken the proper course by placing his name on the LEADER list for a year.

Thos. Stakely, now of Polk county, but formerly of this, has been granted a pension of \$6 per month. This is a pension that will go to a worthy and deserving soldier.

Lester Waugh returned last Sunday from a trip to the valley. He had bought up and drove a band of young cattle from this place to near Eugene. Lester is getting to be quite a stockman.

The Oregon City Enterprise is the best supplied paper in the state for editors, outside the city of Portland. It has an editor and proprietor a business manager and a political editor. It is probable that the right men might get positions on the Enterprise as snake editor and horse editor.

Last Saturday the republicans held a sort of a local ratification meeting at Elk City, at which the candidates for the various county offices appeared and took parts. It was something, so it is said, in the nature of a menagerie, with the candidates as the animals. Our informant does not inform us just the nature of the exercises of the day.

In holding the contract between the old county court and the clerk and the sheriff to be valid, the district court has again set a limit upon the powers of a county court, and holds that they can't go back and upset contracts made in good faith and divived up to by the parties thereto. If this thing keeps on it will soon be so that county courts will be held to be subject to laws the same as other people and officers.

I was reading an advertisement of Chamberlain's Colic' Cholera and Diarrhoea Remedy in the Worcester Enterprise recently, which leads me to write this. I can truthfully say I never used any remedy equal to it for colic and diarrhoea. I have never had to use more than one or two doses to cure the worst case with myself or children.—W. A. STROUD, Popo-moke City, Md. For sale by O. O. Krogstad Druggist.

The war spirit has struck the old soldiers of Toledo and vicinity. This week Capt. Sturdevant circulated a muster roll among his old comrades and has obtained some fifteen or twenty names thereto. This roll pledges the service of the signers thereto to place themselves under the commander of the G. A. R., of the state of Oregon, to protect and guard the ports, harbors and defence of the state against the Spaniards and all other foes. All the old soldiers to whom the roll has been presented have signed it, and on the list there are two of the boys who wore the gray. No North, no South, but one country, one flag, and one band of fire-baptized heroes who will stand shoulder to shoulder in defence of the land we all love.

Tetter, Salt-Rheum and Eczema. The intense itching and smarting, incident to these diseases, is instantly allayed by applying Chamberlain's Eye and Skin Ointment. Many very bad cases have been permanently cured by it. It is equally efficient for itching piles and a favorite remedy for sore nipples, chapped hands, chilblains, frost bites and chronic sore eyes. 25 cts. per box. For sale by O. O. Krogstad Druggist.

Dr. Cady's Condition Powders, are just what a horse needs when in bad condition. Tonic, blood purifier and vermifuge. They are not food but medicine and the best in use to put a horse in prime condition. Price 25 cents per package. For sale by O. O. Krogstad Druggist.

Sheriff Landis made a business trip to Albany the first of the week.

S. Wesolowski and Mr. Woodruff were up from the lower Siletz country this week.

Deputy U. S. Marshal Humphrey went over to the Siletz yesterday and arrested an Indian woman, Mollie Johnson, on the charge of taking whiskey upon an Indian reservation. She was taken to Newport last night where she was to be tried today on the charge. The arrest is the outcome of the trial against a Newport party some time ago on the whiskey to Indian charge.

"A word to the wise is sufficient" and a word from the wise should be sufficient, but you ask, who are the wise? Those who know. The oft repeated experience of trustworthy persons may be taken for knowledge. Mr. W. M. Terry says Chamberlain's Cough Remedy gives better satisfaction than any other in the market. He has been in the drug business at Elkton, Ky., for twelve years; has sold hundreds of bottles of this remedy and nearly all other cough medicines manufactured, which shows conclusively that Chamberlain's is the most satisfactory to the people, and is the best. For sale by O. O. Krogstad Druggist.

Austin Rosebrooks' folks are in receipt of a letter from Grandma Rosebrooks, from Palo Alto, California: that pictures a distressing state of affairs there. The letter says that it is extremely hot and dry there. In fact the whole country is burnt up by drouth, and the only green vegetation to be seen is where the ground is irrigated. Farmers and stockmen are killing off their stock to keep them from starving, it being more humane to kill them than to let them starve on sun scorched, barren fields and meadows. She also says that Mr. and Mrs. Dedrick who went with her to that place is having very hard luck. A short time after arriving there Mr. Dedrick, who was unused to the hot, dry weather, became overheated and suffered a sunstroke, and has been confined to his bed the most of the time since. He has been only able to secure three days work since his arrival there. Grandma Rosebrook says that after all there is no place like Oregon, and she is quite right.

A. L. Chitwood, was in town yesterday with a grievance, and a very proper one. He complains that some parties have been setting off fires in his vicinity and considerable damage has been done thereby. On Mr. Chitwood's place there have been two fires set out already this spring, and in both instances the fire has run over ground on which he has grass seed sown. This means that the seed sown there is destroyed. He has scattered several dollars worth of grass seed on the hillside of his farm, during the past winter and this spring, and he does not relish the idea of losing all his labor and money expended. The law upon the starting of forest fires is very stringent, and some of these careless hunters and others who have been carelessly starting fires had better exercise more care. The farmers that are trying to get their places fenced and set to grass will turn some of these days and prosecute some of these fire starters.

### Died.

JOHNSON—At Morrison, Oregon, on Monday night, April 25, 1898, Mrs. Elizabeth Johnson, aged 51 years.

The deceased was a daughter of Mr. Jas. Williams, one of the old and respected settlers of this county. Her illness was of short duration. She was an estimable woman, and was greatly liked for her many good qualities. The remains were taken to Gaston, Washington county, for burial.

John Loomis, Jr. and Lee Williams were up this week from Newport looking over the Gowell stock of general merchandise.

Mr. and Mrs. Albert Hoskins returned last week from California, where they have been several months. We are sorry to note that Mrs. Hoskins' health is still poorly.
