

"Vacation Suggestions" is the title of a handsome booklet issued by the Newport people, under the supervision of Mr. S. G. Irvin. This little booklet is a handsome pocket-size edition, and contains a write-up of the many and various places of interest to the pleasure and health seeker in and adjacent to Newport. The book contains many handsome half-tone pictures of places of interest on the bay. It is a handsome and valuable little work and ought to be of great benefit to Newport and vicinity.

An Isthmian Canal.

Admiral Walker's promise of the report of the Nicaragua Canal Commission in the near future, his statement that the project of building the canal is "entirely feasible," and that the cost would be "about \$125,000,000," find the public mind prepared to be interested in an isthmian canal as it was never interested before.

The long journey of the Oregon from San Francisco to Key West was an object lesson of the most impressive character. It brought home to every American citizen the necessity for an isthmian canal to bring our Atlantic and Pacific coasts within about one-third the distance each of the other that they are now.

The canal must be built. But it must be put in the best possible place and by the best possible agencies. We must make haste about it as soon as Mr. McKinley decides to close the war. But we must make haste slowly.—New York World.

Col. W. J. Bryan at the head of a gallant Nebraska boys has been assigned to Manila, and still there is a despicable portion of the press of the country that are still attributing all the evil intent possible to Col. Bryan because he led the free silver forces in the last campaign, and because he is brave enough to go to war for his country. Such expressions are dishonest, disloyal and traitorous. Col. Bryan is a soldier of the United States, and will fight to uphold his flag, and as such his political beliefs cannot be called into question. When such organs as the New York Sun and the Oregonian continue to utter such malevolent expressions they are anything but patriotic.

The people of the bay and west of Corvallis are just now in rather an unenviable situation as regards freight shipments to and from San Francisco, from which point much of their merchandise is obtained. This freight is now carried by Yaguina to Portland, thence it comes by rail or river steamer to Corvallis, and from here westward by the C. & N.—Times.

It is said the ballot-boxes for Clatsop precinct, Harney county, were delivered to one of the judges, but he did not bring them to the polls on election day. The voters of the precinct made their own ballots, voting only the county ticket, sealed them up in an oil can and sent them to the county seat.

Science is "knowing how." The only secret about Scott's Emulsion is years of science. When made in large quantities and by improving methods, an emulsion must be more perfect than when made in the old-time way with mortar and pestle a few ounces at a time. This is why Scott's Emulsion of cod-liver oil never separates, keeps sweet for years, and every spoonful is equal to every other spoonful.

In other emulsions you are liable to get an uneven benefit—either an over or under dose. Get Scott's.

SCOTT'S EMULSION has been endorsed by the medical profession for twenty years. It is always reliable—always uniform—always contains the purest Norwegian Cod-liver Oil and Hypophosphites.

Put up in 50 cent and \$1.00 sizes. The small size may be enough to cure your cough or help your baby.

Chronic Diseases Cured

AFTER suffering for years with a chronic disease, I was cured by Dr. Miles' Medical Co. I was a constant sufferer from a weak stomach. I had indigestion, dyspepsia, constipation, and a general feeling of weakness. I was treated by many physicians, but no relief was obtained. I was treated by Dr. Miles' Medical Co. and I was cured. I was cured of my chronic disease. I was cured of my chronic disease. I was cured of my chronic disease.
