One of the west-bound passengers on Wednesday evening was Will Peek, on his way home from Fort Wrangel, Alaska, where he has been for several months. As we did not catch sight of his genial phiz until the train was pulling out, we did not get an interview out of him.

Elk Lodge No. 134, of Elk City, and Twilight Rebekah lodge of the same place, will hold a joint public installation on the evening of July 1st. The elective officers to be installed by the Odd Fellows are Dudley Trapp, N. G.; Dr. Carter, V. G.; Chauncy Trapp, secretary, and E. M. Mays, treasurer.

The case of E. D. Young, the late assistant postmaster at Eddyville, who is charged with using cancelled postage stamps, will be tried in the United States court at Portland this week. He will be defended by Judge Dell Stuart. The defendant has asked for a continuance until he can get his witnesses from Eddyville, and the continuance will probably be granted.

We want some of our fruit-growers to bring us samples of cherries of different varieties for the Lincoln county exhibit, to be made at Portland this fall. Bring about a quart of each variety, and leave the stems on, and will preserve and arrange them for the exhibit. We would also like to have samples of other fruits, grasses and grains as fast as they mature. If our people will take an interest in this matter we can make an exhibit from the fertile and productive county of Lincoln that we may all feel proud of, and from which the county will reap much benefit.

When praying for your daily bread there is no harm in asking that it be made of the best flour, which is the Red Crown. The Yaq. Bay Merc. Co. has it.

Four or five tracts of land can be had at reasonable prices by calling on or writing to me. PETER TELLEFSON, Yaquina, Oregon.

If you want to buy a new dress, look over the dress goods, gingham, outing flannels and calicos at Tellefson's Cash Store, Yaquina City.

Albert Meaker, Ben Jones, Hurley Lutz and J. F. Stewart were Toledoites that journeyed to Corvallis last Monday on various business trips.

Fred Bixsell has sold his place at the mouth of Mill creek just above Toledo, to Louis Walewski, a newcomer that arrived here recently. They will move onto the place at once.

The Siletz baseball club will go to Dallas and play a matched game on the 4th of July. The Siletz boys are good players, and will make whoever they play with get in and hustle if they expect to win the game.

Several parties from this county will go to Eastern Oregon to get work in the harvest fields soon. Wages are reported to be good there and work plentiful. It may turn out like a great many of the other stories that come here about lots of work and big wages at some place way off.

G. T. Smith brought a sample of strawberries to this office from his farm near Storrs last Wednesday that are simply superb. A dozen of them fills a quart jar. They are of the Sharpless variety, and they reflect credit upon the country they were grown in and the man that raised them. We have preserved them in alcohol, and they will make up a part of Lincoln county's exhibit at the Portland Exposition this fall.

The celebration committees of this place are getting their work well up, and the prospects are good for a big celebration. A big feast of clams, a roast beef, and a big time generally will be had. Col. Allphin is getting his Plug Uglies in good shape, and they will undoubtedly be a great hit. The Silver Star Brigade, under Capt. May Lewis will be an interesting feature. Altogether the program will be a good one.

The steam Schooner Miami, of Tillamook, made its first trip to Toledo yesterday, coming up on the tide under the skillful pilotage of Bob Campbell and entering the slough and landing at the wharf without a single mishap, and with plenty of water. She brought up considerable freight for Toledo merchants. The Miami is making regular coasting trips from Portland, entering all the bays on the coast as far south as Coos bay. She carries freight to and from all points to Portland, and does towing at all the points where there is any towing to be done. Just what success the boat will have in running into Yaquina bay in opposition to the railroad is somewhat problematical, as yet.

M. F. Phillips, the Siletz merchant, was over from that place yesterday.

Mr. Adair, a newcomer from California, has bought a piece of land in Run Bottom from Miss Lizzie Graham.

The Silver Star Brigade will give an exhibition drill at Jones' hall tomorrow night. This is an organization of young ladies, and their drill work is said to be very fine. A small admission fee of 10 and 15 cents will be charged to meet the expenses of the exhibition.

Charley Winant and Mr. Seidler drove up from Newport last Wednesday. They had some sort of a collision on the road, which resulted in an overturned cart and the spilling of out of both occupants, but as they requested that the matter be kept quiet we will say nothing about it.

In the call for county warrants issued by the county treasurer and published in this paper last week the types made the call read for warrants issued up to August 1898, when it should have been to August, 1895. As a consequence some warrant holders have presented warrants only to be disappointed. The corrected notice appears this week.

Mr. Felix Fremery, the gentleman who has been investigating the prospects for the culture of hemp, gave an interesting lecture upon that subject at the court house last night. Mr. Fremery is thoroughly informed upon the culture of hemp and other fibre products, and his lecture was very interesting. He is strongly impressed with the climate and soil of Lincoln county as being perfectly adapted to the culture of hemp, and he will make strong efforts to get the growth of hemp established.

Mr. and Mrs. C. L. Gowell returned to Toledo last Saturday from an extended trip throughout the east. They visited, during their absence Mr. Gowell's old home in Massachusetts, and relatives at many eastern points. On their return trip they stopped for a couple of weeks and visited relatives in Chicago. It had been several years since Mr. Gowell had visited his old home, and naturally the visit was a very pleasant one. He talks quite interestingly of the many points of interest visited during their trip. He says that one thing that he noticed particularly throughout the east was the lack of advertising matter for Oregon, as compared with that displayed by California or Washington. He visited the Omaha exposition on his return trip and saw the sights displayed there. Oregon has an exhibit in that place, but it is not in keeping with the magnificent resources of the state. The only product he saw in the exhibit from Lincoln county was a sample of Pioneer sandstone that had been taken from the Board of Immigration rooms at Portland.

N. L. Guilliams brought a raft of logs from Pool's slough to Gregson's mill last Monday.

A circular has been mailed to us by Secretary Gage giving full information how to bid for the new war bonds soon to be issued. The information is very interesting and will be very valuable to some people. But we are prevented from bidding on these bonds for the reason that they wont sell more than \$500 in a single bond to individuals and we don't care for such small amounts; it's too much trouble to collect the interest.

The entertainments given at the court house each evening during the Institute have been very pleasant and profitable. On Wednesday evening State Superintendent Irwin delivered an able and instructive lecture. Supt. Irwin is an able and eloquent speaker, and his address was closely listened to by the audience. On Thursday night the exercises were opened with music by Rosebrook's orchestra. This was followed by a lecture upon the culture of hemp, by Mr. Felix Fremery. Miss Jessie Buoy sang a vocal solo in a very charming way, and Miss Minnetta Magers gave a recitation. State Superintendent Irwin made an interesting talk. The program was interspersed with excellent music by Rosebrook's orchestra.

Bad management keeps more people in poor circumstances than any other one cause. To be successful one must look ahead and plan ahead so that when a favorable opportunity presents itself he is ready to take advantage of it. A little forethought will also save much expense and valuable time. A prudent and careful man will keep a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house, the shiftless fellow will wait until necessity compels it and then ruin his best horse going for a doctor and have a big doctor bill to pay, besides; one pays out 25 cents, the other is out a hundred dollars and then wonders why his neighbor is getting richer while he is getting poorer. For sale by O. O. Krogstad Druggist.

CALL FOR COUNTY WARRANTS.

Toledo, Ore., June 17, 1898.

J. L. HYDE,

Treasurer of Lincoln county, Ore.

I was seriously afflicted with a cough for several years, and last fall had a more severe cough than ever before. I have used many remedies without receiving much relief, and being recommended to try a bottle of Chamberlain's Cough Remedy, by a friend, who, knowing me to be a poor widow, gave it to me, I tried it, and with the most gratifying results. The first bottle relieved me very much and the second bottle has absolutely cured me. I have not had as good health for twenty years. Respectfully, MRS. MARY A. BEARD, Claremore, Ark. Sold by O. O. Krogstad Druggist.
