Editor LEADER:

The above item appeared in the Corvallis Times the 19th under head of Little Elk Items, and was written by G. F. Luckey, who was recently defeated for county commissioner. If this silver-tipped angel did not change his politics oftener than his shirt he would fare better. I am 70 years old and have always been a democrat and I am proud of it. I never was connected with any reform parties or their late union or any of their resolutions of economy as expressed but never carried out. I expect to live long enough to see all pops placed on reservations, or better, give the Indians citizenship and the pops their places. I voted the democrat ticket forty years before some of these calamity-howlers were born. Yours for democratic principles, M. J. ALLPHIN.

Hand Car Jumps.

Foreman Jim Brown's bridge crew departed from this place Monday morning to work on a bridge near the tunnel. Dr. Carter dressed and properly cared for the arm, but Ev. will do no work for a long time. The injury will require more time for healing than would a straight-away break.

I got so bad with nervous prostration that I had to give up and commence to doctor. I tried our local physicians and one in Joliet, but none gave me any relief and I thought I was going to die.
