LINCOLN COUNTY LEADER.

—W. L. DAVIS, Editor.—

FRIDAY, FEBRUARY 3, 1899.

LOCAL IN BRIEF

The Druggist.

"There once was a druggist named Wood Who would substitute when e'er he could. Once a customer cried "My wife here?" He replied "No. I've got something else just as good."

Ladies' night at the Club Parlors this evening.

Geo. A. Landis went to Newport Tuesday evening.

Mrs. C. G. Copeland returned from a visit to Portland Tuesday evening.

About an inch of snow fell Tuesday night, but only remained with us a few hours.

M. L. Trapp spent Sunday in our city, getting acquainted with his wife and baby.

The baby of Mr. and Mrs. Henry Lewis is very ill. Teething complications are the cause.

B. F. Jones departed Monday for Salem where he has business before the state school land board.

Moses Gregson, our saw mill man, departed for Philomath Wednesday morning on business, intending to return tomorrow.

Attorney W. S. McFadden lost a son by la grippe the day after he left Toledo—Saturday. He has the sympathy of many friends here.

Prosperous business men always advertise. This is true. Advertising is just as necessary as the stock on the shelves to a prosperous business. Both should be purchased with judgment, but they must be purchased.

Jack Allphin is now immortal without a doubt—his picture, with a short pen biography, has been printed in the Oregonian and that settles it. There are several pioneers in this vicinity, who should have a place in the Oregonian's gallery of Oregon pioneers.

John Ofstedahl has been busy this week clearing his residence lots north of the court house. He will build a dwelling on them during the coming season, and will have a very desirable location for a home. John has no complaint to make at this part of Oregon.

Capt. Charles Lutjens, one of the best known men in this vicinity in years gone by and one of the most successful seal hunters on the Pacific coast, passed through Tuesday on his way from San Francisco to Newport, where business matters concerning the cannery called him.

Judge Stewart departed for the Valley Monday to purchase creamery machinery. Thursday morning Sam'l Center followed him, doubtless to confer with him upon its purchase. Nothing is more needed now in our city than a successfully conducted creamery and a small bank. Both are badly needed.

Eggs are high and tending higher in price, so now is the time to make your hens lay by giving them some of Krogstad's Egg Food. Only 25 cents per pound.

If you want a Suit made to order just come in, select your goods and we guarantee a fit, whether you are thick or thin, tall or short.

YAG. BAY MERC. CO.

Chitwood Chips.

This morning we find "Old Mother Earth" with "her night cap on." Just enough to make the ground white. The most we have had this year here and we expect it will be gone before night.

As far as we can learn all those afflicted with the grip are convalescing. Uncle Jimmie and Aunt Margaret Chitwood are much better, but improve slowly. Grip is hard on old people.

Last Sunday some dogs chased a deer down to the railroad water tank, caught and killed it, then went off and left it, where it still lies unskinned and unclaimed. It looks like a fine 2-year-old doe. It is said the dogs were quite sick when last seen. This seems to be a very unhealthy locality for dogs at this season of the year—that is, dogs that chase deer. It was indeed pitiful to hear that poor deer bleat and try to get away. It was enough to almost stir a heart of stone. The dogs tearing into its flesh while yet it lived. People who own dogs that they know will run deer when they get out ought to keep them tied up at home. It is a shame for the deer to be killed off that way and no one to get any good of them. Such persons could be severely punished by law. We hope this will be the last time the like will ever occur in this neighborhood.

February starts in with a "fury," but we hope that fury will not last long.

Claude Wilson seems to be having a hard time getting over the grip. It seems to affect his lungs.

SKOOKUM TUM TUM.

In Clothing, we have the biggest drive of the season. A good solid woolen suit for \$5.00, better grades \$6, \$7.50 and \$10.

YAG. BAY MERC. CO.

FOR SALE.—I have now on hand plenty of good baled hay for sale. Those in need will know where to buy.

Send THE LEADER to a friend.

From Our Pastor.

We regret being unable to fill our appointment in Eddyville and Chitwood this week—the first fail in the work.

Chapel exercises were well attended Sunday morning at Siletz. The music by Mr. Mrs. Betz and Miss Holmes, assisted by the congregation, was good. It is a delight to look into the children's faces and observe their splendid deportment. Great credit is due the earnest and efficient corps of workers at the Agency.

The supper given during court week by the L. A. S. was a success socially, and financially \$17 in the treasury. Mr. Rosebrooks is very fond of clam soup; four dishes, O, My!

Choir practice to-night.

January 17th our lantern was taken from the freight room of the depot. If the party having the same will return it, they will receive the usual reward and no questions asked.

Miss Mary Buford was quite sick when we took our departure from Siletz Sabbath.

Rev. Lowther of Corvallis, delivered an excellent discourse in the M. E. church in Toledo Sunday morning. He assisted in the services in the evening. A full house greeted us. The song service with organ and violin accompaniment was good. Come, everybody!

Mr. and Mrs. Hyde are greatly missed at all our services. We hope they will be able to be with us again soon.

A letter from Dr. Ford of Eugene, states that his limbs are healing rapidly.

WEATHER REPORT.

The following is a summary of the weather for the month of January, taken at the Toledo observing station:

TOLEDO PUBLIC SCHOOL.

Several of the pupils have been absent this week, but we hope that they will all have good reason for doing so, for we certainly would not like to say of any of our school-mates that they are so lazy that they would not come to school, because then they would have to study. There can be nothing more interesting than our school.

Chas. Hyde returned to school on Monday. He has been absent for some time, having to wait on his sick parents.

Miss Taylor was very glad to see Nora Krogstad back to school again. Nora has been sick for several weeks.

Professor Lowther, Geo. Chambers and Mrs. Copeland were visitors in the intermediate room last week.

Miss Taylor is preparing a program to celebrate the anniversary of President Lincoln's birthday.

Miss Collison's pupils have nearly all returned to school again, although they cough quite hard yet.

Professor Lowther made a short visit in Professor Holm's room Thursday, January 26. He entertained the school for a short time by singing two songs, which the whole school appreciated.

Most of the eighth grade are preparing for the teachers' examination next week.

We are very glad to say that a large number of the patrons of the school visited us last Friday; and we wish to thank them for their kind attention and words of encouragement.

A SCHOOL GIRL.

The greatest danger from La Grippe is of its resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for la grippe we have yet to learn of a single case having resulted in pneumonia which shows conclusively that this remedy is a certain preventative of that dangerous disease. It will cure la grippe in less time than any other treatment. It is pleasant and safe to take. For sale by Otto O. Krogstad, druggist.

Be kind to your friends; tell them to read THE LEADER, sure.
