I Was Completely Helpless With Rheumatism

Could not move, the least bit of a jar would make me shout with pain. I was afraid I should be a cripple for life, as prescriptions did me no good. Finally I sent for a bottle of Hood's Sarsaparilla which helped me much and two bottles more put me on my feet so that I could walk without crutches. I was soon well enough to work on my farm.—W. H. RHEUMATISM, SCIATICA AND CATARRH

Cured by "5 DROPS" Three Years Ago.

DOCTORS PRONOUNCED HIM INCURABLE

He is still well and writes, on Oct. 10, 1888: "I feel it a duty that I owe to God and suffering humanity to announce to you and all the world what '5 DROPS' has done for me."

SIBERIA, PERRY CO., IND., JAN. 23, 1886.

SWANSON RHEUMATIC CURE COMPANY:—I would like to thank you for your great remedy, "5 DROPS," and tell you what it has done for me. I had Rheumatism in every joint and in the heart, and I had Catarrh of the Head for 30 years. I was so poorly that I lost the use of my legs and arms, and could not move without pain. I was so crippled that I had done but little work for seven long years, and our family physician, a good doctor, told me that my Rheumatism and Catarrh were incurable, and I believed him. But now, AFTER USING "5 DROPS" ONLY TWO MONTHS, I can truly say I HAVE NOT FELT SO WELL FOR SEVEN YEARS. This medicine does more than is claimed for it. At this time my Catarrh is much better and I have scarcely any Rheumatism at all, and the heart weakness and pain are gone. My hearing is now good and my eyesight is much better. I have gained more than 10 pounds of flesh and can do a full day's work. It is the best medicine I ever saw to give a mother who has a young child, for it has the same effect on the child as on the mother. It wards off Croup and cures the Hives of the child, and causes sweet and refreshing sleep to both young and old. WM. M. KELLEMS.

SIX TESTIFY TO ITS TRUTH.

In a letter of October 10, 1888, from Mr. Kellems, he says: "I feel it a duty that I owe to God and suffering humanity to announce to you and all the world that I am yet in the ring with untold thousands of others, to testify to the great merits of your valuable remedy called '5 DROPS.' I believe I was the first sufferer in this part of the earth to learn of the existence of '5 DROPS,' some three years ago. I was then badly afflicted with Rheumatism, Catarrh, etc., which my letter of Jan. 23, 1886, fully speaks of. All I can say is '5 DROPS' cured me. To make a long story short, '5 DROPS' needs no recommendation in this part of the country, as everybody knows the '5 DROPS' remedies around here. IT HAS CURED more cases of Rheumatism, Sciatica, Neuralgia and many other pains than any other medicine that has ever been sold or heard of. For the last three years I have noticed the effect '5 DROPS' has on the sick, through my own observations as well as my brother, who is a practicing physician, and USES THE '5 DROPS' IN HIS PRACTICE. All ye that wish for further information, write and you are sure to get a reply without any delay. I will (as I have done in this letter) cheerfully recommend it to any one that I may come in contact with. I myself can never forget what this remedy has done for me and many others. Yours very truly,

Witnesses to the above: Jas. Brady, J. R. Cox, E. R. Huff, S. Taylor, Dr. S. W. Kellems, Jno. Hays, all of Siberia, Ind.

Probably the oldest living bicyclist is a woman in County Essex, England, aged 93, who is an adept rider and whose sprightliness is astonishing. Even after dyspepsia, indigestion, biliousness and constipation have secured a foothold and become chronic, the Bitters will afford speedy relief.

Cow on the Track.

A tourist, who has just returned from South Africa, tells the following anecdote: "On one of the railways—slower than those of Spain—the train crawling along at the rate of six miles an hour, was suddenly brought to a standstill. 'What's the matter, guard?' was the anxious query of a passenger. 'Oh, sir, only a cow on the track.' The obstruction having been removed, the train steamed on, and at the end of an hour the train once more stopped. 'What's up now, guard?' the passenger again asked. 'Is it another cow?' 'No, sir, no,' was the prompt reply; 'same cow, sir.'"—Chicago Journal.

ECONOMIC COMMISSION FOR UNCLE SAM'S COLONIES.

The new colonial commission, which is to have general supervision of the affairs of the Philippines, Porto Rico and Cuba, is composed of three men from the three States of Ohio, Michigan and Massachusetts. Gen. Robert Patterson Kennedy is the former Congressman from the Eighth District of Ohio. He served in the armies of West Virginia, the Potomac, the Cumberland and the Shenandoah. When he was mustered out he returned to his home at Bellefontaine and became a lawyer. He was internal revenue collector in 1878 and lieutenant governor of Ohio in 1885. He is prominent as a jurist in Ohio. Charles W. Watkins, of Grand Rapids, Mich., has been long well known to Secretary Alger, who feels he can rely implicitly on the sound judgment of the colonial commissioner from Michigan, as well as on that of the two other gentlemen who make up its personnel. The third member of the commission, Lieut. Col. Curtis Guild Jr., of Boston, is engaged in Cuba as inspector general on the staff of Gen. Lee. Col. Guild is a son of the editor of the Boston Commercial Bulletin and is well known in Massachusetts.

The commission's headquarters will be located in Washington. The peculiar functions of the commission will be more economic than political. They will concern the granting of franchises, the supervision of public works and of engineering enterprises, which are now rapidly multiplying in the new territories, with a promise of development in the future that is not less than appalling to the war office.

GOVERNOR OF PENNSYLVANIA.

His Rise from Poverty and Obscurity to Wealth and Distinction.

When Hon. W. A. Stone, newly elected Governor of Pennsylvania, took the oath of office and assumed the reins of State government there entered the executive mansion at Harrisburg a man who has climbed to his present high position over unusual obstacles of poverty and difficulties and who may truthfully be called "a self-made man." His parents were Pennsylvania

farmers, highly respected, but poor. Through all of the early years of his boyhood he had but three months of each year at school, and that a little country one; the remaining nine months he bore his share of the burdens incident to a farm. At 17 he enlisted in the war, and came out, at the close of hostilities, two years later, a second lieutenant. Then for several

was not nearly so pretentious as the executive mansion, of which we present our readers a picture, but during the eight years in which Gov. Stone was in Congress it was always a favorite resort with society, and Mrs. Stone's dinners and receptions were among the notable ones of the season.

Gov. Stone has been married twice. By his first marriage there were two children, Stephen Stone, a Pittsburg attorney, and Mrs. Hickling, of Washington. As Miss Harriet Stone, Mrs. Hickling was one of the capital's reigning belles, her sweet disposition and womanly graces making her then what she is now, a great social favorite. She married Dr. D. P. Hickling, an eminent physician of Washington, and they have two bright little ones, a dainty daughter of 4 and a robust boy of 2. By his second marriage Gov. Stone has had six children, four of whom are living. Miss Jean, a vivacious girl of 14 and her younger sister, Miss Margaret, are attending boarding school at Lake Forest. John, a handsome lad of 12, is very like his distinguished father both in looks and manner, while Isabella, the baby of 7, completes this interesting family group.

Curiously enough, this percentage of defective eyesight steadily decreased with the age of the pupils. The percentage of normal vision was found to be as follows in the different grades: First grade, 35; second, 41; third, 47; fourth, 49; fifth, 48; sixth, 48; seventh, 54; eighth, 56. No explanation is offered for this improvement in eyesight with age and the use of the eyes under school conditions. It was found, however, that many blackboards and maps in the schools were not placed in the proper light, and the report of the oculists recommends yearly examinations hereafter of the pupils' eyesight; also the adoption of a uniform system of adjustable seats and desks adapted to the heights of the children.

Bible Kisses.

There are eight kinds of kisses mentioned in scripture: Salutation (1 Sam. xx. 41, 1 Thess. v. 26); valediction (Ruth i. 9); reconciliation (2 Sam. xiv. 33); subjection (Ps. ii. 12); approbation (Prov. xxiv. 26); adoration (1 Kings xiv. 18); treachery (Matt. xxvi. 49); affection (Gen. xiv. 15).

HILLIS GOES TO BROOKLYN.

Chicago's Brilliant Preacher Called to the Pulpit of Plymouth Church.
Chicago's brilliant preacher has been called to the pulpit of Plymouth Church, Brooklyn, made famous by Henry Ward Beecher, and recently vacated by Lyman Abbott. The friends of Rev. Dr. Newton Dwight Hillis expect that he will achieve the same measure of renown and popularity as did the illustrious men whom he succeeds.

Dr. Hillis is a native of Iowa and 40 years old. He was educated at Grinnell Academy, at Lake Forest Univer-

sity, and at McCormick Seminary. For three years after leaving his theological studies he was pastor of the First Presbyterian Church of Peoria, Ill. Within that time he built a new church at a cost of \$50,000. From 1890 to 1894 he preached from the pulpit of the First Church of Evanston, Ind., where he likewise appeared a new church building. In December, 1894, he succeeded Prof. Swing, of Central Church, Chicago. The new pastor of Plymouth will preach in Brooklyn the same creed he has preached in Chicago. It is the creed of broadest Christianity and humanity, the creed of Beecher. Dr. Hillis is also a writer and has been well called "the poet-preacher of the end of the century."

"PROPHETESS OF EVIL"

The High Priestess of the Dreyfusards Predicts France's Ruin.

Georgiana Weldon is the latest Parisian sensation. She has written a pamphlet which involves those army men who have said that Dreyfus is guilty, and in which she predicts the downfall of the nation.

This woman has been the scourge of a few great men in her time and the puzzle of courts and specialists in psychology. In 1872 she was a concert singer in London, and on the occasion of Gounod's visit there she spread the report that the German composer was

about to become a British subject. It was all Gounod could do to persuade his fellow countrymen to the contrary. She claimed Gounod's compositions as her own and secured a judgment against him for \$50,000 in the English courts. She sued Rochefort for libel, which she sued immediately on being released. She was sent to a convent, where she still resides, but there are Dreyfusards who desire to carry her through the streets of Paris in a chariot.
