HENRY LEWIS,

Visiting From Pointe.

A PORTFOLIO OF INTEREST TO EVERYBODY.

Let C. Powell of Ona, was Friday visitor in this city.

Fruits trees and crops in the entire district were damaged by severe cold weather not long since.

Now come to town and pay your taxes. It is the fashion and one might as well be dead as out of fashion.

Men's, Jack McCormick and S.A. Logan brought the creamery goods to Toledo Friday and returned the following day with the snow.

Remus Arnold has moved his stock of Racket goods and his household effects into the old building and now does all his business under one roof.

W. S. Ingalls of Newport called on Mrs. Lenz while its present were at work Friday. He came up on business housework, and reported the roads as anything but good.

The old-fashioned mist is in costume with a make walk on the side is the coming social event for Newport. It is to be given immediately after the expiration of Lent.

George McClintock and his sister came home from college at this month Friday night and will not return school year it is reported.

George has been in several weeks, being too ill to keep his school work.

Messrs. Mr. Turner, Dea. Sevier and Sam'i Carter came from our the Siletz Sunday. Doc was intending to leave for the East Monday morning but circumstances compelled him to forego the trip for the present. Siletz people do not like to see DeS. leave even for

Lester Waugh and family will move shortly to the Briges ranch at Yaquina Head, or more correctly Cape Foulweather, where they will make their home for the rest of the winter.

Joe Briges will move his family into Newport. Thus the changes are running from time to time, not rapidly but very certainly.

The tax roll for 1898 taxes was turned over to the sheriff Saturday for collection. Over a hundred letters have been received with letters and inquiries enticed previously and will now receive proper attention. Sheriff Ross duties will now be considerably increased and the county exchequer rapidly become pleasurable.

Ira Wade returned from his legislative work at Salem Saturday.

The time spent in that city has been worth much to Ira in the way of learning and besides, he has been treated much more kindly in his hearing.

He has been pleased that circumstances called him there. He will now turn his attention again to the old homestead.

The Marion county election fraud case is at a deadlock. All the evidence is in favor of the defendant but the directions are plain, he must take it and gravel not. If there has been fraud the guilty parties of whatever political complexion should be punished.

I. J. Pegin, or "Bill" as our people know him, was a Monday visitor in Toledo.

Englesea J. G. Holcomb was a passenger outward Monday but returned the same evening.

Deputy Sheriff Argyle P. Kegley of Polk county, made this city a visit the first of the week, departing for home Tuesday.

Daniel Zeilin of Biddyville, was a Saturday caller at this office, and trader in our city. May his shadow never grow less.

U. A. Allen Parker, one of the old-timers of this section, and Mike Mackey were Babbahc visitors in this city. We didn't see them at church, but might have missed them in the throng.

Ed Schenker, our city landlady, visited Yaquina Monday night, going there this evening and early claiming little daughter Myrtle home. She has been visiting at the home of T. W. Corman a few days since.

A few days since a young Harry Denlinger quietly slipped away to Independence and the first news we have of him is that he is all swelled up with happiness over a ten-pound boy. Mother and son doing nicely.

"The boys" started out Monday evening to meet Stoney Welford but no Stony was to be found. They played their times amid the sounds of revelry at several places in town, but had to give it up without having found their man.

Don't let your child acquire the habit of grumbling. Stop the first beginnings and it will never become a habit. If there is just cause of complaint, try to remedy it; if there is no possibility of improvement, teach that silent endurance is the best way to meet the inevitable. It is never wise to stay in a place and grumble. If the thing disliked cannot be altered, change your environment. If on reflection you decide that, abandoning one thing with another, you would rather bear the ills you know than try to others that you know not, bear them in silence. Ladies' Home Journal.

King Solomon a Warm Number.

An Illinois boy was asked to write an essay on Masonry, and here is what he wrote: "King Solomon was a man who lived in many years in the country that he was the whole place. He was not wise nor wise and one day two women came to him, each holding to the legs of a baby and nearly pulling it in two and each claiming it. And King Solomon wasn't feeling right good and said, 'Why couldn't the beast have twins and stopped this bother?' and then he called for his machine and was going to Weylerize the poor, innocent baby, and give each woman a piece of it. Then the real mother of the baby said: 'Simp, Solomon; say him, if I can't have a whole baby I won't have any.' Then Solomon told the women to take the baby and wash all the face, for he knew it was her. He told the other woman to chase the baby and catch it, which bore off baboon's trunk and was the author of Masons. He gave the women but twelve hundred and twenty four hundred lady friends, and that's why there are so many Masons in the world. My pa says King Solomon was a warm number and I think so myself."
