

LINCOLN COUNTY LEADER.

-W. L. DAVIS, EDITOR.-

FRIDAY, MARCH 10, 1899.

LOCAL IN BRIEF

Basket Social tonight. Tatom, the Dentist, the 20th. Buy a basket? Only 25 cents. Racket gloves are bargains. See them. Joe Ewing was visiting his parents Sunday. Will Ford carried the mail to Siletz Tuesday. Ladies' hosiery, bargains, at the Racket. Just in. Typewriter paper and supplies on hand at Krogstad's. Ex-Sheriff Landis made a trip to Albany Tuesday on business. The T. M. Richardson came up this forenoon for a load of hay. Wm. Tullock of Alsea, was in our city on business yesterday. The very latest designs in Wall Paper just received at The Racket. A church debt can be paid in no easier way than by helping the Ladies' Aid. The creamery building is roofed and almost ready for the placing of the machinery. Lester Waugh and family moved their new Yaquina Head home the first of the week. A line of Ladies' Notions received last night at The Racket. Up-to-date and real bargains. W. W. Bollen, it is reported, has resigned his position at the Agency and will depart about the first of April. Thus the changes occur. Samuel Center drove over from the Siletz Wednesday to bring Messrs. J. P. Huffman and Dr. Turner this far on their journey. Troy Mays came down from Elk City Wednesday and remained in our city the following day. He brought three fine saw logs to the mill. The Misses Lulu Burt and Elsie Martin went to Newport last night for a visit among friends a few days and to again fill their ears with the roar of the grand old Pacific. John P. Huffman of Corvallis, the mechanic who has the contract for building the hospital at the Agency, visited that place Wednesday to look after preliminaries. Arthur Rochester visited this city Wednesday. He doesn't meet with the boys as often as formerly and they miss his presence. He is still making his home at Elk City. A letter received by B. F. Jones from Wm. Mackey last night states that he had 250 pounds besides his blankets packed on a sled and was just leaving for Atlin Lake. This is the latest. Ben Jones departed for Albany early this week and returned Tuesday night quite ill. He has not been at his office since. His trouble is pneumonia or something very like it. Operator Bolles departed for Albany Wednesday morning, Mr. and Mrs. Buoy arrived home the evening previous. Mr. Bolles' injured limb needed better care than he could procure here. Mrs. H. Gannon and her two little daughters departed for Albany yesterday morning, where they will visit among relatives and friends for a few days. The change will do them all good after the sickness of the past winter. Bring your invalid incisors and molars to Dr. Tatom. He will be here the 20th and remain a week. Mr. Randall of Oregon City, is on his way to Toledo with his cattle as arranged for by his wife several weeks ago. It is thought they will lease the Blower farm. The lady will arrive by train when all matters are settled there.

Bro. Mathews and R. A. Bensell came to the capital on the T. M. this morning. Mrs. Kendall, matron of the Siletz Boarding school, has resigned, the work being too heavy for her. It is more than her slight build can accomplish. Stony Wells and Lee Wade placed the creamery engine in position yesterday. It will soon be belching forth steam and making butter at no slow rate. Wm. Wann, Co. B. Oregon Volunteers, received his discharge Monday. He spent most of the winter at his Waldport home on a sick leave-of-absence. Oliver Altree has now succeeded in furnishing his mill on Drift with sufficient power to run his saw in good shape and will now proceed to make cedar lumber galore. Father Bucher was appointed guardian for Fred Harney, of feeble mind, by the probate court this week. The same court appointed Charles Montgomery administrator for the estate of Malissa Montgomery, deceased. Dr. J. F. Turner, the Siletz physician, departed yesterday morning for Pittsburg, Pennsylvania, to visit relatives. He will be absent one month from his patients before returning. THE LEADER wishes him Bon Voyage. If you don't read THE LEADER you don't get the news. \$1.50. Patronize home industry. Buy Oregon City boots and shoes, made of Oregon leather in an Oregon city for Oregonians. T. P. Fish sells them at lowest prices. Monroe Butler, who has been living at Monmouth for the past two years, but formerly lived at Toledo, is visiting among friends here today. He is working now for Harry Fant on the Newport-Waldport mail route. Ed Sullivan departed for his possessions near Dawson, Alaska, Wednesday morning. He intends working them as much as possible this summer and disposing of them before returning in the fall. May Success be his fellow traveler. Dr. Fred Vincent, mayor of Pendleton, and son of our well known Mrs. Vincent, arrived Wednesday evening, called here by the illness of his mother. He was delayed enroute but finds her much better to his great pleasure. His stay will be brief. In Clothing, we have the biggest drive of the season. A good solid woolen suit for \$5.00, better grades \$6, \$7.50 and \$10. YAQ. BAY MERC. CO. Stayton shorts, flour and chop at Yaq. Bay Merc. Co. For Sale. I own and wish to sell the "Old Cannon Ranch" 2 miles up bay from Toledo. Make me an offer. What have you in Minnesota or Dakota to trade for it. m3-4t J. H. GRIFFIN, Grand Forks, N. D. Mrs. J. T. Vincent, better known as Mother Vincent about this town, because of her many kindnesses to the sick and others in time of need, suffered a slight stroke of paralysis Saturday. The LEADER is pleased to note that she is rapidly recovering. The city council met in regular session Monday night. Marshal Horning resigned and Stonewall Wells, the newly married, was appointed to fill his unexpired term. Stony wears the honors very gracefully and will make an efficient officer. THE LEADER acknowledges a pleasant call from Father Bucher yesterday. He is on our roll of honor now, having subscribed while here. Father is a cultivated gentleman, speaking several languages and is also a musician of

more than mediocre talent. He is doing much good among the Indians as is evidenced by all those frequently visiting the Agency. Dock Wakefield, the other one, was a Wednesday visitor from Eddyville. He was, as usual, selling produce to our merchants. Doc always finds about what our merchants need about the time it is needed, which is not a bad scheme for the rancher in general. We are pleased to chronicle the news that the babe of Mr. and Mrs. Henry Lewis, after a winter's suffering from teething, bronchitis, whooping cough and one or two other complications, is now convalescing nicely. It has a wonderful tenacity to life else it would have succumbed ere this. Bring Back the Jars. To those who have oyster jars belonging to Al Taylor, he would suggest that they be at once returned to the store of Henry Lewis. Don't forget it or put it off. Be kind to your friends; tell them to read THE LEADER, sure. FOR SALE.--I have now on hand plenty of good baled hay for sale. Those in need will know where to buy. T. P. FISH. Many of our readers will regret greatly the death of Claude Warren at Wallowa, Oregon, the first of this week, of typhoid fever. He was a brother of Dr. E. Warren, of Newport, and well and favorably known to the people of Nashville, Corvallis, and in fact this entire region of Oregon. M. T. Whitney of Chitwood, has invented and is manufacturing the Magic Vapor Bath. He was in Toledo Saturday. His bath is a fine thing and should be in every home. Its cost is very low, too, something like \$4.50. Later on he will canvass our city and doubtless leave many here. Rev. E. Edwards, pastor of the English Baptist Church at Minersville, Pa., when suffering with rheumatism, was advised to try Chamberlain's Pain Balm. He says: "A few applications of this liniment proved of great service to me. It subdued the inflammation and relieved the pain. Should any sufferer profit by giving Pain Balm a trial it will please me." For sale by Otto O. Krogstad, druggist. For first-class, honest dental work, see Dr. Tatom at Hotel the 20 and a few days following. Mrs. Dobson, while planting flowers Monday had the misfortune to fall and break the upper end of the thigh bone. Dr. Darnell was called and reduced the fracture, but it is doubtful if it heals for a long time. She is C. Wooding's mother-in-law and makes her home with him. I have been afflicted with rheumatism for fourteen years and nothing seemed to give any relief. I was able to be around all the time, but constantly suffering. I had tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did, and was immediately relieved and in a short time cured. I am happy to say that it has not since returned. —JOSH. EDGAR, Germantown, Cal. For sale by Otto O. Krogstad, druggist.

M. M. Davis, visited his prune orchard at Nashville Tuesday and upon examination found the entire orchard in fine condition and not at all injured by the late cold weather. His company will realize nicely from this year's crop. Doc journeyed to Corvallis Wednesday to be absent during the week. Reese L. Weatherford of Albany, was in our city Friday night. He filed several suits with our county clerk, for the settlement of the Briggs estate. These suits were against W. P. Stitt, J. T. Cahil, Stitt & Cahil and Geo. Bethers and wife, with Joe Briggs and Mrs. Nellie Campbell, executors, as plaintiffs. Reese returned the following morning. Plant an ad. in these columns. Biliousness, dyspepsia, loss of appetite, disturbed sleep, nervousness, headache, giddiness and drowsiness, wind and pain or fullness of the stomach after meals, cold chills and flushings of heat, shortness of breath—these are the blank cheques of physical bankruptcy. Take them to a physician and he will fill them up with the name of some more or less serious disease. Every time that you carry one of them to him you draw out some of your funds in the Bank of Health. Keep it up, and there will soon be no funds in the treasury. The man who suffers from these disorders and neglects them will soon be in the relentless grasp of some fatal disease. If he is naturally narrow chested and shallow lunged, it will probably be consumption; if his father or mother died of paralysis or some nervous trouble, it will probably be nervous exhaustion or prostration, or even insanity; if there is a taint in the family blood, it will be blood or skin disease; if he lives in a new or a low, swampy country, it will be malaria; if he lives a life of exposure, it may be rheumatism. There is just one safe course for a man to follow who finds himself out of sorts and suffering from the symptoms described. It is to resort to Dr. Pierce's Golden Medical Discovery. This medicine makes the appetite keen, corrects all disorders of the digestion, renders assimilation perfect, invigorates the liver, purifies and enriches the blood and builds firm, healthy flesh and nerve tissue. It cures almost all diseases that result from insufficient or improper nourishment of the brain and nerves. Bronchial, throat, and even lung affections, when not too far advanced, readily yield to it. "I took Dr. Pierce's Golden Medical Discovery for Eczema," writes L. W. Barnhart, of No. 446 De Witt Street, Buffalo, N. Y., "and it completely cured me."
