OBLIGATION TO EVERYBODY.

Frank Tillotson returned from Kings Valley Saturday.

The Ladys' Aid met with Mrs. W. L. Davis this week.

The Ladys' Aid meets with Mrs. R. Debrick next Tuesday after-

noon.

Mr. and Mrs. Stony Wells are occupying the Lester Waugh resi-
dence.

Sharp of Norman, spent Friday night in our city and thoroughly enjoyed the program at the society.

Due Wakefield, the ever jovial, returned to his little Elks home Saturday. He thoroughly enjoyed the basket social Friday evening.

Mrs. Stonewall Wells returned from her visit to her home near Tungren, Thursday evening. Strong though it may seem, Stony seemed pleased.

Henry Savit, superintendent of the Albany and Springfield cre-
series, spent Saturday and Sunday in this city, returning Tuesday morning.

Charleskiller of Big Elks, has sold his farm and will take the family to Washington, where he has his an order of 747 per month lumbering.

Monroe Butler and Miss Emma Brooks took the trails for Newport Saturday night, determined to visit at the home of Harry Fant on South Beach.

From over work and excitement Mrs. Rite Debrick suffered a slight attack of nervous prostration at the social Friday night, but is fully recovered now.

This leader received a pleasant call from Uncle Abe Parker Friday night, and the visit was most enjoyable and bountiful as usual, being the last of the winter.

Uncle Joe Browne departed from Independence Saturday to look after business interests there. He is in a worker and the moment he surfaces will regret losing his job and stay by his mandate.

The Dunrel-Schimer lay son was tried by jury in Justice Kogel-

nay's court Friday. It was highly interesting to the audience and decided in favor of Dr. Dunrel's Attorney Hawkins appeared for the plaintiff and H. Deeninger for the defendant.

The engineer and fireman on the 1st train to depart met the dead man on the Ohla bridge as they came in the evening. For-

merly Gibson required to the city, but no man could be found. He had disappeared. It does seem that one caught on the bridge and badly frightened.

Wes Maples, who will make the water in our creamery, arrived from Friday night to lend his assistance and getting up the machine. The engine has been placed in the main building for the present and will be ready for use soon. A good reputation as a butter maker and will turn out an article equal to any on the market.

Dr. Fred Vincent, called here by the illness of his mother, returned Saturday morning, leaving her much improved. In speaking to a friend he said he could not understand how the Leader was made such a bright, sunny paper in this field, but there are more items of interest here than the appearance on our little city paper would indicate to a stranger. And then the price of liberty and the price to the editor of a paper is in the same thing—eternal vigilance.

Toilet Social.

A great majority was in progress Friday night a large number of people attended the Basket Social given by the Ladys' Aid. The church was over full, fully one-third of those present standing during the entire pro-

gram. Miss Bessie Colton and her troupe of little ones from the public school, together with Masters Shad and Low Sheaf Work, furnished the entire program, which was thoroughly enjoyed and appreciated. Such singing and acting cannot be found in another primary school in Oregon. The Ladys' Aid would say more but does not wish to flatter but want a disposition as devoid of that feeling.

There was a kind of excitement among the whole town and in that attendance knew just what to do with them, and they did it. The proceeds were $127, which everybody enjoyed themselves and the church is benefited by this hard work and labor.

They continue to succeed.
