OF INTEREST TO EVERYBODY.

Everybody in this section absorbed all the sunshine they could Sunday.

T. Huntsucker and Geo. Emerson from down-river, were doing business in our city Monday.

Jack Allphin raised and placed new blocks under the house of Austin Rosebrooks Monday.

E. H. Anderson and Mr. Stone came in from Monterey resort hotel Monday to do business at the court house.

Will Ford made a trip to Otter Rock Monday to see what the chance for fishing and otter hunting is to be this season.

Rev. Chas. Booth was on Saturday's train returning from Grants Pass, where he will soon go to remain a year for his health.

W. Whetsler of Elk City, who spent a couple of days in our city last week, went on down to Yaquina Saturday for a day or two in that place.

Monroe people do not like the advent of the colony in their midst. Send it to Toledo, gentlemen, our people will give it welcome and the hand of fellowship.

Clarence Atree will soon build a cottage in the cove near the one in which resides Miss Graham. He is doing the clearing of the land now in preparation.

Mayor William S. Mason died at his home in Portland at 2:27 o'clock Monday morning. He was a man of honor, honesty and enterprise and Portland can ill afford to lose him.

Mrs. Henry Gannon and her two little girls returned from their visit to Albany Monday evening. They have been absent about ten days and seemed pleased to be again at home.

Banker Langdon of Albany journeyed toward the Resort City Saturday for a Sunday on the beach, and Sunday was a beautiful day on the beach, being clear, warm and sunshiny.

Mr. I. F. Hiser is thinking quite seriously of soon returning to his old home in Indiana. He came here about the first of November and to go away now does not give Oregon a fair show.

Train was forty minutes early Saturday to accommodate Manager Stone and President Weatherford who were aboard. These gentlemen spent Sunday on the beach at Newport, by the sounding sea.

W. S. Pound of the Mutual Life Insurance Co., passed through our city enroute to Newport Saturday. He inquired the whereabouts of Dr. Parent and seemed much pleased to find from our citizens where he was.

A member of our city council and an attorney had some words and commenced a scrap Saturday. The sheriff interferred during the first round, which was the last. Not a very good example for the youth of the city.

Now come the beautiful Spring days. Everybody enjoys them to their fullest capacity, but the nights are very chill yet; enough so that our orchardists are a little fearful lest some night's frost may bite their fruit crop short.

Masters Clifford Crosno and Everett Jones tied a pack on behind their saddles Saturday morning and, mounting their hosses, went to Otter Rock for a holiday. They returned late Sunday night having had a splendid outing.

Brady Burnett of Corvallis, was seriously wounded in the shoulder the latter part of last week near Manila, and Corvallis people will deeply mourn his death. Such are the results of war—the picnic portion of the war has passed, if it ever occurred.

Dr. Parrish of Monmouth, passed through our city for Newport Saturday whither he went to look after Mrs. Tracy Davis, who is reported as improving under his skillful treatment. From him the LEADER also learned of the health and happiness of Mr. and Mrs. W. G. Cressy.

"If the esteemed Albany Democrat doesn't quit crediting items to the Toledo Tug, some of the more sensitive citizens of Toledo are liable to get mad. The Tug is still published at Yaquina, the terminus of the C. & E. railroad, on the beautiful and famous Yaquina bay. Now is the time to subscribe." —Tug. Our people never kick at a complimentary advertisement, so unless it hurts you, Bro. Soule, the Democrat may still continue its error.

Reports from Buffalo Hump are causing the creation of quite a fever among many of our people but most of it is air castle of the wildest kind. Agent Buoy will take a trip into that part of the world shortly to investigate its merits. Should he be pleased several of our citizens might follow him, doubtless to return later very sorry for having spent their substance for the benefit of transportation companies. Very few of the many who chase after a mining excitement benefit themselves by the chase. This is history.

It is rumored that G. A. Landis and D. P. Blue will purchase the Newport cannery plant and conduct it during next season. That it is a paying investment has been already demonstrated beyond doubt. If properly pushed much more could be made than ever has ever been made in former years. There is also strong talk of a cannery being erected at Toledo by a stock company. If this should be done Toledo will make another stride in the right direction for the permanent upbuilding. This is really a more favorable point for a plant than Newport.

The Proper Way of Breathing.
To learn to breathe properly, inflate the lungs and walk for five paces, keeping the mouth shut and breathing through the nose, increasing the five paces to ten, and then to fifteen or more. Follow this up by taking several long breaths after getting up in the morning, and again before retiring.—Ladies' Home Journal.

When the Nose Bleeds.
To stop a bleeding nose, keep the patient's head thrown back and his arms raised. Hold a cold cloth or sponge to receive the blood. Press the fingers firmly on each side of the nose where it joins the upper lip. A piece of ice or a cold cloth wrung out of ice water may be placed at the back of the head.—Ladies' Home Journal.
