OF INTEREST TO EVERYBODY.

Rev. Chas. Booth and family departed for their new home at Grant's Pass Wednesday morning.

Jno. Stimpson of Newport came into town Wednesday to seek a team for his summer work at the Resort City.

Henry Lewis now uses the Black & Deyoe system of bookkeeping—a pretty and very satisfactory system.

Oregon City paper mills find hemlock just as good as anything for paper pulp and are going to use it in the future.

Chas. Burggraf, a Salem architect, presented our court with a plan for a court house Tuesday, returning Wednesday.

Mrs. Frank Hyde of Eddyville, who has spent a few days visiting her parents here, returned to her home Tuesday morning.

John Forgarty of Far Far, came up Tuesday to look after the settlement of the Herman Benke estate, of which he is administrator.

Jim Curry of Nashville was a visitor in our city Monday but Tuesday's train took him home. Our people don't see Jim every day, he being a steady man.

Uncle Thiel came from South Beach Tuesday morning to spend a few days with his nephew Ed. Schmeer at the Toledo Hotel.

Jim Dixon was down from Elk City Tuesday doing business before the probate court. He is suffering from the grip and looks very ill.

The session of Probate court Tuesday called quite a number of people to town and made the court house the scene of much activity.

Chas. Ruhl came from the Siletz Tuesday to finish his business before the Probate court of administering the Lampson estate. He reports business good on the Siletz and everything moving nicely.

Al. Waugh and Stony Wells were cutting and burning the brush on Al's lot Monday under the guidance of Sam Owen. The building which is to adorn this lot will be modern in all its plans.

If a girl loves, that's her business. If a man loves, that's his business. If they both love and are married, they should surely subscribe for THE LEADER, the family and official paper of the county.

A petition has been handed to the city council asking for a side walk from the residence of T. P. Fish to the public school grounds. This is still another move in the right direction. Another petition has been presented asking for a cross walk from the Methodist church East across the street. Both will be granted and both show that little by little our city is advancing as it should.

The Weeot arrived from Frisco Saturday morning bringing thirteen passengers from Coos Bay. To accomodate them and make quick transportation the C. & E. sent a special out to Albany in charge of Ed Beeman, who is now yard master at Albany. The train returned Sunday afternoon. You will notice the C. & E. never fails to make quick connections for their patrons.

John A. Olson paid \$267 tax into the county treasury Tuesday. He is always among the first to toe the crack.

Saturday morning a man was found hanging by the neck in the grove near the jail and it was supposed to be Miller, the whilom miner who visited our city last winter and caused such an excitement among our working men and then vanishing, but a closer scrutiny showed it to be both an "April fool" and a dummy.

L. W. Deyoe, formerly of Elk City, but now of Myrtle point, Coos county, dropped into town Tuesday morning. He is travelling for the Black & Deyoe system of bookkeeping and is making sales wherever he stops. The method is one of his own invention and patented. For an illustration see Henry Lewis, he uses them.

Messrs. Oliver and Clarence Altree came in from the cedar mill on Drift, Sunday. They report the mill as doing quite nicely now and they have already sawed a nice large pile of clear live cedar lumber. Oliver has spent quite a little hard money and a mint of hard labor on this mill and THE LEADER is pleased to know that his plant will succeed.

A very pleasant and well attended party took place at the Restaurant Tuesday evening. All the young people in town were there and spent most of the evening hours tripping the light fantastic to the stirring music of the Rosebrooks orchestra. Mine Host and Hostess Fliteroft know how to do the handsome on such an occasion and they made everybody at home and at ease. All report a splendid evening.

All over the United States where a manufacturing is done there come reports of advance in wages and this same advance in the wages of the workers proves the republican policy nearer right than any other. Long may she wave. Her next step should be the killing off of trusts, which have become too numerous and too strong. Protection is a fine principle but should not be too prolonged in any one line.

I was reading an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the Worcester Enterprise recently, which leads me to write this. I can truthfully say I never used any remedy equal to it for colic and diarrhoea. I have never had to cure the worst case with myself or children.—W. A. STROUD, Popo-moke City, Md. For sale by O. O. Krogstad Druggist.

The captain of the Tug got his shoes decorated with Toledo mud Tuesday, captured three square meals at the home of Rev. E. H. Bryant, visited the new creamery, which made its initial run that day, and did a few other strictly legitimate things. The creamery, by the way, starts out under encouraging conditions. It is well equipped, conveniently arranged, and in charge of a practical man. Messrs. Stewart & Center have shown commendable enterprise in establishing this industry, and the citizens appear to be properly appreciative. Every citizen within reach should do what he can to make it a success.—Yaquina Tug.
