If they would repeal the law against hunting with dogs and put a bounty on cougar and bear, the elk and deer would not be exterminated so quickly. One cougar does more harm than a dozen dogs. —Beaver creek Items in The Tug.

1,200,000 American homes contain copies of this work. It used to cost \$1.50; now it is free. For a paper covered copy send at once ten stamps, to cover mailing only, to the World's Dispensary Medical Association, Buffalo, N. Y.; French cloth binding, 31 stamps.

This great book tells all about a medicine that is an unfailing cure for all weakness and disease of the delicate organs distinctly feminine. That medicine is Dr. Pierce's Favorite Prescription. During the past thirty years many thousands of women have used it with marvelous results. It imparts health, vigor, vitality, strength and elasticity to the organs that bear the burdens of maternity. It fits for widowhood and motherhood. Taken during the period of gestation, it makes the coming of baby easy and almost painless. It completely banishes the pain and misery that are the result of a woman's neglecting her womanly health. An honest medicine dealer will give you what you ask for, and not try to persuade you to take some inferior substitute for the little added profit he may make thereon.

Mrs. Jas. Schaffner, of Freemansburg, Northampton Co., Pa., writes: "It is with pleasure that I write to let you know the great good I have received from your medicines and the local self-treatment at home. I was troubled with female weakness, had pains in my back all the time, sometimes so severe that I could not lie in bed at night. I tried different doctors but they could not help me. Then my husband got Dr. Pierce's Common Sense Medical Adviser, and induced me to try Dr. Pierce's medicines. After taking six bottles of the 'Favorite Prescription' I feel like a new woman."

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pellet" is a gentle laxative, and two a mild cathartic. Druggists sell them, and nothing is "just as good."
