A man must reap as he sows. If he sows ill-health he will reap ill-health. If he neglects his health the weeds of disease will grow up and choke it.

It is a daily and hourly marvel that men will recklessly neglect their health, when a moment's thought should tell them that they are courting death. It lies in most every man's power to live to a green old age. If a man would only take the same care of himself that he does of his horse, or cow, or dog, he would enjoy good health. When a man owns a hundred-dollar horse, and it gets sick, he does not waste any time about doctoring him up. When his garden gets full of weeds, he doesn't delay about rooting them out, for he knows they will choke out his vegetables. When he is out of sorts, sick, nervous, headachey, has no appetite and is restless and sleepless at night, he pays little attention to it. The result is consumption, nervous prostration or some serious blood or skin disease. Dr. Pierce's Golden Medical Discovery is the best of all medicines for hard working men. It gives edge to the appetite, facilitates the flow of digestive juices, invigorates the liver and purifies and enriches the blood. It is the great blood-maker and flesh-builder. It cures 98 per cent. of all cases of lingering coughs, bronchial and throat affections, weak lungs, bleeding from lungs and kindred affections. Do not wait until the lungs are too far wasted to admit of being cured.

As you know, five years ago the doctors had given me up to die with consumption," writes Mr. E. G. McKinney, of Deepwater, Fayette Co., W. Va. "I took treatment from Dr. R. V. Pierce, and am entirely well now. I had taken steadily, as directed, his 'Golden Medical Discovery'.

Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a dose.
