## OF INTEREST TO EVERYBODY.

Sam'l Center was over from the Agency Saturday.

Claud Branton, murderer, used neither tobacco, liquor or profane language.

The Polk Observer is now a 6-column well filled with good news and pushing ideas. Long may it wave!

Mr. Conroy, of the I. X. L. store, lately removed to Toledo, left with his family for that place Wednesday.—Albany Herald.

Clifton Morgan Butler, a student of Albany college departed Wednesday for West Point, having received the appointment to that school.

A slight earthquake shook things up at Tillamook Saturday. Two houses were moved ten feet and the ground was torn open for 200 yards.

All the great European powers are anxious to do honors to Admiral Dewey on his way through the Mediterranean. All people are ready to applaud genuine greatness.

Mr. Deyoe and Mr. Kettler visited the Mountain Daisy last week, and started out thence afoot, each with a pack on his back, to search for a golden daisy of their own.—Myrtle Point Enterprise.

Commissioner Hermann, of the general land office, has transmitted a statement of accounts between the United States and the state of Oregon, giving to the latter \$1476, being 5 per cent of the net proceeds of government public land sales in Oregon in 1898.

The Corvallis city election Monday resulted in the election of the following officers: Mayor, Captain Crawford; chief of police, James Flett; treasurer, Wm. McLagan; councilmen, H. W. Hall, Lee Henkle, J. M. Nolan, James Smith; police judge, E. P. Greffoz.

R. Rowin of Ona, was in town Wednesday before the examining board making application for a pension. He reports the socialist colony at Ona as moving along nicely. They are not thoroughly organized as yet, but intend to model after the Alturist plan. Three families are now on the Thos. Coombs place and more will soon be gathered in. Mutual help and protection is the object of the colony.

Harry Denlinger departed for Independence Wednesday morning to enter a new field of labor in his chosen profession. He will probably remain in that place permanently, altho he intends viewing Eastern Oregon towns before doing so. He has some business to finish in the July term in this county, so we shall see him again before many moons. Harry began practice in this place and has succeeded fully as well as other young Attorneys. May he succeed.

Mr. Willard Davis, one of the 2nd Oregon boys who has been among 'em at Manila, arrived in our city Tuesday evening to visit Messrs. Wes. Maple, John Needham and Mrs. Stonewall Wells, who are all old friends. He left Manila March 10, because of serious illness. At San Francisco he was sent to the hospital until sufficiently improved to continue his homeward journey. He shows the effects of his sickness plainly, but is improving now that he again breathes the ozone of Old Webfoot atmosphere.

Harvy Leonard, alias Miller, our miner of last fall's excitement, was sentenced to 7 years in the penitentiary at Salem by Judge Geo. Burnett, for attacking his jailor recently when Magers attempted to escape. The pen is his proper home.

The State Board of Horticulture has very kindly forwarded to THE LEADER office for publication a circular letter to fruit growers. It is to the effect that damage done by last winter's freeze is more serious than was supposed in the middle Willamette Valley and Eastern Oregon, and that the damage is becoming more apparent every day. As our fruit growers report no damage to their orchards, it is needless for THE LEADER to publish the article.

### Disease of San Jose Scale.

The Oregon Experiment Station has succeeded in destroying the San Jose Scale by inoculating it with a fungus disease. Pure cultures of this fungus will be prepared and so far as possible will be furnished free of charge to those fruit growers who wish to test this method of destroying the scale. Full directions for carrying on the work will be sent out with each sample of the disease. Applications for the materials should be made to the Oregon Experiment Station, Corvallis, Oregon.

### Advantages of Rolling.

Upon the surface of land sown in the spring an incrustation is frequently formed, due to the heavy rains subsequent to sowing. If this crust is permitted to remain the crop will suffer in two ways; first, from insufficient moisture, owing to the excessive loss through surface evaporation; second, from imperfect aeration of its roots. Rolling the land will obviate this in cereal crops and materially increase the yield. Grain will not be injured by the roller, even if it is several inches high, provided it has not commenced to joint.

### Memorial day.

Memorial services will be held in Toledo on May 30.

A decorating committee from the G. A. R. will proceed to the cemetery, leaving head quarters at 8 o'clock a. m., and will remember our departed by strewing flowers over their last resting places.

Afternoon services will commence at 12:30. Column will form in front of head quarters and march to the court house where will be rendered the following
