The World's Fair of 1900

The buildings for the Paris Exposition of 1900 are well advanced. Many of them, indeed, are externally completed, and a considerable part of the Eiffel Tower has received the coat of yellow paint which is relied upon to give it an appearance of newness.

Meantime the nations are preparing the exhibits for this great fair, which will celebrate the completion of the century of marvels, and no country has surpassed the United States in the fullness of its preparation.

The individual states of the Union are preparing exhibits illustrating their peculiar resources. Colorado, it is said, will send a life-size statue of a typical American girl, made wholly of pure gold. It will weigh nearly two tons, and will cost about one million dollars.

California will send a little ship, which will be made from a single piece of a California big tree, and it is expected will actually sail to Paris around Cape Horn, across the Atlantic and up the Seine.

Our country's recent fame as a fighting nation will be reflected in models of war-ships, including Admiral Dewey's Olympia and the old new Maine. American vessels and other vehicles of peace and commerce, especially the all-pervading trolley-car, will be exhaustively shown.

After throes and threatenings of war, the year 1900, through the influence of the International Peace Conference and the Paris Exposition, where the admiral "world's congresses" of the Columbian Exposition are to be repeated, promises, happily, to be memorable in the annals of peace.—The Youth's Companion.

Weekly Crop Bulletin.

WESTERN OREGON.

Warm, dry weather and bright sunshine continued up to Friday, the 21st, when cooler weather prevailed, which continued until Sunday. Rain, in amounts ranging from .02 to .46 of an inch, fell on the 21st along the coast and over the northern portion of the Willamette valley. The mean temperature for the week averaged 65 degrees, which is 4 degrees lower than for the preceding week and 2 degrees higher than for the corresponding week last year. The maximum temperatures ranged from 65 to 90 degrees, and the minimum from 44 to 59 degrees. The winds were northerly and light to fresh in force.

The light rain which fell on the 21st, although of short duration, was of great benefit to all vegetation. While the rain delayed haying in some sections, it did no material damage, and the little harm done was more than offset by the benefit to the spring-sown grain. The wheat crop continues in excellent condition. There are a few minor reports of rust and burning, but no serious damage is anticipated. Harvesting fall-sown wheat has commenced in sections of various counties, and during the coming week it will be general. Spring grain is rapidly turning yellow and is filling much better than was first expected. Oats continue in excellent condition and are turning yellow in many sections.

Haying is about over, and all reports indicate that an abundant and excellent crop has been secured.

Flattering reports are being received in regard to the condition of hops, which have made wonderful growth during the last two weeks. Spraying continues and the lice are well under control.

Gardens are doing well; the rain put new life into them and rapid growth will ensue.

The crop conditions in Western Oregon are promising.

IS IT RIGHT

For an Editor to Recommend Patent Medicines?

From Sylvan Valley News, Brevard, N. C.

It may be a question whether the editor of a newspaper has the right to publicly recommend any of the various proprietary medicines which flood the market, yet as a preventive of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this medicine in our family for twenty years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do believe that if a bottle of Chamberlain's Diarrhoea Remedy were kept on hand and administered at the inception of an attack much suffering might be avoided and in very many cases the presence of a physician would not be required. At least this has been our experience during the past twenty years. For sale by O. O. Krogstad, druggist.

At some time in her life Cupid pleads in every woman's ear, and when that time comes it is a woman's duty to think twice before she answers. She should think once for herself, and once for the man who has chosen her for his life companion. If she is suffering from a torturing, dragging weakness or disease so prevalent with her sex, she has no right to answer "Yes" until her health is restored. If she does, she will be wretched and ill herself and her home will be an unhappy one. Dr. Pierce's Favorite Prescription is a scientific remedy that cures all weakness, disease, disorder and derangement of the delicate and important feminine organs. It is not a "cure-all," but a medicine devised to correct this one class of disorders and no other. It has accomplished its purpose in tens of thousands of cases, as is shown by tens of thousands of testimonials of the grateful patients themselves. It imparts vigor and virility to the entire womanly organism, and is the best of all nerve tonics and restoratives. It fits for wifehood and motherhood. It transforms weak, nervous, despondent invalids into healthy, happy women.

"I was so weak I could scarcely walk about the house," writes Mrs. Mattie Seranges, of Allen's Creek, Amherst Co., Va. "Was reduced to a mere skeleton. I was never free from pain in the back and head and could not sleep at night. I bought three bottles of Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery' and two vials of 'Pleasant Pellets.' After taking these six weeks I felt like a new person; slept well and gained in flesh. I am doing all my own housework and we have nine in the family."

A man or woman who neglects constipation suffers from slow poisoning. Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a gentle laxative, and two a mild cathartic. All medicine dealers sell them. No other pills are "just as good."
