—R. E. COLLINS, EDITOR.—

FRIDAY, AUGUST 11, 1899.

The Northern Pacific liner Victoria landed in Tacoma on August 2nd breaking all records for rich cargoes, which included 1002 bales of silk valued at \$400,000. There was also 3000 tons of general merchandise aboard. This same vessel is under charter to take supplies to the Philippines. Thus it is our trade is steadily increasing with the Orient.

The steamer Cevic brought to New York 9,999 bags or 250 tons of copper coins from India, consigned to the Oxford Copper Company. The coins will be melted over for refining purposes, as they are imported as copper scrap. It is explained that the coins are worth more as copper than as coins, with the price of copper standing at or about the present value of \$18.50 for Lake. The statement is made that when copper stood at 10 cents, there was a profit in coining for the Indian government, but conditions are now changed by the price ruling for copper. It is said that the copper coins of China can also be imported and melted into copper at a profit.

The Amen of marriage is always a baby. Without it, wedlock is a summer field that never blooms, a flower that never buds, a night without stars, a sermon without a benediction, a prayer without an Amen.

There never was a husband worthy of the name, who did not aspire to be the father and the grandfather of healthy, capable children to hand down his name and the fortune accumulated by the sweat of his brow, from generation to generation. There never was a wife fit to bear that noble title, who did not wish to wear womanhood's most glorious crown, the scepter of motherhood. Thousands of wedded couples, otherwise happy, fill short of wedlock's greatest happiness because they are childless. In the majority of cases, this is because the wife, through ignorance and neglect, suffers from weakness and disease of the organs distinctly feminine. For women who suffer in this way there is one great medicine that does not fail to accomplish its purpose. It is Dr. Pierce's Favorite Prescription. It acts directly on the delicate organs concerned and makes them strong, healthy, vigorous, virile and elastic. It allays inflammation, heals ulceration, soothes pain and tones the shattered nerves. It fits for wifehood and motherhood. It quickens and vitalizes the distinctly feminine organism. It banishes the maladies of the expectant months and makes baby's introduction to the world easy and almost painless. It insures the little new-comer's health and nourishment in plenty. It is the best supportive tonic for nursing mothers.

Mrs. Jennie Parks, of Marshall, Spokane Co., Wash., writes: "I am glad to tell of the good results of your great medicine.—Dr. Pierce's Favorite Prescription. I was benefited by your medicine in confinement. It gives me strength. I have no tired feeling and my baby is the picture of health. I feel better than I have in ten years."

In cases of constipation Dr. Pierce's Pleasant Pellets should be used as an adjunct to the "Favorite Prescription." They are extremely simple, perfectly natural and insure prompt and permanent relief.

Ordinance No. 29.

An ordinance to provide for the laying of a sidewalk on Second street and Grove street:

Be It Ordained by the Common Council of the City of Toledo, Oregon:
