

Many a woman has periodle crying She meets her husband with eyes red and swollen and he cries out:
"What has happened?" "Nothing" his
wife replies, "I don't know what is the
matter with me, but I just had to have
a good cry," Men don't have crying spells. It would seem therefore that an affection confined to women must have its cause in the womanly nature. There is no doubt that a diseased condition of the delicate womanly organs, is in general responsible for feminine nervousness and hysteria.

The use of Dr. Pierce's Favorite Prescription makes women happy by making them healthy. There are no more crying spells. "Favorite Prescription" cures inflammation, ulceration and female weakness. It makes weak women strong, sick women well.

There is no medicine "just as good."

and two vials of 'Pleasant Pellets.' I found reiter. I am able to do my work with case. I recommend your wonderful medicine to all my
friends, for I trally believe it saved my life."
