Toledo, Lincoln County, Oregon, Friday, May 18, 1900.

Number 11.

LOCAL IN BRIEF.

Mrs. E. H. Bryant came over from Siletz Wednesday and departed next morning for Muncie, Ind., in response to a message stating that her mother cannot live. Mrs. Bryant started on the long sad journey alone, with but little hope of reaching her destination in time for a parting word or to witness the last rites. Her many friends in this community extend their earnest sympathy, coupled with the hope that her worst fears may not be realized.

The social given at Thiel hall last night by the Sunday school of the M. E. church was patronized to the extent of the excellent ice cream which had been prepared for the occasion and a goodly sum secured to be used in purchasing song books for the school. An interesting program preceded the cake and ice cream, and the affair was quite a success, considering the limited advertising which it received.

Joe and Simon Shermer were up Tuesday and Wednesday after a scowload of lumber, which the former purchased at the Toledo sawmill. Joe says the fact that he is building a new house at Oyster City signifies that he needs a new house—only this and nothing more. The opinion prevails that Joe is too good a young man to be a bachelor, but he seems to be hard to "ketch."

Hans Olson reports that his bees are breaking records these days. From three stands recently he removed sixty-six pounds of this season's honey that would grade No. 1 anywhere, besides the usual amount damaged by the process of removal. THE LEADER can attest its superior quality.

Mrs. Bert R. Betz and Miss Dyer of Siletz returned Wednesday evening from Portland where they had placed little Jennie Hollis in the Good Samaritan hospital for treatment of her eyes. Prof. Betz met them on their return and took them over to the agency next morning.

R. A. Arnold, armed with a big commission, took possession of the local postoffice Wednesday. THE LEADER congratulates him on his success in breaking into prison, and also Mr. Stanton on his escape. May both live long and prosper.

Work began on George Landreth's new building Monday morning and it is now nearly completed. Contractor Rite Dedrick and his able assistants are hustlers and the new structure will be both neat and substantial.

THE LEADER has heard much favorable comment upon Attorney B. F. Swope's recent speeches in this county touching upon the political issues. He is studious, keeps thoroughly posted, and can express himself in plain English.

Clarence Atree gave an exhibition of rough riding Wednesday in the street between the postoffice and Ofstedahl's store that delighted the spectators immensely. His exhibition of falling without getting hurt was truly wonderful. He permitted the animal to throw him into the air until he could see the flat roof of Ofstedahl's store, and then he dropped gracefully to the ground. He has been offered 20 cents a performance during the coming season at Newport.

NEWS OF THE RAILWAYS.

ROCK ISLAND ANNOUNCES SPECIAL EXCURSION RATES.

The Rock Island's proposition for cheap rate excursions to and from Colorado during this summer has been negatived by the Western Passenger Association. In consequence notice was served yesterday on Chairman McLeod by General Passenger Agent Sebastian, that the Rock Island will take independent action and put in effect a rate of one fare plus \$2.00 for the round trip from Chicago and all intermediate points east of the Missouri River to Denver, Colorado Springs, Pueblo, Salt Lake City and Ogden. Tickets at this rate will be sold on June 20, July 9 and 17 and August 1. From Missouri River points the same rate will be made on the days following these dates. Tickets at this rate also will be sold from Missouri River gateways, Kansas City to Omaha, inclusive, on July 7, 8 and 9. Four special excursions also will be run by the Rock Island from Colorado common points to Chicago and intermediate stations on June 23, July 12 and 20 and August 4. These excursion tickets, both east and west bound, will be limited for return passage to October 31. The Rock Island announces its intention of placing in service special trains for these excursions, leaving Chicago at 5 p. m. and making the run to Colorado with only one night on the road—Chicago Tribune.

"It is with a good deal of pleasure and satisfaction that I recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Druggist A. W. Sawtelle, of Hartford, Conn. "A lady customer, seeing the remedy exposed for sale on my show case, said to me: 'I really believe that medicine saved my life the past summer while at the shore,' and she became so enthusiastic over its merits that I at once made up my mind to recommend it in the future. Recently a gentleman came into my store so overcome with colic pains that he sank at once to the floor. I gave him a dose of this remedy which helped him. I repeated the dose and in fifteen minutes he left my store smilingly informing me that he felt as well as ever." Sold by O. O. Krogstad, druggist.
