REPUBLICAN TICKET.

FOR PRESIDENT—
William McKinley
FOR VICE PRESIDENT—
Theodore Roosevelt

William Jennings Bryan has accepted the nomination as the democratic candidate for president, and that is no surprise. Neither is the fact that his speech of acceptance contains 10,000 words.

The situation in China appears to be very serious. The allied forces are marching toward Peking and some hard fights have occurred. It is feared that the expedition for the relief of the legations will meet with great loss, even if successful.

The cigarette beetle is a new pest (?) in some parts of the country. It finds its way into boxes of cigarettes, drills holes through the paper wrappers of the little "cotton screws" and devours the contents. Poor bug! It'll die some day—just like human beings who pit their constitutions against the poisonous little cigarette.

The populist nominee for vice president, C. A. Towne of Minnesota, has declined to accept the nomination. His decision causes no surprise. He could not be elected, and that is one of the reasons which he gives for declining to enter the race. The silver republicans and populists are now at liberty to whoop it up for Adlai.

North Carolina and Alabama, two states that are solidly for Bryan, have held their elections and declared in favor of disfranchising the illiterate negro. It is now time for Mr. Bryan to make another of his heart-searching speeches about "the consent of the governed." The "niggers" are considered good enough to count as "population" and swell the representation of those states in congress, but they are not wanted in politics for any other purpose. North Carolina and Alabama are safely democratic without their votes, and there are not nearly offices enough for the ambitious white men.

Bryan insisted that the 16 to 1 plank should be in the democratic platform adopted at Kansas City—in fact, said he would refuse the nomination if it wasn't put there. Today Bryan and his co-stumpers, echoed by the Bryanite press, are frantically trying to make the dear people understand that "imperialism" is "the paramount issue." If this is true, why did Bryan insist upon 16 to 1, against the advice and entreaties of many democratic leaders, as the price of his acceptance of the nomination? That game is too gauzy. Having succeeded in getting his 16 to 1 hobby in the platform, Bryan is now willing that it should be considered a minor issue. But a minor issue it can never be. Bryan's frenzied demand for it prior to the convention cannot be forgotten. He was beaten on that issue in 1896, and the same reasons exist for beating him in 1900. The American people can be relied upon to do the job thoroughly. They cannot be fooled. The 16 to 1 idea is in the democratic platform, and whether it be considered the tail or the whole hide, it must go. The people will have a voice in this "paramount" business.

A MINISTER'S GOOD WORK.

"I had a severe attack of bilious colic, got a bottle of Chamberlain's Colic Cholera and Diarrhoea Remedy, took two doses and was entirely cured," says Rev. A. A. Power, of Emporia, Kan. "My neighbor across the street was sick for over a week, had two or three bottles of medicine from the doctor. He used them for three or four days without relief, then called in another doctor who treated him for some days and gave him no relief, so discharged him. I went over to see him the next morning. He said his bowels were in a terrible fix, that they had been running off so long that it was almost bloody flux. I asked him if he had tried Chamberlain's Colic, Cholera and Diarrhoea Remedy and he said, 'No.' I went home and brought him my bottle and gave him one dose; told him to take another dose in fifteen or twenty minutes if he did not find relief, but he took no more and was entirely cured." For sale by O. O. Krogstad, druggist.

"My baby was terribly sick with the diarrhoea," says J. H. Doak, of Williams, Oregon. "We were unable to cure him with the doctor's assistance, and as a last resort we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy. I am happy to say it gave immediate relief and a complete cure." For sale by O. O. Krogstad, druggist.

Collapse.

Caused by over-work? No, caused by undernourishment. Work rarely causes collapse. It is worry—the outcome of a low condition of the nervous system and inadequate nutrition which generally causes collapse. The collapse seems sudden, but in reality it is a slow process. The stomach and organs of digestion and nutrition are diseased, the nourishment in the food eaten is only partially extracted and imperfectly assimilated. The blood becomes impure; the very fount of life is poisoned, and some day all the faculties and functions go on a strike. That's collapse. Dr. Pierce's Golden Medical Discovery cures diseases of the organs of digestion and nutrition, purifies the blood and builds up the weak body with sound healthy flesh.

"I was cured of a very bad case of indigestion, associated with torpid liver, by the use of Dr. Pierce's Golden Medical Discovery," writes Mr. C. B. Bird, of Brynside, Putnam Co., W. Va. "Before I began the use of 'Golden Medical Discovery' I had no appetite; could not sleep, nor work but very little, bowels constipated, and life was a misery to me. After taking four bottles I felt so well that I went to work, but soon got worse, so I used it about eight weeks longer, when I was permanently cured."

Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay cost of mailing only. Send 21 one-cent stamps for paper covered book, or 31 stamps for cloth, to Dr. R. V. Pierce, Buffalo, N. Y.
