

Lincoln County Leader.

Volume VIII.

Toledo, Lincoln County, Oregon, Friday, October 5, 1900.

Number 31.

LOCAL IN BRIEF.

Local republicans met at the courthouse Monday night to organize a McKinley and Roosevelt club. Only temporary organization was effected. B. F. Swope was elected chairman and C. F. Soule secretary. Those present favored calling the organization "the McKinley and Roosevelt of Lincoln county, Oregon, with headquarters at Toledo." The chair appointed a temporary committee on music consisting of J. H. Ross, Clarence Altree and Mrs. George Bethers. Another meeting will be held at the courthouse tonight for the purpose of effecting permanent organization and planning the work of the campaign. The club now has a membership of about 60, and is steadily growing. The ladies also are invited to attend the meeting tonight and sign the membership roll. Their assistance will be appreciated.

C. W. Boeschen, G. F. Litchfield and C. A. Johnson of Salem went into the big woods Tuesday, piloted by C. B. Crosno. Messrs. Boeschen and Johnson are homesteaders and Mr. Litchfield is inclined that way. The gentlemen are in love with the mountain water of Lincoln county, which they consider the only perfect, pure and unadulterated beverage on the coast. It is a strong inducement to homeseekers. Mr. Crosno went into the woods again yesterday with C. A. Holmstrun, another Salem gentleman who has selected a well-watered claim.

Mrs. Elene Rasmusson died last Sunday evening at the home of her son-in-law, Hans Olson, aged 85 years. The good old lady was ill only a few days, and her death was apparently painless. As our informant expressed it, "she just fell asleep." The funeral occurred at 2 o'clock Tuesday afternoon.

Word comes from Eddyville that Charlie Hyde killed a big bear a few days ago, and later that Willie Simpson had slain one near Elk City. Toledo sports take off their hats to the boys. The woods are full of bear, but the local nimrods don't know the combination.

Agent Bert Bolles left this morning for Albany to relieve Agent Turner, who is very sick. Mr. Bolles is succeeded here by J. E. Franklin. The change is supposed to be only temporary.

Lester Waugh purchased eleven head of fine cattle of Charlie Montgomery Tuesday. He is always ready to buy all kinds of live stock and pay what the market will stand.

Charlie Litchfield came up from Yaquina Wednesday morning and went into the lower Siletz country. We believe he is looking for a homestead.

Rite Dedrick, Al Hall, George Baumaun and George Schenck went up the river Monday morning to do some bridge work for the county.

Mrs. S. H. Powers, mother of Mrs. C. E. Hawkins, departed Monday morning for her home at Clarksville, Ark.

Fred Stanton and Lee, Dye and Ira Wade are over in the Siletz country building cabins for homesteaders. They finished the Soldiers' Home last Friday.

Mrs. Minnie Harmon and two little daughters of Waitsburg, Wash., arrived last Friday evening for a visit with her parents, Mr. and Mrs. William Enos. They will probably remain until spring.

Major Buford of Siletz returned Wednesday evening from a very successful China pheasant shoot in the valley. The pair of these world-beating game birds which he sent to THE LEADER were appreciated.

"For three days and nights I suffered agony untold from an attack of cholera morbus brought on by eating cucumbers," says M. E. Lowther, clerk of the district court, Centerville, Iowa. "I thought I should surely die, and tried a dozen different medicines but all to no purpose. I sent for a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and three doses relieved me entirely." This remedy is for sale by O. O. Krogstad, druggist.

E. L. Bryan of Benton county entertained a fair-sized audience at the courthouse last Saturday night. Mr. Bryan is a real nice young man, and has numerous friends in Toledo. He is also a pretty fair talker—in fact, is classed among the democratic spellbinders. He cut loose Saturday night in regular Bryanistic style and finished in the same manner. He jumped onto President McKinley with both feet, knocked out Mark Hanna's best eye, sympathized awfully with the poor boys in blue over in the Philippines—in short, he out-Bryaned Bryan—or very near it. The young man is not unlike Bryan the candidate. Both carry full-blown expansion smiles which belie their narrow, contracted and pessimistic utterances, both love to talk, and both talk for money. Mr. Bryan did as well as any man could with the material at hand, and his Toledo friends, regardless of politics, are glad to see him in touch with the campaign barrel.

Rufus Simpson and wife of Elk City, who have been out in the valley for a month or more visiting relatives and friends in various sections, returned home yesterday.—Corvallis Gazette.

William Dutton and son Will of Eddyville were in town Wednesday and part of yesterday. Mr. Dutton left at this office a couple of mammoth quinces, samples of those growing on his place. They are the best we have seen.

Royal Sport.—Dr. Chas. E. Stolte and Dr. L. W. Moody, who left last morning for Yaquina bay to enjoy the sport of trolling for salmon, sent home their Tuesday's catch, which comprised 11 salmon, averaging about 10 pounds each. They had only made a start Tuesday, and a much larger number of fish is expected to arrive as their Wednesday's catch. This trolling for salmon at Yaquina represents the height of luxury in fishing. Armed with a bamboo rod, furnished with an automatic reel, and having a man to row their boat, the sportsmen can trail their glittering lure till the salmon takes it, and once he is firmly hooked, the automatic reel does the rest, till the fish is ready to be hauled alongside and gaffed. That is more like pleasure than wading and scrambling along a swift river wielding an 18-foot rod till one's arms are ready to fall off, and when a fish is hooked, fighting with him for every inch of line till he is brought where he can be gaffed, when he perhaps breaks away and is lost. If the luck of Messrs. Stolte and Moody continues they may be induced to remain at Yaquina and go into the business of canning salmon.—The Oregonian.

Could not express the rapture of Annie E. Springer, of Philadelphia, when Dr. King's New Discovery cured her of a hacking cough that for many years had made life a burden. I feel like sounding its praises throughout the Universe." Dr. King's New Discovery is guaranteed to cure all troubles of the Throat, Chest or lungs. Price 50c and \$1. Trial bottles free at O. O. The Ladies Aid society met with Mrs. C. C. Kubler Tuesday afternoon. Owing to the large amount of work to be done prior to the fair, it was decided to meet at some certain central point on each Tuesday afternoon during the next month, and Mrs. Schenck kindly offered the use of a suitable room during that period. The president would be pleased to see every member present next Tuesday.

William Wakefield, the heavy-weight rancher of Little Elk, returned to his home this morning. While here he disposed of a large quantity of his choice apples, taking one order from California. A product of his ranch on exhibition at this office is a 4½-pound potato. He says such things never strain the soil on his place even a little bit. He will be down again soon with another cargo.
