

# Lincoln County Leader.

Volume VIII.

Toledo, Lincoln County, Oregon, Friday, November 30, 1900.

Number 39.

## LOCAL IN BRIEF.

Another caucus was held last Friday evening and the "Citizens Reform" ticket created for the coming municipal contest. R. S. Van Cleve and J. J. Turnidge were nominated as candidates for full-term aldermen, and Henry Lewis was chosen to give S. P. Conroy a chase for the short term. It will be observed there are only three candidates on this ticket, while four aldermen are to be elected. It is to be hoped the contest will be clean, and that if boodle is used, it will be judiciously doled out among the poor and needy.

W. W. Tate and family arrived from Shedd Wednesday night, to become citizens of Toledo, and will occupy the house recently vacated by T. P. Fish. Mr. Tate has purchased Dr. Darnell's stock of drugs and has formed a partnership with E. W. Gaitber in the general merchandise and drug business. Our citizens extend a hearty welcome to Mr. Tate and family.

Frank Lane brought a hack load from Newport up to the shooting match Wednesday, consisting of Mr. Stitt (No. 5) of the life-saving crew, Charlie Loomis, Ed Sullivan, Frank Fogarty and F. H. Winkelman. Mr. Loomis was the only genuine distinguished marksman in the party.

Adam Rne brought in a big wildcat Tuesday morning which had been robbing his hen-roost. He set six traps in a group, but the beast succeeded in getting his feet into only three of them, and was brought to town with his captors still clinging to him.

The Woodmen's match hunt yesterday resulted in a victory for McCluskey's team by a score of 1115 points against 1010 for Arnold's. It was a rather disagreeable day, and game was scarce.

A letter received by THE LEADER from Mrs. O. C. Coffin, now residing at Drain, states that her daughter, Miss Ona, has been very ill of tonsillitis. Last Friday it was feared she could not live, but skillful medical attention won, and her recovery now seems certain. The many friends of the family on the bay will rejoice over the latter part of the news.

"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy and find it to be a great medicine," says Mr. E. S. Phipps, of Poteau, Ark. "It cured me of bloody flux. I cannot speak too highly of it." This remedy always wins the good opinion, if not praise, of those who use it. The quick cures which it effects even in the most severe cases make it a favorite everywhere. For sale by O. O. Krogstad, druggist.

John Ostedahl returned Monday night from his visit in North Dakota. While the train on which he was a passenger was lying at Summit, Mont., another train ran into the rear end of it and caused quite a wreck, but no casualties resulted. Mr. Ostedahl brought home some fragments of the wreck as souvenirs of the occasion. For years to come he may gaze upon them and shudder to think how narrowly Toledo escaped losing one of its best aldermen. THE LEADER congratulates Mr. Ostedahl, his family and the city on his safe return.

O. O. Krogstad, druggist, guarantees every bottle of Chamberlain's Cough Remedy and will refund the money to anyone who is not satisfied after using two-thirds of the contents. This is the best remedy in the world for la grippe, coughs, colds, croup and whooping cough and is pleasant and safe to take. It prevents any tendency of a cold to result in pneumonia.

J. E. Wilson of Chitwood has been down this week pruning O. N. Tongeland's orchard. He has other work of the kind in this vicinity. Speaking of apples, two years ago last April Mr. Wilson grafted five sections of the Bismarck into a small seedling tree. The following year (1899) the little tree bore 17 nice apples on the growth of 1898, and this year it contained 106—all fine, large red apples. This is proof that it doesn't take long to grow apples in Lincoln county.

There is money in onions if one has the beaverdam land. From four acres John Tyler and Charles Seeley sold their onion crop this season for \$1350, delivered to the purchaser, Fred Dose, on the place. Five years ago Mr. Tyler rented this place, situated 2½ miles east of Woodburn, and two years afterwards bought the tract for \$1500, and now owes nothing on it. He has done no more than others can do. O. A. Bemis, whose place adjoins Mr. Tyler's this year raised 1,000 sacks of onions on 3 acres, and disposed of the product to Mr. Dose for 1100.—Woodburn Independent.

## OREGON APPLES.

An entire trainload of apples! That is the record of a shipment just sent East by Olwell Bros., of Medford. The train consisted of 15 cars, all loaded with apples, the price of which was \$1 per box, F. O. B., for the export trade. This is the largest single shipment that ever went from the Northwest.

Medford is becoming a famous exporting point for apples. There is strong competition among foreign buyers for the products of that favored district, the fame of which is due to the up-to-date, scientific methods of progressive growers. In the results of their careful work is furnished another practical object lesson of the value of intelligent farming along scientific lines.

Off of their 160 acres last year Olwell Bros., raised enough apples to net them \$14,000. The sum, however, represented a corresponding amount of toil. The orchard is as carefully kept, nursed and tended as the business of any business firm in the city. As an example of this fact, it may be stated, the orchard was sprayed eight times this year. And each time the trees were thoroughly drenched with spray in such a manner that not a single leaf in the forest of trees covering 160 acres escaped. The spraying was accomplished by means of a gasoline engine upon a portable wagon to which were attached four hose. As soon as the entire orchard was sprayed once, the workman began over again at the beginning. When it is known that 98 per cent of the fruit this year is clear from any kind of pests or diseases, it will be seen that such careful work pays.

All the apples thus far sold from the Medford district netted the owners \$1 per box. It is estimated that about 70 carloads have been shipped. Other prominent growers in the district are Stewart, who has 100 acres; Whiteman, 100 acres; Voorhees, 140 acres. These men raise for the export trade, and always obtain top prices. Their product is never a drug upon the market. As stated, buyers are only too anxious to secure the product. The varieties of apples raised in that district are the Jonathans, Newton Pippins, Winesap, Bluetown Pippins and Red Russians.—Roseburg Plaindealer.

Another ton of men's and boys' clothing and furnishing goods just arrived. Call and look at our fall and winter stock. We defy all competition.

YAG. BAY MERC. CO.

Three acres of good onion land, when onion yield well and sell even at only one dollar a sack, will produce fully as much profit as 80 acres of wheat at 20 bushels per acre, wheat selling at 50 cents a bushel.—Oregon City Courier-Herald.

To remove a troublesome corn or bunion: First soak the corn or bunion in warm water to soften it, then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily; rubbing vigorously for five minutes at each application. A corn plaster should be worn for a few days, to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled. For sale by O. O. Krogstad, druggist.
