THE LEADER neglected last week to answer a couple of questions propounded by Uncle Tom of Harlan. We do not believe the recent cold snap in Oregon was caused by the frost which struck Mr. Bryan on the 6th of November, but rather regard it as the result of Oom Paul's reception by the emperor of Germany. The Oregon legislature will hardly find time to amend the school district boundary law this winter, as the draft of a proposed new game law has already been made, and its discussion, combined with the work of electing a United States senator, will probably consume the entire session.

WILL A GOOD MAN DO?

FALL CREEK, Or., Dec. 7, 1900.—Mr. Editor: Some time ago I saw an advertisement in your paper stating that help was wanted at Saybrook Farm. Ask them if a good man will answer the purpose.

INNOCENCE.

BRAVE MEN FALL

Victims to stomach, liver and kidney troubles, as well as women, and all feel the results in loss of appetite, poisons in the blood, backache and tired, listless, run-down feeling. But there's no need to feel like that. J. W. Gardner, of Idaville, Ind., says: "Electric Bitters are just the thing for a man when he don't care whether he lives or dies. It gave me new strength and good appetite. I can now eat anything and have a new lease on life." Only 50 cents, at Krogstad's drugstore. Every bottle guaranteed.

Farmers, Attention.

The Lincoln County Farmers' Association will hold its first annual meeting at the courthouse in Toledo on the third Thursday in December, 1900, being the 20th day thereof, opening at 10 a. m. A full attendance is desired.

F. M. WADSWORTH, Secretary.
Toledo, Or., Nov. 20, 1900.

No one can reasonably hope for good health unless his bowels move once each day. When this is not attended to, disorders of the stomach arise, biliousness, headache, dyspepsia and piles soon follow. If you wish to avoid these ailments keep your bowels regular by taking Chamberlain's Stomach and Liver Tablets when required. They are so easy to take and mild and gentle in effect. For sale by O. O. Krogstad, druggist.

YAQUINA ITEMS.

Mr. and Mrs. L. M. Davis of South Beach left Tuesday for Eugene, where they will spend the holidays. Mr. Davis remarked it was the first time they had spent Christmas away from the Bay in thirty years. We are glad to see the sidewalks undergoing repairs. They needed it badly. The people of Yaquina have reason to feel proud of the church. It presents a very much better appearance since it was repaired. Captain Henry Nice of Alsea has been in town for several days attending to the shipping of his salmon. He reports a very good year for cannery business. What about the Christmas tree for the Sunday school? Rev. C. M. Brown will hold service here Sunday evening, weather permitting. The steamer Robarts came in Friday, bringing 46 passengers. Mr. and Mrs. Dick Casteel are in from Albany for a week's visit. Miss Lillie Derby was in town Saturday, shopping and calling on friends. Grover Doty has gone to Forest Grove to attend school for a year. The dog poisoner is reaping a big harvest. Five very valuable canines have passed out in the last week. Charles Hildyard shipped about ten cars of canned salmon this year—a much larger output than any former year.

A Wonderful Offer to Women.

We have received word of a most remarkable offer which is to be made to women by *The Delineator*, of New York.

Taking the fact that next year begins a new century, *The Delineator* offers to distribute \$17,500 among 1901 women. The plan is so cleverly arranged that a woman living in a small town or village, has just as good a chance to win one of these 1901 prizes as a woman living in a city—because the prizes are given for the number of subscriptions secured in a town in proportion to the population of that town, instead of being given simply to those who send the largest list of subscribers—which, of course, are most easily obtained in big cities. Another clever feature of the plan is, that all the cities and towns of the United States and Canada have been arranged in seven classes. The cities of the greatest population are grouped in Class 1, and as these cities are not very many, the prizes offered are twenty-eight; the highest prize being \$500, and the lowest \$5.00. The total amount of prizes given away in this class is \$1,000. The remaining smaller towns and villages fall into six other classes, and as the number of towns in a class increases, because, of course, there are more small towns than large ones, the amount of prizes given away to a class increases, so that in Class 7, there will be \$4,000 distributed among 601 winners.

Furthermore, to everyone who fails to win one of the 1901 prizes there will be paid an extra commission on subscriptions, provided they equal one out of every two hundred inhabitants of the town from which the contestant sends them.

This is altogether a very liberal offer, and one which the famous old *Delineator* is well able to make good. From our point of view, we do not see why such an offer needs to be made by the Publishers of *The Delineator*, for we believe it already has nearly half a million subscribers. Its strong hold upon the affections of American women has come in the past generation, from its practical advice about dress details and home matters.

We have some record-breaking clubbing combinations with many leading periodicals. Come in and learn about them.

Conroy, Son & Co. keep a full line of patent medicines, Diamond dyes, etc., etc.

Until further notice my appointments will be as follows: First Sunday of the month, Eddyville; second and fourth Sundays, Toledo; third Sunday, Yaquina, in the evening. Fifth Sundays at Toledo. Prayer meeting, Wednesday evening; Sunday school at 10 a. m.

The application of ball bearings to our sewing machines has reduced friction to a minimum and emphasizes more strongly than ever the title of "LIGHT-RUNNING WHITE." Elegantly embossed woodwork, smooth band ironwork, easily kept clean, the finest set of attachments, automatic tension indicator and releaser, oil cups and needlebar—these are only a few of the many labor-saving devices applied to the WHITE.

The White Bicycle stands on its own merits. During the past few years its reputation has been maintained as the most durable, beautiful and light-running wheel. The White holds all Pacific Coast records from a quarter of a mile to a century, as well as the world's mile record, and in the International Six-Day Tournament held in San Francisco last year, the White won four out of eight prizes, no other make of wheel taking more than one of the rest. We have dealers in sewing machines and bicycles almost everywhere. If there is none in your town, write for catalogue and prices.
