Mrs. Nation of Kansas is putting in a large fraction of her time in jail these days, but whenever she gets out "joint" supplies, furniture and fixtures suffer terribly. Mrs. Nation is called a crank and much stronger names, but it must be admitted she is wise enough to confine her operations to Kansas, where the liquor business is not protected by law. Her vigorous methods may not meet with unanimous approval, but they are certainly a greater success than the prohibitory law of Kansas. But bloodshed and death have resulted from some of these "smashing" expeditions, and this may cause the crusaders to cool off, subside, desist, let up, etc. The eyes of the world are upon Mrs. Nation and bleeding Kansas. What will the harvest be?

Teddy Roosevelt has finished his hunt in Colorado and started for home to prepare for March 4, when he becomes vice president of the United States and retires to private life. Colonel Roosevelt says the majority of the yarns about his hunting trip are absurd fabrications. His total score of big game was only 12 mountain lions, the carloads of bears, wolves and other savage beasts being the work of lying newspaper correspondents. Some men would consider 12 mountain lions a respectable bag.

Pat Crowe was in Iowa and Texas on the same day recently, and a large-sized suspicion prevailed at the various detective headquarters of the world that he was in Honolulu at the same time. An alleged partner of Pat's in the kidnapping of the Cudahy boy was arrested in Omaha Tuesday, and all the above facts combined indicate that Pat is in danger of being discovered if he is found.

It has been discovered by close figuring that the American soldier costs his government more than any other soldier on earth. That's all right. The American soldier is also the best soldier on earth—and worth more than he costs every day in the week, in peace or in war.

The vote for United States senator at Salem yesterday resulted in 34 for Corbett, 22 for Williams, 7 for Hermann, others about as before. We are confidentially informed that something is about to happen.

The women of Oregon who want to vote will never secure the privilege by the usual methods. They should grab their little hatchets and "smash" the opposition, commencing on The Oregonian.

Laws prohibiting the manufacture and sale of cigarettes will before many years have passed be in force in every state in the Union. It will be a long step toward civilization.

Our state lawmakers must shut up shop by 12 o'clock tonight or continue their labors for glory—and what they may be able to pick up on the side.

This is Washington's birthday, but the Oregon legislature couldn't afford to stop grinding for a little thing like that.

Harvey Scott a possibility? It can't be as bad that!

Thinks the wife, to have the wedding ring slip from the finger. "Something is going to happen."

Something is happening. That ring could hardly be pulled from the finger when it was put there a few years ago. Now it slips off by its own weight. How thin the fingers have grown! And the fingers don't grow thin alone. How thin the face is and how thin the once plump form. Almost unconsciously the wife has been fading and wasting away. The strength given to children has never been regained. Drains which should have been stopped have been neglected.

That is a common experience with women, unless some friend has shared with them the secret of the strengthening and healing power of Dr. Pierce's Favorite Prescription. It regulates the periods, dries the drains which undermine the strength, heals inflammation and ulceration, and cures female weakness. It makes the baby's advent practically painless and gives vigor and vitality to nursing mothers.

"Words cannot tell how grateful I am for your kind advice and good medicines," writes Mrs. John Cooke of Hastings, Northumberland Co., Ontario. "I have been in poor health for four years back and this spring got so bad I could not do my work. I went to the doctor and he said I had ulceration and falling of the internal organs, but thought I would try your 'Favorite Prescription.' I took five bottles and three of the 'Golden Medical Discovery' and one of Dr. Pierce's Pellets, and I can safely say that I never felt better in my life."

A CONVINCING ANSWER.

"I hobbled into Mr. Blackmon's drugstore one evening," says Wesley Nelson of Hamilton, Ga., "and he asked me to try Chamberlain's Pain Balm for rheumatism, with which I suffered for a long time. I told him I had no faith in any medicine as they all failed. He said: 'Well, if Chamberlain's Pain Balm does not help you, you need not pay for it.' I took a bottle of it home and used it according to the directions and in one week I was cured, and have not since been troubled with rheumatism." Sold by Krogstad, druggist.

THE WHITE

IS KING

—OF—

Sewing Machines and Bicycles

The application of ball bearings to our sewing machines has reduced friction to a minimum and emphasizes more strongly than ever the title of "LIGHT-RUNNING WHITE." Elegantly embossed woodwork, smooth band ironwork, easily kept clean, the finest set of attachments, automatic tension indicator and releaser, oil cups and needle-bar—these are only a few of the many labor-saving devices applied to the WHITE.

The White Bicycle stands on its own merits. During the past few years its reputation has been maintained as the most durable, beautiful and light-running wheel. The White holds all Pacific Coast records from a quarter of a mile to a century, as well as the world's mile record, and in the International Six-Day Tournament held in San Francisco last year, the White won four out of eight prizes, no other make of wheel taking more than one of the rest. We have dealers in sewing machines and bicycles almost everywhere. If there is none in your town, write for catalogue and prices.
