Forewarned, Forearmed.

The liability to disease is greatly lessened when the blood is in good condition, and the circulation healthy and vigorous. For then all refuse matter is promptly carried out of the system; otherwise it would rapidly accumulate—fermentation would take place, the blood become polluted and the constitution so weakened that a simple malady might result seriously.

A healthy, active circulation means good digestion and strong, healthy nerves.

As a blood purifier and tonic S. S. S. has no equal. It is the safest and best remedy for old people and children because it contains no minerals, but is made exclusively of roots and herbs.

No other remedy so thoroughly and effectually cleanses the blood of impurities. At the same time it builds up the weak and debilitated, and renovates the entire system. It cures permanently all manner of blood and skin troubles.

It would break out in little white pustules, crusts would form and drop off, leaving the skin red and inflamed. The doctors did me no good. I used all the medicated soaps and salves without benefit. S. S. S. cured me, and my skin is as clear and smooth as any one's."

Mrs. Henry Siegfried, of Cape May, N. J., says that twenty-one bottles of S. S. S. cured her of Cancer of the breast. Doctors and friends thought her case hopeless.

MISS FRANCES M. ANDERSON, daughter of HON. JUDGE ANDERSON, of Virginia, is at present in Washington, D. C., as Corresponding Secretary of the Higher Educational League of that city. Cured of la grippe by Peruna.

MISS FRANCES M. ANDERSON, Corresponding Secretary of the Higher Educational League, writes from the "Astoria," Washington, D. C., the following:

"About two months ago I was taken very ill with la grippe and was obliged to go to bed. I took three bottles of Peruna with very beneficial results, and was able to leave my bed in a week and regained my usual strength very soon.

"I have nothing but praise for Peruna, and recommend it to those similarly afflicted whenever I can."—Frances M. Anderson.

La grippe is, strictly speaking, epidemic catarrh—that is to say, a variety of acute catarrh which is so contagious and runs a course more or less definite, the same as scarlet fever, whooping cough, etc.

During the acute stages of la grippe it is not a very fatal disease, but the condition in which it leaves the system has caused the death of a countless number.

Indeed, nearly every person who has had la grippe within the last three years finds himself more or less deranged by the pernicious effects of this disease. The majority of those who have escaped death find life scarcely worth living.

If this vast multitude of people could only know with what certainty and promptness Peruna would relieve them of all the bad effects which la grippe has brought upon them, what an untold amount of suffering would be averted!

Thousands have already heard how quickly this remedy will cure in these cases and have been saved; but tens of thousands have not yet heard, and continue to suffer on, dropping into the grave one by one.

Peruna cures catarrh in all stages and varieties, whether acute or chronic, and is therefore the most effective remedy ever devised for removing all the derangements which follow la grippe.

Samuel M. York writes from Union Grove, Ala., the following letter:

"Dear Sir: Last week I was taken with la grippe and catarrhal deafness. I wrote you for advice and followed your directions. After taking two bottles of Peruna I found myself well of la grippe, and my hearing was fully restored. My health is better than it has been in five years.

"My wife improved in health very much after taking Peruna."—Samuel M. York.

Miss Caroline J. Kahl, Otisco, Ind., writes as follows:

"Three years I had la grippe and pulmonary trouble. I was very sick. I had hemorrhages of the lungs nearly every day for a year, and three bottles of your Peruna cured me. The doctor said I had consumption. I am now in better health than I have been for many years.

"I highly recommend Peruna to all my neighbors and friends. Peruna is my favorite medicine. I shall always have Peruna in the house."—Miss Caroline J. Kahl.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.
