### JOHNSON ITEMS.

Ocean getting rougher.  
Many around Johnson are baking the last cake, waiting for steamer Anets.

Parnele Bros. have gone to the valley with Chinamen from the Kernville cannery.

Dogs have been known to be at home at bed time, seemingly sound asleep, and then go to a sheep pasture, kill several sheep and before daylight be back home in their bed as though nothing had happened.

Johnsonites want to speak a word in favor of their Indian neighbors' honesty. We do not know of one cent's obligation that has not been paid since they received their money. Those that have returned home have gone about with their daily duties as before. Good, sober neighbors having put the money they had left in safe keeping.

Three white men arrived here on the bay last week with three of the poorest shadows of horses seen for many a day on this bay. What those men are here for is beyond comprehension. They wanted to trade horses, or guns, or ride bucking horses, or—well, they crossed the bay Friday morning and skipped for Newport, and if the horses don't die on the way, we think Newporters can look for them, baggage and all, in about a week.

John Morris' troubles seem to come more than double. Last week he hitched up his large span of Clydes, drove to the Otis postoffice, and while standing a short distance from his team, talking to a man about the latter's dog killing his sheep, the horses started for home, and no one could or did overtake them. In going down the hill the wagon upset in a ditch throwing the horses in and drowning both. Mr. Morris lost a fine horse last spring, one he had paid one hundred and forty dollars for the fall before. And as the readers know his daughter, his only child, was laid to rest so recently. Neighbors take care of your dogs for humanity's sake and don't let them kill any more of Mr. Morris' sheep. He has trouble enough.

O. O. Krogstad, druggist, guarantees every bottle of Chamberlain's Cough Remedy and will refund the money to anyone who is not satisfied after using two-thirds of the contents. This is the best remedy in the world for la grippe, coughs, colds, croup and whooping cough and is pleasant and safe to take. It prevents any tendency of a cold to result in pneumonia.

### The Magic Number.

They were gathered together on the piazza of the summer hotel.

"I often hear of the magic number," said one. "What number is it?"  
"Why, nine, of course," replied some one else. "There are nine muses, you know, and you talk of a nine days' wonder. Then you bowl at nine pins, and a cat has nine lives."

"Tomfoolery," broke in another. "Seven is the magic number. Seventh heaven, don't you know, and all that. Seven colors in the rainbow; seven days in the week; seventh son of a seventh son—great fellow—and—"

"Tush, tush," remarked a third. "Five's the number you mean. A man has five fingers on his hand and five toes on his foot, and he has five senses. A nickle is 5 cents, and—"

"Three is undoubtedly the magic number," interrupted another, "because people give three cheers, and Jonah was inside a whale three days and three nights, and if at first you don't succeed, try, try again—three times, you see!"

This was received with some contempt by the company, and a soulful youth gushed out:

"Two, oh, two is the magic number! Oneself and one other! The adored one! Just us two!"

A hard-featured individual who had been listening to the conversation hitherto unmoved here remarked in a harsh voice:

"The magic number is No. 1 in this world, and don't you forget it."

### DON'T LIVE TOGETHER.

Constipation and health never go together. DeWitt's Little Early Risers promote easy action of the bowels without distress. "I have been troubled with constiveness nine years," says J. O. Greene, Depauw, Ind. "I have tried many remedies but Little Early Risers give best results."

REMARKABLE CURE OF CROUP  
A LITTLE BOY'S LIFE SAVED.

I have a few words to say regarding Chamberlain's Cough Remedy. It saved my little boy's life and I feel that I cannot praise it enough. I bought a bottle of it from A. E. Steere of Coquille, S. D., and when I got home with it my poor baby could hardly breathe. I gave the medicine as directed every ten minutes until he "threw up" and then I thought sure he was going to choke to death. We had to pull the phlegm out of his mouth in great long strings. I am positive that if I had not got that bottle of cough medicine, my boy would not be on earth today.—JOEL DEMNOR, Inwood Iowa.
