### CHITWOOD ITEMS.

Aunt Margaret Chitwood is gradually recovering from her serious illness.

J. B. Chitwood, late from South Dakota, is here visiting friends and relatives; also Mrs. Turncliff of Mill City, sister of J. B. Chitwood, and Miss Mary Chitwood of Damascus, Or.

A. L. McDonald, county stock inspector has quarantined all the sheep in the community against the disease which he calls "wild fire," although it is rather late, as about all the sheep have recovered from it and are all right apparently. But it is all right to be cautious.

The meeting of the Farmers association last Friday night was a success. The subject up for discussion was "What are the most profitable grasses to raise in this county." All seemed to agree that the common red clover is the best for the dairy. Alsike clover for hay is good' also sand vetches do well; timothy hay the best for horses, and the mesquite for a pioneer grass, to be sown on fern land, is without a peer, as it seems to be a natural product of the coast countries, and is a very good grass. After the discussion in which the county judge took part, a short program was offered in which several recitations and solos were rendered with good effect. The last (but not least appreciated) on the program was a pie supper, which was free for all, and all seemed to enjoy themselves and returned to their homes happy with the exception of two or three kids who got to much pie.

### JOHNSON ITEMS.

John Morris and Mr. Sealey are on the sick list, but are able to be up.

Another school meeting will be held the 24th, to move the school house site. L. C. Parmele purchased a horse from Salem River Bill—so the story goes.

Mrs. Sealey is making some fine baskets for G. S. Parmele. Some of them will go east.

Miss Keefer of Ohio expects to be a Toledo visitor the 26th, if the rivers are not too high.

G. S. Parmele was seen crossing Schooner creek Thursday on horseback, with a big envelope in his pocket. We guess he was making tracks for a county road, if he can get signers enough.

### FALL CREEK ITEMS.

G. S. Mongel has just returned from a trip out to Linn County.

Fall Creek has been past fording for the past week.

E. E. Hammersley and Ralph Oglesby ran a boat down the Alsea river last Sunday. They came in contact with a wire cable across the river at Boysen's landing. Ralph had the misfortune to lose his hat.

R. B. Trenholm is getting along all right. He thinks he will soon be able to come home. He is still at the hospital at Portland. We are glad to hear of his recovery.

The Palisade hotel and banjo factory burned to the ground about two weeks ago. Every thing burned. There was no one there at the time, Carns Bros., the proprietors, got three sacks of coal, but they have fitted out the Saybrook House and will soon be ready to accommodate the public. We wish the boys good luck and prosperity.

Carlo Minotti is going to run his prunes to the Bay in a few days.

James Webber and family are going to move over on Big Elk.

Frank Johnson of Philomoth had business in Alsea last week.

Mrs. Alice Vidito of Alsea has been quite sick for the past week.

There was a dance at the hall the night of the 14th. It was run under the management of Tom Taylor. Music was furnished by Messrs. Wilson, Johnson and Howard. Supper was given by A. L. Clark.

### EDDYVILLE ITEMS.

I haven't seen any items in your paper from this place lately, but we are not dead nor even sleeping.

Miss Nora Derrick is home again after an absence of several weeks at Yaquina.

Our school is progressing nicely under the management of Miss Hampton of Rocco Or.

R. J. Cockrell is cutting wood and shipping to Corvallis.

Mrs. Eddy has been quite sick with pneumonia, but is improving under the skillful treatment of Dr. Carter.

Miss Hampton and Miss Lillie Shirley are at Toledo this week, the former as a member of the examining board and the latter as an applicant for teachers certificate.

The literary society meets every Friday evening. Excellent music is furnished by the McReynolds brothers.
