Tom Reed says: "Eloquence is logic on fire." We have often thought so. In fact, this is just what ails Billy Bryan. The fire totally consumes his logic.

The Salem Journal issued a very creditable "push" number last Saturday. Editor Hofer is very versatile, being authority on strawberries, water agates and political timber.

The Oregonian reports that Senator Simon has started for home to look after his fences. Really, we are honestly and unalterably opposed to the ship subsidy bill, but consider little private subsidies legal and legitimate.

Miss Stone, the American missionary, who was captured by alleged Bulgarians or Turkish brigands several months ago, has at last been released, the bulk of the ransom demanded having been paid. Missionary work is undoubtedly badly needed over in that country, but a few thousand of Uncle Sam's boys in blue could handle the job better than women.

Senators Tillman and McLaurin of South Carolina came together with bare knuckles on the floor of the United States senate last Saturday, but were separated while honors were even. The senate promptly voted the scrapper in contempt, and South Carolina has since been without representation in that more or less dignified and somewhat ornamental body. Tillman has been a disgrace to his state and the United States senate for several years. He should be abolished. So should the United States senate.

Prince Henry of Prussia, brother of the Emperor of Germany, reached New York last Sunday and the Anglomaniacs had an awful time. The Sabbath day was treated to a wild demonstration which has seldom if ever been equalled. The guns of the American forts and war vessels consumed several thousand dollars' worth of the people's good powder in welcoming the more or less distinguished visitor, whistles of all kinds shrieked and the people yelled. Prince Henry is Admiral of the German navy, and is the individual who took orders from our Admiral Dewey over at Manila in May, 1898. Our Government should retaliate by sending Dewey over to Germany. Wonder if he would get such a reception as the German admiral received in New York harbor. It does seem that it should be possible to exhibit a friendly spirit toward another nation without slobbering all over one of its commonplace representatives.

HANDICAPPED.

The man who started to run a race in chains and fetters would be visibly handicapped. No one would expect him to succeed. The man who runs the race of life when his digestive and nutritive organs are diseased is equally handicapped. In the one case his strength is over-weighted, in the other it is under-mined. Success demands above all else a sound stomach.

Doctor Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. When this is done food is perfectly digested and assimilated and the body receives strength in the only way in which strength can be given—by the nutrition derived from digested and assimilated food.

"The praise I would like to give your 'Golden Medical Discovery' I cannot utter in words or describe with pen," writes James B. Ambrose, Esq., of 1205 1/2 Mifflin Street, Huntingdon, Pa. "I was taken with what our physicians here said was indigestion. I doctored with the best around here and found no relief. I wrote to you and you sent me a question blank to fill out, and I did so, and you then advised me to use Dr. Pierce's Golden Medical Discovery. I took three bottles and I felt so good that I stopped, being cured. I have no symptoms of gastric trouble or indigestion now."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good."

Dr. Pierce's Common Sense Medical Adviser, sent free on receipt of stamps to cover expense of mailing only. Twenty-one one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

SOMETHING THAT WILL DO YOU GOOD.

We know of no way in which we can be of more service to our readers than to tell them of something that will be of real good to them. For this reason we want to acquaint them with what we consider one of the very best remedies on the market for coughs, colds, and that alarming complaint, croup. We refer to Chamberlain's Cough Remedy. We have used it with such good results in our family so long that it has become a household necessity. By its prompt use we haven't any doubt but that it has had time and again prevented croup. The testimony is given upon our own experience, and we suggest that our readers, especially those who have small children, always keep it in their homes as a safeguard against croup.—Camden (S. C.) Messenger. For sale by O. O. Krogstad Druggist.

Tourist Excursions to the East

The traveling public will be interested to learn of the system of personally conducted excursion cars operated over the Rio Grande System, popularly known as "The scenic Line of the World." They are the regular Pullman tourist or "ordinary" sleepers, provided with comfortable berths' bedding and linen of the Pullman standard. They have separate lavatories, are all well lighted and heated and, in fact, are a most successful substitute for the more expensive "standard" sleepers, the difference arising from the character of upholstery furnished. A colored portir is in attendance with every car and besides him an excursion conductor, whose sole duty is to look after the pleasure and comfort of passengers in his charge.

These cars are run through to Kansas City, Omaha, St. Louis and Chicago, making close connections for Boston, New York and all eastern points.

This feature of travel has become so popular that there is now established a regular service of nine cars each week, offering a variety of routes, and schedules so arranged that stop-overs may be made, if desired, at Salt Lake City, Denver, or any point between.

No extra charge is made beyond regular tourist rates. To those interested will be glad to quote the lowest fares and furnish full information about the scenic beauties of the Rio Grande Route and its superior accommodations.

THE WHITE

IS KING

—OF—

Sewing Machines

and Bicycles

The application of ball bearings to our sewing machines has reduced friction to a minimum and emphasizes more strongly than ever the title of "LIGHT-RUNNING WHITE." Elegantly embossed woodwork, smooth band ironwork, easily kept clean, the finest set of attachments, automatic tension indicator and releaser, oil cups and needle bar—these are only a few of the many labor-saving devices applied to the WHITE.

The White Bicycle stands on its own merits. During the past few years its reputation has been maintained as the most durable, beautiful and light-running wheel. The White holds all Pacific Coast records from a quarter of a mile to a century, as well as the world's mile record, and in the International Six-Day Tournament held in San Francisco last year, the White won four out of eight prizes, no other make of wheel taking more than one of the rest. We have dealers in sewing machines and bicycles almost everywhere. If there is none in your town, write for catalogue and prices.
