Why Go East
over the sun-burned, sage-brush and alkali plains, when you may just as well take a delightful, cool and comfortable ride through the heart of the Rocky Mountains, in view of the grandest scenery on the American Continent?
This you can do by traveling on the Rio Grande System, the far-famed "Scento Line of The World," the only transcontinental line passing through Salt Lake City, Glenwood Springs, Leadville, Colorado Springs and Denver en route to eastern points.
Three daily express trains make close connections with all trains east and west and afford a choice of five distinct routes of travel. The equipment of these trains is the best, including free reclining chair cars, standard and tourist sleepers, a perfect dining-car service, and also personally conducted excursion cars, each in charge of a competent guide, whose business is to look after the comfort of his guests. No more pleasant and inexpensive means of crossing the Continent can be found than is provided by these excursions.
