

JUST IN TIME.

A motorman in Chicago ran his car into the approach of an open bridge but stopped it with the fender actually overhanging the gulf below. He wouldn't want to repeat the experiment because the chances are that he'd never again have the same good fortune.

Once in a while some one who has traveled to the very edge of the danger line of stomach disease stops just in time to save his health. But the majority of people go across the line, and slight symptoms of indigestion grow to disease of the stomach, involving the other organs of digestion and nutrition. The first symptom of indigestion should receive prompt attention. Indigestion and other forms of stomach "trouble" are perfectly and permanently cured by the use of Dr. Pierce's Golden Medical Discovery. It strengthens the whole body by enabling the perfect digestion and assimilation of food.

"I have been suffering for about eight years," writes Mrs. H. Pierce, of Millsprings, Ky. "I have had several doctors to treat me—some for female weakness and others for stomach trouble, but received no relief. When I wrote you for advice I was hardly able to work, and you advised me what to do. I began to take your medicine and the effects have been good. I was under the doctor's care every summer before this. I took nine bottles, five of 'Golden Medical Discovery,' four of 'Favorite Prescription,' also two vials of the 'Pellets.' Dr. Pierce's medicines will do all that you claim for them. Believe I would have been in my grave if I had not taken them."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach. FREE. Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

It was reported that Charles Bobell was very ill with an attack of the grip, but further investigation finds that Charles is suffering with inflammatory rheumatism.

Dr. Carter made a quick trip to the Alsea country last Monday.

Siletz Siftings.

Mr. Carey, engineer at the sawmill, is with us again.

Mrs. Bryant is again filling a vacancy at the Indian training school.

A social at the home of the Hall family Saturday evening was greatly enjoyed by those present.

The mail man tipped over Tuesday with a big load of freight and had to hustle to get the mail in on time.

Jim Gaither's friends are trying hard to keep his face in its natural position. A moment's meditation, and it is expressive of loneliness and misery. A whole load of sympathy does not re-

lieve him. Nothing but wife and children will restore the old look of contentment.

Hall Bros. have orders for lumber for two new houses. Jim Ross will build on his place two miles north of town and U. S. Grant near the old mill.

George Chambers and wife, after a good visit with the former's mother and among friends here, have returned to Toledo.

L. D. Wood of Kernville has been with us a few days looking after his interests here. Losses do not seem to dampen his ardor. He is the same cheerful associate.

Attorney Hawkins has been fishing and attending to legal matters here this week. Attorney Swope made his appearance at the Butler Fairchild trial. The latter was bound over to the higher court by Justice Grant.

Mrs. Arthur Bensell, seamstress at the Indian training school, has attained a high degree of proficiency in several lines of embroidery work. She has studied under some of the best teachers. A class was organized about Jan. 25, 1903, and adopted the title of Rebecas. They meet for study Monday, Tuesday and Thursday evenings. A visit Monday evening well repaid your correspondent. Ethel Logan, Malinda Collins, Susie Lafayette and Caroline Washington were engaged on Hanton lace work. Mrs. Bensell is coaching them in some special work for the Boston Indian Institute this fall. At the writer's suggestion that the class prepare work for the Lincoln County Fair they seemed favorably impressed, and we predict a fine display that will do our girls credit.

Arthur Bensell and wife and Mrs. Wm. Towner accompanied Mrs. Williams to Toledo Sunday, where she took the train Monday for Chemawa. Her health is very poor and she has the sympathy of all who had the pleasure of her pleasure during her short stay at the Agency.

John Spencer and Billy Metcalf, with their wives and three children, were thrown into the deep water of the Siletz river last Friday forenoon by the capsizing of a boat. It was a very narrow escape for Mr. Spencer and family. Billy Metcalf's swimming qualities saved them.

Died—Coquille Jim, at the home of Coquille Thompson, three miles north of town, Friday, March 27, at 3 a. m. He has left behind a legacy of a good name. He was a consistent member of the M. E. church for several years up to the time of his death. A large number of people were present Saturday afternoon, when his body was laid at rest in the Siletz cemetery.

The government employes are rushing the spring work and are ahead of everyone else with gardens. Charlie Ruhl, Charles Montgomery, William Alexander, E. H. Bryant and Hall Bros. will follow suit with better gardens this year than ever. Hall Bros. will put in nearly 40 acres of oats.

A letter from T. J. Buford says himself and wife are enjoying life at Los Angeles. His description of flowers and scenery are calculated to make some envious—not us. Oregon is all right!

Clrk Warren Brown of Yakima and the numerous other parties who have been transferred from here are, we imagine, dreaming about this time of the trout-fishing facilities they have enjoyed at Siletz. We pity them, and live in hope of meeting them again.

An old building occupied by the laundress, Mrs. David Adams, caught fire Tuesday and created some excitement for a few moments. The blaze was soon extinguished and peace reigned again. It is well the boys have their fire drill. The school is thoroughly equipped for fighting fire.

Wolverton Orton had one of the best gardens here last year and many said: "Wait until next year; he is just married now." From the preparations around his place we believe he will surpass us all again this year. He also has the best breed of hogs—the O.I.C.—in this part of the county, and is working into a superb stock of cattle.

"Oregon Literature" is appreciated by THE LEADER readers in Siletz.

A meeting of the school board of directors has been called for Monday at 4 p. m. at Mrs. C. G. Copeland's. All interested are earnestly solicited to be present.

Mink and other furs are being collected by Hall Bros.

Harry Winsor drove up to the landing in front of Hall Bros. store Wednesday forenoon, deposited the mail and was about to unload some freight when one of the horses became frightened and attempted to run away. One of the lines caught in one of the cross rings, but Harry is to be highly commended for hanging on to the horses

and keeping them going in a circle until freed from the buck-board, help arrived and the animals conquered. Repairs we quickly made by our blacksmith and the mail departed on time.

Tom Jackson is boiling—on his neck. Joseph Kosidor has equipped himself with a good saddle horse purchased for \$50 of Tenas Charlie.

Invitations were issued Wednesday by Mr. and Mrs. Arthur Bensell to all residents of Siletz to attend an April social in the girls' parlors at the Indian training school. Those responding were: Mrs. Delaurie, Messrs. Warren and Walter Hall, Misses Pearl Hall, Esther Copeland and Gay Spencer, Mr. and Mrs. Wm. Towner, Major McKoin, Prof. Gates, Mesdames Haller, Copeland and Alexander, Mr. and Mrs. E. H. Bryant. The host and hostess had a multiplicity of ways devised for the entertainment of their guests: Arranging a sentence from a heterogeneous mass of letters, the key to which hung on a wall in the form of a highly decorated motto: "Who enters here leaves sense behind;" quartet and tune contests; fifteen minutes to obtain a prize-winning record of April fools, music, sculpture work out of chewing gum, song contest from drawings illustrating the entertainment. Mrs. Haller won first prize for sentence work, a picturesque dunce cap; Maj. McKoin, second prize in a song contest, a comic placard as an adornment for the back; Mrs. Towner, third, a sheet of music; Mrs. Bryant, fourth, a piece of instrumental music. Candy, doctored and undoctored, was served. Miss Pearl Hall and Mr. Gates got alopathic doses of pepper. Selecting toes from underneath a curtain by the gentlemen to secure partners for the abundant refreshments and Bingo terminated a very pleasant social affair and ushered in April 2.

Johnson Jottings.

W. E. Ball and J. F. Stephens are improving the looks of the upper Drift river country by slashing the brush from the rich soil and seeding it.

W. E. Ball lost a fine cow recently. School opened March 26 in district No. 50, Chesley Bones teacher. School is held in Mr. Gordy's house.

Parmele brothers lost a fine cow last week, drowned in a tide slough, making two year.

G. S. Parmele made Squire Chatterton a business visit last Wednesday. Mrs. Parmele and Miss Keefer accompanied him, making Mrs. Chatterton a visit. They report the new road just fine, with the exception of one creek which needs a bridge.

T. J. Flavin of Portland, the post office inspector, visited Johnson last week. He said everything was all right—but what a road! He could not get out of here too quick. He went back by way of Newport. He said Mr. Lyne, the Kernville postmaster was a fine old man and kept his books all right. The Johnson postmaster wishes to say that Mr. Flavin understands his business, and if the least error on the books occurs it catches his eye in an instant. He also is a perfect gentleman, and worthy all the honors of his office.

Chitwood Chips.

The cake social was well attended last Tuesday night, and the program was fine. Bingo and Ruth and Jacob were the principal amusement.

R. W. Pepin received a letter one day this week which announced his wedding day—May 1. The bride's name we have not learned, but suppose she is a blonde, as Ralph is a fair young man.

April Fool's day has been well played by some of the young folks.

Harry Eyre is going to discharge the railroad and start a dray line of his own if they do not haul in a car of hay once in a while.

Miss Millie Gear started Tuesday for Portland to take a course in nursing.
