Adjourned to meet Wednesday, September 2, 1903.

The management have secured a part of the livery stable of Hall & Anderson and will have ample room for the live stock show. The quality of the stock to be exhibited promises to be better than the animals shown last year, as all sheep and cattle must either be registered or eligible to registry. This will cut down the exhibit but there are sufficient sheep in the county that are pure-bred to make a fine showing and some of our cattlemen have animals that are eligible to registry or have certificates of record. The object of the Association in cutting out the grade and scrub is to encourage our ranchmen to raise stock of a better quality. There will be a class premium for the different breeds of sheep

and the blue ribbon animals alone will be eligible to compete for the sweep-stake prize. This will do away with the unpleasant misunderstanding that occurs so frequently in show rings where animals of all breeds and grades are permitted to compete for the grand prize. Beef and dairy cattle will be shown in a separate class, each to be judged on their own merits and for their especial purpose. If the stockmen in the county will bring what animals they can, that are pure-bred, we will have a show that we may be proud of, and if our stock show consists of no more than three or four of each breed and class it will demonstrate the fact that the ranchmen are awaking to the idea that blood tells, and others will pattern after the example and Lincoln county will soon contain as good sheep and cattle as the valley counties.

The exhibit of fruit and vegetables promises to be large, several of our local gardeners are already making preparations for the fair.

The committee on amusements are negotiating with the Indians at the Siletz Agency to give a war dance if their services can be secured, this will be a drawing card and will induce a great many outsiders to visit Toledo during the fair.

If the present interest manifested by some of our citizens is kept awake and spreads through the county as it should, the third annual fair of Lincoln county will be a successful one.
