We notice that one of our polished contemporaries humorously refers to the error in last week's LEADER in regards to the date, in the call for county warrants. We have corrected the error and can only meekly add, that "wise men make mistakes—fools never do."

The Jeffries-Corbett mill come off on schedule time at San Francisco last Friday and Pompadour Jim went down and out in the tenth round. This will undoubtedly finish his career in the prize ring and his ambition to pose before the sporting world as a pugilist. His egotistical theory that a massive brain would aid him in winning the victory over animal instinct and brute force vanished in thin air when Jeffries landed on his pancreatic region. Some of Jim's enemies may unkindly remark that the massive brain dropped into the feet of the fallen gladiator, thus accounting for his sluggish movements and inability to keep out of Jeff's way.

Nebraska is rapidly placing herself in the front ranks of the Republican party, and regaining her lost political prestige, caused by bowing to strange gods and following the fallacies of Bryanism, by the declaration on National Issues of the Republican State Convention held at Lincoln Nebraska, Aug. 18, which read as follows:

"We congratulate, not only ourselves, but the people at large, that the administration of our national affairs, and our negotiations with foreign nations, are being conducted by the courageous Republican President, who knows no fear, who courts no favor, but who loves peace crowned with honor, and in whose charge we have a feeling of perfect safety and security; a president whom the American people now desire to honor with a second term as the chief magistrate of the greatest and grandest nation of the earth—Theodore Roosevelt.

"We adhere to the American protective policy of the Republican party which has increased the revenues and not impeded trade; which has opened the doors of mills and factories to millions of American skilled mechanics, and is returning to them the higher wages which are the just recompense of their toils.

"The Republican party recognizes that legitimate business, fairly capitalized and honestly conducted, has increased our industries at home and expanded our trade abroad, and enabled us to compete successfully with foreign countries in the markets of the world but the Republican party is unalterably opposed to all combinations of capital under whatever name, having for their purpose the stifling of competition and arbitrarily controlling production or fixing prices.

"For the nation's defense; for the strengthening of the navy; for the enlargement of our foreign commerce; for the employment of American workingmen in mines, forests, mills, factories and ship yards, and for the enhancement of the value of farm products, we favor such appropriate legislation as shall make the seas give evidence that American-built and American-owned and American-manned ships are carrying American foreign commerce to the four corners of the earth. It is the wish of the Republicans of Nebraska that every ship that carries American goods and American products into the harbors of foreign nations shall sail under the American flag.

"The Philippines are ours as the legitimate and crowning result of honorable warfare, and we hold them not for barter or for sale, but as a part of the National domain made sacred to us by the American blood which has been shed to plant and maintain the Stars and Stripes upon the far-off isles of the Pacific ocean.

"Under the administration of the Republican Presidents, McKinley and Roosevelt, the people of those islands have received the benefit of American laws; their burdens are being lightened; their hearts are being gladdened; their homes are being brightened, and their children are being dedicated to a wider and purer civilization, and we shall ever guard and protect them as an inheritance as sacred to us as the principles of liberty and government."
