When you arrive, you are there.

The Rock Island System has an enormous advantage over other western railroads in the fact that its Chicago terminal—the La Salle Street Station—is the only railroad station on the Elevated loop.

It is located in the heart of Chicago—only a block from the Board of Trade; two blocks from the Post Office; within easy walking distance of the principal theatres, hotels and stores.

The trains of all Chicago's elevated railroads pass its doors and take you quickly and for a 5-cent fare to any part of the city.

Three routes East—via Denver, Omaha and St. Paul.
