

# Catarrh

## Invites Consumption

It weakens the delicate lung tissues, deranges the digestive organs, and breaks down the general health.

It often causes headache and dizziness, impairs the taste, smell and hearing, and affects the voice.

Being a constitutional disease it requires a constitutional remedy.

## Hood's Sarsaparilla

Radically and permanently cures catarrh of the nose, throat, stomach, bowels, and more delicate organs.

Read the testimonials.  
No substitute for Hood's acts like Hood's. Be sure to get Hood's.

"I was troubled with catarrh 20 years. Seeing statements of cures by Hood's Sarsaparilla resolved to try it. Four bottles entirely cured me." WILLIAM SHERMAN, 1030 6th St., Milwaukee, Wis.

Hood's Sarsaparilla promises to cure and keeps the promise.

### Had The Marks.

The father of a Kensington schoolboy does not feel satisfied with the progress his son is making in the public school which he is attending. The other evening he said to his wife, "Why is it that Johnny never brings home any good marks from school?"

"He does," promptly answered the fond mother.

"But I never see them."  
"They're not where you can," came the quick reply.—Philadelphia Public Ledger.

### The Longest Day.

Teacher—You must remember, children, that Dec. 21 is the shortest day we have. Do you remember the longest?

Freddie—Yes'm. It's July 3, when you're waiting for firecracker day.

### Among Those Not Present.

Teacher (of school in Ohio)—Mention the names of the great men born in Ohio, as near as you can remember.

Pupil—Well, there's President Roosevelt, David Bennett Hill, Senator Hoar, Admiral Dewey, Chauncey M. Depew, Ben Tillman—

Teacher—You are all wrong. Not one of those men were born in this state.

Pupil—I'm naming the great men that were not born here. That's easier.—Chicago Tribune.

The INTERNAL REMEDY  
No Case Exists It Will Not Cure

### Of Men and Women.

Man admires woman, but loves himself; woman loves man, but admires herself.

He who thinks to please her by taking her at her word is either a born fool or a self made one.

Man is logical, but unreasonable; woman, irrational, but convincing.

If a man observes a woman carefully, he will learn everything about her—that she wants him to know.

The best cure for a man's conceit is woman's laughter.—Smart Set.

### Started the Cashier.

Stranger—Are the waiters here attentive to you?

Pretty Cashier—Sir-r-r.

Stranger—Oh, no offense, I assure you. I was only carrying out the instructions as printed on the bill of fare, which says: "Please report any inattention of waiters to cashier." And I thought if they are inattentive to you I would report them—that's all.—Baltimore American.

### More Proof.

The New York World remarks that whether or not wealth is a curse to children depends upon the kind of parents they have.

This again shows that in the selection of their parents children should exercise the very greatest care.

# My Lungs

"An attack of la grippe left me with a bad cough. My friends said I had consumption. I then tried Ayer's Cherry Pectoral and it cured me promptly."  
A. K. Randles, Nokomis, Ill.

You forgot to buy a bottle of Ayer's Cherry Pectoral when your cold first came on, so you let it run along. Even now, with all your hard coughing, it will not disappoint you. There's a record of sixty years to fall back on.

Three sizes: 25c., enough for an ordinary cold; 50c., just right for bronchitis, hoarseness, hard coughs, etc.; \$1, most economical for chronic cases and to keep on hand.  
J. C. AYER CO., Lowell, Mass.

## HUMOR OF A REVOLUTION.

Colombian General Needed Milk to Screw His Courage to Fighting Point.

The latest revolution in Colombia had many farcical features. One of the funniest of these was the incident of the general who would not fight without his milk. General Perez was in command of the government troops at Cali. One day news arrived that the liberals had captured a neighboring town. Perez was ordered to start with his army at 7 o'clock next morning to attack them. He went to the barracks, made a patriotic speech to the soldiers and told them to parade at the appointed hour. Then he sauntered into the Hotel America, Cali's finest restaurant, and ordered coffee for 6:30 in the morning.

The troops were lined up at that hour outside the hotel and the general strutted to and fro, waiting for his coffee and telling everybody what terrible things he was going to do to the enemy. But a complication arose. Perez had not been general long, but he wanted milk in his coffee, whereas nine Colombians out of ten are content with black coffee. There was no milk. The cows are kept three or four hours' journey out of town, and, of course, milk cannot be kept over night in that tropical climate. The hotel folk figured that the milk could not arrive before 11 o'clock.

The general fumed and fretted. Some of his officers suggested that he had better start without the milk or the would escape, but he said it was impossible to fight on black coffee. He sent a soldier post haste to fetch the milk and then another after him to hurry him up. Meanwhile the army stood in the broiling sun for hours, awaiting the order to march. It was nearly noon when the messengers returned.

"No milk," they reported.  
"Caramba! Then I won't march till tomorrow."

And the general dismissed his men and would not go until the next morning after his cafe au lit. Of course, when he reached his destination the liberals had flown and he was deprived of his glorious victory by a miserable spoonful of milk.

## AN AMERICAN WOMAN.

Inspired the Fight for a Protective Tariff in Great Britain.

One of the most powerful women in the political life of Great Britain is Mrs. Joseph Chamberlain, wife of the ex-Colonial Secretary and a daughter of the late W. C. Endicott, of Salem,

MRS. JOSEPH CHAMBERLAIN.

Mass. Mrs. Chamberlain is a strong believer in the American policy of protection and those on the inside say that she had a determining influence upon her husband, when he resigned from the cabinet of Lord Balfour and took up the fight as a private citizen for a protective tariff for Great Britain.

Her influence over her husband is unbounded and the easiest and safest way to reach the noted British statesman is through his still handsomewife. Since taking up her residence in England she has made a study of British politics and is more thoroughly grounded in them than many men who hold positions in official life. She is the political adviser of her husband and thus indirectly wields a tremendous power.

### Escaped Punishment.

A Philadelphia schoolmistress was giving her pupils instruction in the elements of physiology, and among other things told them that whenever they moved an arm or leg it was in response to a message from the brain. "The brain always sends a message to your arm or your leg whenever you wish to move that particular member," she explained.

At last a mischievous boy aroused her anger by his apparent inattention to the lesson.

"Hold out your hand!" she exclaimed. The boy did not move. "Why don't you hold out your hand?" said the teacher.

"I'm waiting for the message from my brain," said the lad.

### Will Save Time.

The new Pennsylvania Railroad bridge across the Delaware at Trenton will bring Philadelphia twenty minutes nearer New York. The total cost is \$3,500,000.

# WOMEN ARE ESPECIALLY LIABLE TO COLDS

Colds Invariably Result in Catarrh, Which Sets Up a Host of Distressing Diseases.

PE-RU-NA Both Protects and Cures a Cold--Read Proof

Miss Rose Gordon

Miss Rosalie Von Struening

Miss Rose Gordon, 2,102 Oakland av., Oakland Heights, Madison, Wis., writes:

"A few years ago I caught a severe cold, which resulted in chronic bronchitis and catarrh. Our family physician prescribed medicines which gave temporary relief only. I began taking Peruna and improved at once. Two bottles cured me. I recommend Peruna to all sufferers, and am most grateful to you for your valuable medicine."—Miss Rose Gordon.

Washington, D. C., 609 H Street, N. W. Dear Dr. Hartman:—"I used to think that the doctors knew all about our aches and pains and were the proper ones to consult when sick, but since I have been sick myself I certainly had good reason to change my mind. During the winter I caught a heavy cold, which developed into catarrh of the bronchial tubes and an inflamed condition of the respiratory organs. The doctors were afraid that pneumonia would set in and prescribed pills, powders and packs until I sickened of the whole thing, as I did not improve. One of the ladies in the Home had a bottle of Peruna and she advised me to try that. Shortly after I began using it I felt that I had found the right medicine. I used two bottles and they restored me easily and pleasantly to perfect health. While my stomach was very delicate, Peruna did not nauseate me in the least, but gave me a good appetite, and I wish to express my gratitude to you for restored health."—Miss Rosalie Von Struening.

### CATCHING COLD.

Is the Beginning of Most Winter Ailments—Pe-ru-na Protects Against and Cures Colds.

There is no fact of medical science better established than that a teaspoon full of Peruna before each meal during the winter season will absolutely protect a person from catching cold. Now, if this is true (and there is no doubt of it), thousands of lives would be saved, and tens of thousands of cases of chronic catarrh prevented, by this simple precaution within reach of every one.

After a cold has been contracted a teaspoonful of Peruna every hour will shortly cure it, leaving no trace of it behind. After chronic catarrh has become established, or the first stages of chronic bronchitis or consumption have been reached, it will take much longer to effect a cure.

It seems strange that as well known and well established as these facts are any one should neglect to profit by them, and yet no doubt there are many who pay little or no attention to them

and go on catching cold, acquiring chronic catarrh, bronchitis and consumption.

Catarrh May Permeate the Whole System.

Mrs. Mary E. Sampson, West Derry, Rockingham county, N. H., writes:

"I had terrible headaches, both ears run and I was nervous all the time, also had trouble each month; was deaf in one ear for thirty years. I took six bottles of Peruna and one of Manalin and am happy to say that it is the best medicine that I ever used. I am not so nervous, my appetite is good, everything I eat agrees with me, and I am feeling better in every way. I think Peruna is a Godsend to women and a blessing to suffering humanity."—Mary E. Sampson.

If you do not derive prompt and satisfactory results from the use of Peruna write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.
