

Spring Medicine

There is no other season when good medicine is so much needed as in the Spring.

The blood is impure, weak and impoverished—a condition indicated by pimples and other eruptions on the face and body, by deficient vitality, loss of appetite, lack of strength, and want of animation.

Hood's Sarsaparilla and Pills

Make the blood pure, vigorous and rich, create appetite, give vitality, strength and animation, and cure all eruptions. Have the whole family begin to take them today.

"Hood's Sarsaparilla has been used in our family for some time, and always with good results. Last spring I was all run down and got a bottle of it, and as usual received great benefit." Miss BRULAN, Boxer, Stowe, Vt.

Hood's Sarsaparilla promises to cure and keeps the promise.

Getting Rid of Matilda.

Conjurer (pointing to his cabinet)—Ladies and gentlemen, I now call your attention to the great illusion of the evening. I will ask any lady in the audience to step on the stage and enter the cabinet. I will then close the door. When I open it again the lady will have disappeared, leaving no trace.

Husband (to his wife)—Matilda, my love, do oblige the gentleman and walk about up.—Answers.

THE KING OF BLOOD PURIFIERS SSS

No remedy ever yet discovered has met with such popular favor as S. S. S. The people everywhere indorse it, and there are few homes where S. S. S. for the blood is not known and used. It is superior in many ways to the ordinary blood medicines. In the first place S. S. S. is a guaranteed purely vegetable compound, made exclusively of medicinal roots selected for their wonderful purifying and tonic properties that act upon the blood, purging it of impurities and restoring it to a healthy, natural condition. At the same time, under its tonic effects the general system improves, the sluggish organs are toned up, and renewed strength and vigor and better health is the result. No bad after-effects follow the use of S. S. S., as so often happens with blood medicines containing strong minerals, which derange the stomach and digestion and in other ways damage the system. For diseases of the blood, such as Chronic Sores, Rheumatism, Catarrh, Scrofula, Boils and Pimples, Eczema, Tetter, Blood Poisons, and other troubles due to impure or bad condition of the blood, no remedy acts so promptly and thoroughly as S. S. S. It reaches deep-seated, long-standing cases, upon which the ordinary potash and sarsaparilla compounds have no effect. Even where there is an hereditary predisposition to disease, S. S. S. will search out and remove from the blood the fixed poison and build up the health; it enriches and purifies weak, thin blood and stimulates the circulation. Pure blood is essential to health. You can exist without good blood, but can never be robust and strong; for every organ, tissue and nerve in the body looks to the blood for nourishment, and unless this vital fluid is kept in a pure, healthy state, the rest of the body suffers and the system soon breaks down. Nature has provided in S. S. S. a remedy for diseases of the blood which long experience and a thorough test have proven superior to all others, and the acknowledged "King of Blood Purifiers."

ALWAYS KEEPS S. S. S. ON HAND.

Monticello, Ark., May 21, 1903.

Gentlemen:—For about twelve years I have been using your S. S. S. as a household remedy. I have taken it as a tonic and appetizer, and believe there is none better. I have used it for my children at various times for little skin eruptions, boils and poisons caused by playing with weeds. S. S. S. is my standard, never mind what is the matter. If I use a bottle of S. S. S. it tones up the system, cleanses the blood and makes me well again. As an all-round family medicine I consider S. S. S. the best remedy of the kind that have I ever used, and generally keep it on hand as a family remedy.

Left-Handed Penmen Not Wanted.

Few business men will employ a left-handed person as a clerk or book-keeper and the prejudice against them extends to the government departments at Washington. The chiefs of those departments are entirely willing to overlook bad penmanship on the part of a really good and industrious clerk, but it is the man or woman who writes with the left hand at which the balk is made. The dead line is drawn just the moment it is ascertained that a clerk is left-handed and he is forthwith informed that if it is his desire to continue in government service it will be necessary for him to write with his right hand. This information is always a bitter pill for the left-hand penholders, but there is nothing to be done but begin to write with the right hand or "throw up the job," and few are anxious to quit government service even for this cause.

Good Time to Die.

Gloomy Man—Who is the fool who wrote "I Would Not Die in Spring-time?"

Wife—Fool!

Gloomy Man—Yes. Springtime is just the season to die. Escape the spring house cleaning, you know.

That Acid Trouble.

Colusa, Cal., April 18th.—Much has been said and written recently about Uric Acid in the system; what causes it and how to get rid of it. It is known to be the first cause of Rheumatism and many other diseases and has therefore received a great deal of attention from medical men.

Mr. L. F. Moulton of this place claims that he has solved the problem of how to get this acid out of the system. He says:

"I had this acid trouble myself for years. At times the kidney secretions would be very profuse and at other times scant but the acid was always my greatest trouble. Medicine failed to cure me till at last I heard of a remedy called Dodd's Kidney Pills and after taking a box I seemed to be entirely cured. However it came back on me and this time I took several boxes with the result that I was completely and permanently cured. This was three years ago and I have not had a single symptom of the acid trouble since. I am 75 years of age and I am well as ever I was."

Entire Wheat Bread.

Scald a half pint of milk, add water, salt and yeast. Then add slowly, beating all the while, five half-pint cupfuls of whole wheat flour, knead ten minutes, using another cupful of flour. Put this dough in a bowl, cover and stand in a warm place, 80 degrees Fahrenheit, for two hours or until very light. Then mold carefully into two loaves, cover again for one hour and bake in a moderately quick oven for forty-five minutes.

Almond Custard.

One quart of milk, two cupfuls of sugar, one-half pound of almonds, blanched and pounded fine, four eggs, and four teaspoonfuls of rose water. Stir over the fire until as thick as cream, then set in the oven until firm. Just before serving cover with whipped cream, tinted delicately pink with strawberry syrup or red currant jelly.

Dinner Bonbons.

Delicious dinner bonbons are made by chopping peanuts or almonds very fine, mixing them with the white of an egg, a little sugar and just enough sherry to flavor, and pressing the paste into the cavity made by removing the stones from fresh prunes or dates. The fruit is then rolled in powdered sugar.

Bacon Soup.

Cut two slices of bacon into small dice. Put them in a kettle and fry brown with an onion, sliced, and two tablespoonfuls of flour. Add a quart of boiling water, two cold boiled potatoes, a cup of stewed tomatoes and a little celery. Season to taste. This is a quick and economical soup and very nice for a change.

Raspberry Trifle.

Line the bottom of a deep dish with thin slices of sponge cake and squeeze over this a little raspberry juice. Cover the cake with a thick layer of sweetened red or black raspberries. Put a layer of cake on top of this and more berries, and when the dish is three-quarters full pour over all a thin boiled custard.

Chocolate Bread Pudding.

Chocolate Bread Pudding.—Soak two cupfuls of bread crumbs in two cupfuls of scalded milk, add two-thirds cupful of sugar, two squares of chocolate previously melted, and one teaspoonful of vanilla. Mix well and bake in a buttered dish one hour.

Mincemeat.

Mincemeat.—One cup chopped meat, three cups chopped apples, one cup sugar, one and one-half cup raisins, one and one-half cup currants, one-third cup molasses, one cup liquid in which meat was boiled, two teaspoons each salt, cinnamon, cloves and allspice, one-half cup vinegar.

Fruit Jumbles.

One pound of sugar, one pound of butter, one pound and a quarter of flour, six eggs, half a pound of currants, a little soda and nutmeg. Mix the butter, sugar, spices and eggs, then the currants, next the soda, and lastly the flour.

Cocoanut Biscuit.

Grate two ounces of cocoanut, mix with a quarter of a pound of powdered white sugar, and the whites of three eggs, previously beaten to a stiff froth. Drop small pieces of this mixture on paper, place in a baking tin, in a slow oven for about ten minutes.

Lemon Pie.

Lemon Pie.—One lemon, using rind and juice, one cup sugar, one cup water, one tablespoon flour, three eggs. Bake in rich crust and cover with meringue.

Hints for the Housewife.

Before chopping mint for sauce, sprinkle it with sugar. It will then be chopped fine easily and quickly.

A woolen cloth is far better than a brush for polishing a grate, for it does the work more cleanly and produces a softer gloss.

After ironing shirts, etc., place them by the fire till perfectly dry, for this quick dry insures their being as stiff as possible.

It is a good plan to partially fill valuable china vases with sand or to place shot in them, for thus they are rendered too heavy to be easily upset.

Remember that stored blankets and other woolen articles may be kept from months if some well-dried yellow soap be cut up and scattered in their folds.

To serve stewed figs with whipped cream, put each fig on a small square of sponge cake neatly cut and pile whipped cream on the top.

Drain oysters on a napkin before making a stew. Rub the saucpan with butter, heat very hot, put in the oysters, and turn and stir until well plumped and ruffled before making the stew proper.

"PE-RU-NA TONES UP THE SYSTEM IF TAKEN IN THE SPRING."

SAYS THIS BEAUTIFUL YOUNG GIRL.

MISS MARJORY HAMPTON, OF NEW YORK.

Miss Marjory Hampton, 2616 Third Avenue, New York City, writes: "Peruna is a fine medicine to take any season of the year. Taken in the spring it tones up the system and acts as a tonic, strengthening me more than a vacation. In the fall and winter I have found that it cures colds and catarrh and also find that it is invaluable to keep the bowels regular, acting as a gentle stimulant on the system. In fact, I consider it a whole medicine chest."—Miss Marjory Hampton.

PURE BLOOD Blood Impurities of Spring—Cause, Prevention and Cure.

Dr. Hartman's medical lectures are eagerly scanned by many thousand readers.

One of the most timely and interesting lectures he ever delivered was his recent lecture on the blood impurities of spring.

The doctor said in substance that every spring the blood is loaded with the effete accumulations of winter, deranging the digestion, producing sluggishness of the liver, overtaxing the kidneys, interfering with the action of the bowels and the proper circulation of the blood.

This condition of things produces what is popularly known as spring fever, spring malaria, nervous exhaustion, that tired feeling, blood thickening and many other names.

Sometimes the victim is bilious, dyspeptic and constipated; sometimes he

is weak, nervous and depressed; and again he may have eruptions, swellings and other blood humors. Whichever it is, the cause is the same—effete accumulations in the blood.

Nothing is more certain within the whole range of medical science than that a course of Peruna in early spring-time will perfectly and effectually prevent or cure this almost universal affection.

Everybody feels it in some degree.

A great majority are disturbed considerably, while a large per cent of the human family are made very miserable by this condition every spring.

Peruna will prevent it if taken in time.

Peruna will cure it if taken as directed.

Peruna is the ideal spring medicine of the medical profession.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.
