OUR SILETZ FRIENDS

The closing exercises at the school Thursday evening were very good and characteristic of and the result of the excellent work accomplished the past year. The boys and girls awakened pride in the hearts of the parents present and received encouragement from all for the excellent manner in which they acquitted themselves. Superintendent McKoin's remarks were very practical and full of good advice. C. L. Gates, the teacher, is an earnest worker. Mrs. Haller, who has served faithfully as boys' matron will accompany Major McKoin and C. L. Gates east Friday. We sincerely thank them for the help afforded us in our work and say goodbye with regrets but feel confident they will enjoy the journey and their visit to the St. Louis Exposition and old home places. Mrs. Marion DeLoss, who has served as clerk so well as to command the highest esteem of all, will be left in charge at the close of this fiscal year. It is a source of gratification to all that so much has been accomplished and in such a quiet and thorough manner. There has been less imprisonments for misdemeanor than any year during our stay. Gambling has been greatly checked.

Services for a time we understand will be discontinued at the Catholic church. The brother's health has been poor for some time and he will go to a hospital for treatment. Rev. Bacher contemplates a trip to Europe. Later the members will assemble as usual for services every Sunday.

Dr. Wetmore is an enthusiastic amateur photographer. We had to take a window out for a good view of the school buildings Monday. As this is the third time, we are contemplating building a platform on the roof.

William Smith has leased his place on Rock creek to Mr. Babcock and moved to Siletz. He will work for Hall Brothers and make his home temporarily with Robert Tronson.

Jim Brown had a race after the mail team, which, when left alone a moment started home. They were overtaken near Billy Metcalf's. No damage done. Willie and Frances Alexander and Ed Altree and wife went out with a large load of supplies to Mr. Alexander's claim Saturday.

It was a delight to see the girls of the Indian training school in their new dresses marching to Sunday school last Sunday.

Warren Hall freighted 2200 pounds from Toledo Saturday. A good supply of hardware, dry goods and groceries.

C. B. Crosno and sons Ade and Cliff passed through the agency Monday en route to the latter's claim.

L. D. Wood disposed of his wool crop in Toledo Saturday. Major Ludson hauled it over for him.

Clayborne Arden will occupy the old house vacated by Harry Chapman.

I don't like these skyscraper hats the girls are wearing. Do you?

Abe Logan is up from Salmon River. Mrs. Calahan's little girl is quite sick. Mrs. Albert Martin is expected home this week.

Roy Bryant visited in the county seat Monday.

The song of the mower was heard this week.

Charlie Johnson is busy hauling lumber to his place.

Jennie Jacobson came over after her father Saturday.

Pete Collins is busy hauling wood for the Indian school.

George Newberry will work for Lester Waugh on his ranch.

Tom Hollis went out with E. T. Hamar peel bark Monday.

Wm. Smith was disposing of his wool (sheep's wool) Monday.

Fred Wessel of Depot Slough was over buying young pigs.

Not a vacant seat at the services Sunday morning at the church.

The largest bananas at Chas. Montgomery's we have ever seen.

Some of our people enjoy watching the Indians catch eels at night.

Newport will receive a goodly number of our people on the Fourth.

Miss Nora Krogstad of Toledo is a guest at the home of Mr. and Mrs. E. H. Bryant.

Brown Arden in response to an order from Frank Carson of Toledo, delivered his organ Monday.

Harry Chapman has moved into the new house of Mrs. U. S. Grant and will remain with his sister.

Curtis M. Brown says it is \$1000 fine for even frightening a mail carrier, and he warns all interested.

Mrs. C. G. Copeland is attending the Pioneers' meeting in Portland and will return accompanied by her mother.

Miss Robbins received the examination papers for the eighth grade Monday and will hold the examination soon.

Things are becoming very quiet in Siletz. Boys at work in chittim camps. Some down the river, at Newport and in the valley.

Larkey Logan is painting the inside work for Micek, while John is busy papering and making the dining room and everything present a clean and neat appearance. He has a cash register that is a beauty.

Kernville Items.

Mr. Wolf of Perrydale and daughter Lillia are campers here. Mr. Wolf is looking for a home here. He is delighted with the green grass, even to the tops of the highest hills. He says it is the driest in the valley he has known it during the fifteen years he has lived there.

Sheep-shearing is in progress.

Parme brothers state that of all grasses old timothy gives the best satisfaction.

Mr. Rey is expected the first of July with another load of supplies on the steamer Della. He will take all your butter, eggs, chittim, wool and hides.

Harlan Items.

As I haven't seen anything from our section of Big Elk for a long time, I will give you a few items if you will give them space in your valuable paper.

I hear Mr. Hart is trying to sell out. A family is looking over the place.

Bernice Grant was called to the bedside of her sister, Cora Davis, who is very sick, but was improving when last heard from.

George Ridenour and Lester January are off peeling chittim. Athel Hathaway has also left us and gone to Corvallis. I understand he has sold out to his father and a younger brother.

Our neighborhood is a little bit quiet now, as some of the folks are gone. Mr. Stoner's family are in Washington peeling chittim. Bob Kester went with them. Mrs. Kester went to Sumpter some time ago to see her daughter, who has been very sick. Mr. Kester is doing the bachelor act.

The weather is ideal; crops are looking fine; live stock of all kinds is fat and wintered as well as at any time since I have been in this country. The range has been extra good. Joe Stevens lost three cows from poison after the feed became good; Frank Grant's folks lost two cows from the same cause, and the Davis boys three or four. Sheep and goats wintered well and sheared well, and we got from 31 to 33 cents for mohair and from 18 to 22½ cents for wool. We also had a good increase in lambs and kids, and I think we will have no trouble raising them if the Grant boys keep up their lick killing bear and wildcats. They have killed seven bear and 2 wildcats during the past four weeks. Six of the bear were large ones, the other a yearling. The boys have only seven dogs now, but think of raising more if the bear keep coming in.

The supervisor is working the road this week in the lower end of the district. He has got it in very good shape out toward the valley. I wish it was as good to Toledo, but never mind; we have a commissioner close to the worst part of it, and I think he will want to see a good road from this part of the county to Toledo. If we had a good road, which could easily be made, we could make the drive to Toledo easier than to Corvallis, and our trade could be kept at home, which amounts to considerable now, as there are several thousand pounds of wool and mohair raised here. I will close, as I must go hoeing in the garden.

[Call again, stranger. Your remarks about good roads and keeping trade at home will be endorsed by every sensible and fair-minded man in the county. Every taxpayer is entitled to the easiest possible connection with the county seat.—THE EDITOR.]

Waldport Items.

Captain Louis Colvin has successfully launched his new boat, and on Sunday, June 12, invited several of our best young ladies and took a 16-mile trial test to Tidewater and back. The little launch started off smoothly and at a good speed. She is a beauty, and Captain Colvin handled her like a veteran. He is very proud of her. They had a fine ride, and all pronounced the boat a success.

Charles Bobell had the misfortune last Saturday to lose freight valued at \$50, which he was taking across the bay for C. L. Diven. His boat swamped in about twelve feet of water.

Three covered wagons and a family from Wyoming passed through this place last Saturday to spend some time at the beach. We hope to have them remain among us.
