

A Child Can Buy as Cheap as a Man at Stewart's

Let's Have a Talk:

NOW IT'S JUST THIS WAY: I have just got in my **Fall Stock of Dry Goods and Shoes.** These stocks are not the largest in Oregon, or anything like that, but

They are Good-Sized Stocks and Well-Selected, Seasonable Goods

I am selling them a little closer than the same quality of goods were ever sold for before in Lincoln county. To be honest, I have got to sell them, as I must keep things going.

Maybe you do not trade with me; maybe you do; but whether you do or not, wouldn't it be fair to look my stock over and see what I've got, and what I ask for it?

I am still selling **Clothing at Cost**, but you will have to come soon for a good selection.

That 20-cent Ladies' Hosiery is a cracker-jack, all right. I can't tell you all of it. Come in and see the goods.

Elk City Events.

Last Saturday night the Oddfellows and Rebekah lodges held a joint installation of officers. Members of the lodge were present from Eddyville, Chitwood, Pioneer and Toledo. George Sylvester of Newport was the installing officer. Captain McJunkin brought up from Toledo Messrs Krogstad, Peterson and King and Mesdames Schenck, Espy and Arnold. A large number of invited guests were present. After the installation ceremonies were over a sumptuous repast was served in the hall. The Rebekahs of Elk City have an enviable reputation as cooks and entertainers and they gained new laurels on this occasion. After the feast was over a short program was rendered and short addresses were made by lodge members and visitors. As it still lacked a little of morning, the younger portion of the assembly passed the time away with games and marches. It was a very pleasant and enjoyable time. P. A. Miller and Ches Morrison didn't appear to relish the supper—after they had worked at it for an hour.

Mrs. Schenck analyzed man, and after she got through with him he looked like a fractional part of an atom.

B. F. King would like to have the installation every two weeks or oftener.

May the Elk City Oddfellows and Rebekahs live long and prosper.

Kernville Items.

Joseph Sijota is hauling lumber to build a new house.

Lilburn Hardin was the first to get lumber for a new boat made from the lumber sawed at the Siletz Bay mill. The girls will now get a ride.

Prof. Hanson, after a few days' visiting around, resigned his position as teacher of the Intermediate Mission School and B. O. Lockwood, an experienced teacher from Nebraska, and Miss Myrtle Parmele, who has been a teacher for seven years in Tillamook and Lincoln counties, are carrying on the school to the satisfaction of all. Miss Carrie Lockwood is teaching stenography.

There is still room for more boys to work in the sawmill to pay their board while attending school. The schoolhouse is near the mill. The boys say it is more fun to work in the mill than to play ball; besides they learn the trade.

Cured Lumbago.

A. B. Canman, Chicago, writes March 4, 1903: "Having been troubled with Lumbago at different times and tried one physician after another; then different ointments and liniments, gave it up altogether. So I tried once more, and got a bottle of Ballard's Snow Liniment, which gave me almost instant relief. I can cheerfully recommend it, and will add my name to your list of former sufferers." 25c, 50c and \$1. Sold by O. O. Krogstad, druggist.

Chitwood Items.

(Too late last week)

Everyone seems to have plenty of work to do to keep them out of mischief.

F. L. Chitwood is building a good house on his homestead for himself and—well, we don't know her name.

A fine time was had at R. R. Wood's on Christmas. There were 29 persons present, mostly relatives. A sumptuous dinner was served of everything good to eat that one could wish, including turkey with cake and pie galore. They also had a nice program. The children spoke some pieces and sang some songs and all joined in singing some good old hymns. J. E. Wilson gave a comic recitation entitled "The Changes in 300 years," then sang several songs.

Say, what is the matter with the Rail Road Company? There has been freight laying in the depot at Albany—some of it for about two months—with freight prepaid to Chitwood, but the C. & E. won't bring it, and the only reason given for not bringing it through is they don't know how much to charge to bring it. C. D. Wildman, R. L. Wildman, C. S. Wilson, Archie Wilson, A. L. McDonald and G. T. Smith have goods laying in the depot at Albany. What can be the matter? We wish the company would either send the goods or explain why they don't. Some of these goods belong to families who bought their winter's goods that they actually need.

The regular Farmers' Meeting held every other Tuesday night at the Chitwood Schoolhouse. Last Tuesday the 3rd, the topic for discussion was "What are We Going to do Toward Representing Lincoln County at the World's Fair at Portland? If you want to hear something good come to our next meeting."

Chamberlain's Cough Remedy the Best Made.

"In my opinion Chamberlain's Cough Remedy is the best made for colds," says Mrs. Cora Walker of Porterville, California. There is doubt about its being the best. No other will cure a cold so quickly. No other is so sure a preventive of pneumonia. No other is so pleasant and safe to take. These are good reasons why it should be preferred to any other. The fact is that few people are satisfied with any other after having once used this remedy. For sale by Otto O. Krogstad.

Waldport Items.

Henry Nice left this morning for Salem and other valley points.

Mrs. Annie Hosford is still quite sick.

Born—Jan. 5, 1905, to the wife of Chas. Helms, a bouncing boy.

C. R. Evens left Monday morning for Portland on a business visit.

Charles Driven and Graff spent a day fishing at Big creek and report fish plentiful.

Several parties have been in our midst lately looking over the mill property with the view of purchasing, but as yet we haven't heard of the sale being confirmed.

Frank Weist is visiting with relatives on Eckman slough.

Chas. Graff is visiting in Newport for a few days.

Rev. Mr. Hurd spent Sunday with us. Mr. and Mrs. Otto Thissell have moved to Tidewater.

Steelhead salmon are running nicely now, and Chas. Bobell and Alvin McClary caught twenty-five fine ones in one night.

Miss Meta Bobell is visiting friends at Lutjens.

Johnnie Ludeman, the popular captain of the launch Nome, tells us that he will put on a fine new boat this summer.

Jim Harrison of Yachats paid Waldport a visit this week.

An Albany man dreamed that he died and went to heaven. It seems strange that some men can't even dream the truth.

Imperfect Digestion.

Means less nutrition and in consequence less vitality. When the liver fails to secrete bile, the blood becomes loaded with bilious properties, the digestion becomes impaired and the bowels constipated. Herbine will rectify this; it gives tone to the stomach, liver and kidneys, strengthens the appetite, clears and improves the complexion, infuses new life and vigor to the whole system. 50 cents a bottle at Otto O. Krogstad's.

A Corvallis girl teaching a country school has dread of all kinds of contagious diseases. She sent a child home because her mother was sick. The next day the child presented herself at the school house with her finger in her mouth and a little hood swinging by the strings, saying: "We got a little baby at our house, but mamma says that I shall tell you it's not catching."

Stomach Troubles and Constipation.

"Chamberlain's Stomach and Liver Tablets are the best thing for stomach troubles and constipation I have ever sold," says J. R. Cullman, a druggist of Porterville, Mich.
