Charlie Collins returned Wednesday to Portland, after visiting a few days with his parents, Mr. and Mrs. H. E. Collins.

The steamer Richardson is in dry dock at Aitree's mill undergoing repairs preparatory to the opening of the season at Newport.

Justice George Schenck has been "sporting" a fine carbuncle on the back of his neck for several days, but the pet is gradually evaporating.

Superintendent Knott C. Egbert of Siletz returned Tuesday evening from Chemawa, where he placed several Siletz Indian children in school.

Mrs. T. P. Fish returned last Saturday evening from Portland, where she purchased her spring and summer stock. See notice of opening day.

Ordinance No. 50, referred to in the Council proceedings, prohibits the discharge of fire arms within the city limits. It was published by THE LEADER last month.

Mr. and Mrs. Frank Hyde and son Ralph of Eddyville were in the city the fore part of the week visiting the former's parents, County Treasurer and Mrs. J. L. Hyde.

Alexander McDonald, O. F. Jacobson, Captain John A. Olsson, Charlie Loomis and Ed Stocker represented Newport in the county seat Monday. Messrs. Loomis and Olsson also being detained by business next day.

Mayor Vincent celebrated his 78th birthday last Saturday. He claims to be the only "April fool" in the city and is believed to be next to the oldest mayor in the United States, Mayor Williams of Portland holding first place.

R. P. Goin, who has been teaching school at Fox, Oregon, during the past winter, passed through to Waldport Monday evening. He didn't take kindly to the cold weather of eastern Oregon and is stuck on Lincoln county more than ever.

The royal-bred German Coach stallion which had been on exhibition in Toledo for a week, was shipped back to the valley yesterday morning. He was evidently just a little bit too way-up for the community and local horsemen did not feel justified in exchanging \$3000 for him.

Sam Stewart and M. W. Randal were in the city Monday after some fixtures for the former's sawmill to be operated on his place on Deer creek, nine miles southeast of Toledo. This mill will have a saw of the "muley" variety, run by water power, and is designed to cut three or four thousand feet per day. Mr. Stewart and his neighbors will thus be able to secure all the rough lumber necessary for improving their farm homes at a minimum cost.

New Industries.

H. D. Blakely of Salem is in the city with a view to establishing a cold-storage plant—something that is certainly needed in Lincoln county. Mr. Blakely will probably decide today as to whether or not he will be justified in starting the enterprise.

Jacob Burkel of Portland is also here and will probably put in a bakery and restaurant. Mr. Burkel has had several years experience in this business and should be able to command a good patronage.

Telephone Line "a Go."

A. T. Peterson and Attorney B. F. Swope went to Eddyville Tuesday to attend a meeting of citizens who are interested in connecting Lincoln county with the outside world by telephone.

R. N. Warnock of Eddyville presided at the meeting and P. A. Miller of Pioneer acted as secretary.

The deliberations were harmonious and temporary organization was effected without trouble, it being quite evident that the proposed 500 shares of stock at \$10 per share would soon be taken. The line will start at Newport and follow the wagon road to the valley, where connection will be secured with the long-distance line.

The Yaquina Bay Mutual Telephone and Improvement Company is the title of the corporation, and permanent organization will be perfected at the meeting at Eddyville next Tuesday. It is strictly a Lincoln county concern, and its value to every citizen along the line is easily understood.

Milinery Opening.

On Saturday, April 22, I will have my spring and summer stock of milinery, dress goods, etc., ready for inspection—the latest of everything in these lines. My stock of street hats has already arrived. Call and see them.

Your wife, or my wife, or your mother-in-law may be eloquent talkers, which usually is the case, but the Talk-o-phone given away by Krogstad can easily scoop them all without half trying.

A large and appreciative audience witnessed the exercises given by "The Deedrick Skule" last Friday night at Woodmen Hall, under the auspices of Syringa Circle No. 21, Women of Woodcraft. A little nonsense now and then is still relished by the wisest men—also by the women and children.

The Ladies' Aid Society of the M. E. church met Tuesday afternoon with Mrs. A. M. Gildersleeve. The Society announces that it will serve ice cream every other Saturday until further notice at the Landreth building. The committee for April 15 is Mesdames G. R. Schenck and George Bethers and Miss Ina Gildersleeve.

County Judge Brown received last Friday particulars regarding the death of Charles Carlson at the asylum at Salem. Mr. Carlson was for years a respected citizen of Lincoln county and had many friends in Toledo and vicinity. His mind seemed to have been unbalanced by the incurable illness of his little son, and it became necessary to place him in the asylum last November.

EXTENDING WINTER RATES

To Yaquina Bay Which to People Wishing to Enjoy Nature's Beauties Proves so Popular.

The low rates in effect from points on the S. P. to Yaquina Bay during the winter, which proved so popular with the people wishing to view the beauties of nature at that magnificent seaside resort, have been extended during the month of April, and tickets will be sold on Wednesdays and Saturdays until the last of April, good for return at any time up to May 31, 1905.

The month of April should be a favorite one for visiting the seaside, where "Smiling Spring her earliest visit pays," and where the health-giving breezes of the Pacific will banish "Spring Fever" and other ills to which flesh is heir.

Tickets from all East Side points to all West Side points, and vice versa, via the C. & E. are also on sale; and on April 1st tickets to all West side points will be on sale by the C. & E. at Albany; and to all East side points on the S. P. by the C. & E. at Corvallis on which baggage can be checked through to destination, thus avoiding delay and annoyance to passengers traveling between East and West side points.

Full information as to rates, baggage, etc., can be obtained by applying to the nearest S. P. agent or direct from W. E. Coman, G. P. A., S. P. Co., Portland, or T. H. Curtis, Acting Manager, C. & E. R. R. Co., Albany.

Yaquina Hatchery.

Master Fish Warden Van Dusen, in his report to the board of fish commissioners Tuesday, said:

"At the Yaquina hatchery we have liberated all of the Chinook fry and more than half of the Silverside fry raised during the past season. Of the Chinook fry, 1,000,000 were hauled over the mountains and turned into Gopher creek, which is a tributary of the Alsea river, and 1,407,790 were turned into the Big Elk, a fork of the Yaquina, a few miles above the hatchery.

"Of the Silverside fry, 1,000,000 were hauled over the mountains to the Alsea and 1,200,000 were turned into the Big Elk, leaving 1,825,725 on hand in the hatchery, which will be liberated into the Yaquina and Big Elk rivers during the next few weeks.

"In addition to the Chinook and Silverside eggs collected at this hatchery, we are now collecting a batch of Steelhead eggs, principally for the Lewis and Clark Exposition, and have so far taken 744,800, with the prospects good for two or three hundred thousand more.
