Reports of fierce electric storms and hot waves are rolling in from the blessed east. That's all we get of such luxuries out here—just reports.

Less than one-third of the male inhabitants of Russia—that is, those classified as Russians—can read and write, while nine-tenths of the female population is illiterate. It is to be hoped the numerous holes which Japan has been making in Russia will let a little sunshine in.

Cured Old Sores.

Westmoreland, Kans., May 5, 1902. Ballard Snow Liniment Co.: Your Snow Liniment cured an old sore on the side of my chin that was supposed to be a cancer. The sore was stubborn and would not yield to treatment, until I tried Snow Liniment, which did the work in short order. My sister, Mrs. Sophia J. Carson, Allensville, Millin county, Pa., has a sore and mistrusts that it is a cancer. Please send her a 50c bottle. Sold by O. O. Krogstad.

DANCING PILGRIMS.

The Annual Carnival of the "Saints" of Echternach.

On every succeeding Whitsun Tuesday from time immemorial 19,000 to 20,000 pilgrims of both sexes and of every age and condition of life dance for four or five hours at Echternach, in the grand duchy of Luxemburg, to an unmistakable polka tune and an apparently nonsensical refrain. The central figure of this great Echternach "spring-prozession" is St. Willibrord, who migrated from Northumberland to the frontiers of the Black forest twelve centuries ago. Emperors and kings have in vain forbidden the "saints" of Echternach to indulge in their annual carnival.

With the peasantry of East Luxemburg and Eiffel the "spring-prozession" is as popular today as it was in 1131, when King Lothaire came to pray at St. Willibrord's tomb. The simple-minded dwellers on the banks of the Sure and the Moselle are firmly convinced that their best hope of freedom from nervous diseases in this world and eternal salvation in the next lies in this mystic dance of five steps forward and two backward, by which, after three hours' indescribable toil, they cover the two or three miles intervening between the starting point, at which the pilgrims receive the episcopal blessing and the goal at the steps of St. Willibrord's shrine.

The Buried Bell.

Near the little village of Raleigh, in England, there is a hollow, said to have been caused by an earthquake centuries ago, which is said to have swallowed up a whole village, including the church. To this place the villagers of Raleigh were in the habit of repairing every Christmas morning, putting their ears to the ground and listening, as they asserted, to the church bell ringing beneath them! What was really heard was the bell of a neighboring church, the sound being borne along the surface of the ground. This custom was in existence, we believe, as late as half a century ago.—London

An Editor's Opinion of the Royal Gorge.

Edyth Tozier Weathered, in describing a recent trip over the Denver & Rio Grande Railroad, says in "The Exposition":

"At last the goal of the ambition of years has been reached—marvelous, wonderful, grand and inspiring Royal Gorge is on either hand. The only disappointing thing is you only have one pair of eyes, while the train darts in and out of the tremendous chasm. If any who have never seen it are wondering how it looks just go and see. Thousands have tried to describe it, yet every attempt falls short of giving the subject justice."

If you contemplate a trip East, write W. C. McBride, 124 Third street, Portland, Ore., for booklets picturing Colorado's famous scenery, and any other information you may desire.
