#### A Slight Mistake.

An instance where a bad cold caused a startling conversation: There is a joke being told here at the expense of a modest young newspaper man in a neighboring town, which is so good it ought to be true, says the Bristol News. The young man in question it appears was recently invited to a party at a residence where the home had recently been blessed with a new addition to the family. Accompanied by his best girl he met his kind hostess at the door and, after the customary salutations, asked after the welfare of the baby. The lady was suffering from a severe cold, which made her slightly deaf, and she mistakenly supposed that the young man was inquiring about her cold. She replied that though she usually had one every winter this was the worst she had ever had; it had kept her awake at night a great deal at first and confined her to her bed. Then noticing that the scribe was becoming pale and nervous she said she could see by his looks that he was going to have one just like hers and asked him if he wished to lie down.

The paper came out as usual the next week, but the editor has given up inquiring about babies.

#### Here's a Good One.

With the June number will begin the Pacific Monthly's series of special editions for the year 1905. They will comprise a number for Portland, for Seattle, for Southern California, for San Francisco and the souvenir number of the Lewis and Clark Exposition, also a special automobile number. The articles of Dr. Wolf von Schierbrand, six in number, on "The Coming Supremacy of the Pacific" are also promised, and the plans contemplated by the publishers will, without question, place the Pacific Monthly far in advance, not only of present competitors, but also into the unreachably class of periodical literature on the Pacific Coast. The Pacific Monthly is sold to regular subscribers at the extremely low price of \$1 per year. We have made an arrangement with the publishers by which we are able to offer it in connection with THE LEADER (both publications) for \$1.50 a year.
