HUGH MURRAY, Toledo, Oregon.

Oregon contains one sixth of the timber in the United States, approximating 300,000,000,000 feet. Valued at \$12 per thousand feet, this timber would be worth \$3,600,000,000, or more than the total cost of all the railroad equipment in the Union. It is the most densely timbered area in the world. Boards made from the timber of one inch in thickness would build a walk one half mile wide around the world at the equator; a driveway to the moon 250 feet wide, or a bridge to Mars 648,000,000 miles away, 15 inches wide. California produced in gold since 1848 \$1,400,000,000; Oregon will produce lumber valued at three times that sum in the present century.—Ex.

### Some Seasonable Advice.

It may be a piece of superfluous advice to urge people at this time of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is through, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by O. O. Krogstad.

Mrs. A. S. Casteel was up from Yaquina Tuesday.

Rev. C. M. Bryan went to Portland Monday on a business mission.

Your attention is called to the card of Dabney the Dentist on another page.

Walter Hall, the genial Siletz merchant, camped in the city Tuesday night.

Miss Verna Ross departed Wednesday morning for a visit to the Fair in Portland.

Henry Lewis and family returned Tuesday evening from a two-week's visit in Portland.

J. H. McNeil is in charge of G. R. Schenck's meat market during the absence of Cutter Schenck.

Mr. and Mrs. F. M. Stanton returned Monday evening from Portland after a visit at the Fair and with relatives in that city.

Among the visitors to the Fair last week was Mrs. Samuel Center and son Newton. Mrs. Center, by the way, has only good words for the Lincoln county exhibit.

Rev. James L. Himrod, pastor of the Methodist church of Toledo, will hold services in the schoolhouse at Elk City next Tuesday evening at 7:30 o'clock. Everyone cordially invited to attend.

J. F. Stewart shipped a consignment of chittim from Toledo yesterday to Balfour, Guthrie & Co., at Portland. Mr. Stewart accompanied the car to Eddyville, where he completed the shipment.

C. E. Franklin of Wolton, Wyoming, arrived Monday evening for a visit with his father, C. & E. Agent Franklin. He had not seen his father since 1897, when the latter came to Oregon from Nebraska.

R. R. Atkins, who is head salesman for the New England Furniture Store in Minneapolis, is visiting with his brother-in-law, Norman Anderson of this place. Mr. Atkins has concluded to make Oregon his home next spring.

The Ladies' Aid Society will meet next Tuesday with Mrs. Ed Avery to make arrangements for a Halloween Festival. All ladies interested in the welfare of the church are invited to meet with them whether members of the Society or not.

A citizen of Toledo lost a ten-dollar bill on the evening of September 26, somewhere between the depot and the schoolhouse. Thinking some honest person might have found it, he offers the finder 25 per cent for its return. Call at this office for particulars.

The following citizens of Toledo went to Portland Monday morning in response to invitations sent by Prosecutor Heney to be present at the trial of W. N. Jones et al in the capacity of witnesses: Fred Stanton, John Micek, Samuel Center, Al Hall, Ade Crossno, George Schenck, Lester Waugh, C. F. Soule, Lee Wade, John Turnidge and William Soule. Warren Hall, John Savage and the postmaster at Roots were subpoenaed from the Siletz.

The Toledo public schools opened Monday with an enrollment of 92 pupils. Prof. O. B. DeLaurier and Miss Addie Harrison are in charge of the same departments as they occupied last year, while the intermediate room is presided over by Prof. Woods. This year the study of Latin will be introduced and the first year's high school work will be done. Everything promises to be an unusually successful term this year. The number of pupils has been increased since the opening.

C. C. Vaughn of San Francisco was in the city the fore part of the week looking over the situation with a view of locating an electric light plant here. Mr. Vaughn was well pleased with the encouragement he received while in Toledo and left with the expectation of returning in the near future. This is an enterprise which has been talked of for some time and it is to be hoped that Mr. Vaughn means business. With an electric plant in Toledo light could be furnished to the surrounding towns in the county. It would also bring us nearer to the establishment of several car lines, which Lincoln county is in need of.

### Over Two Million.

With the two million mark passed, and prospects excellent for rolling up another half million before the gates are closed for the last time on the night of October 14, the Lewis and Clark Exposition is an assured financial success. The remarkable attendance demonstrates also that the Fair has pleased the people, and that is another source of gratification. It is evident that the enormous attendance could not have been rolled up unless the Fair had received frequent testimonials from early visitors.

It is evident now that the Fair will be, in point of attendance and in every other respect, the most successful Exposition ever held. Comparisons with the records made at the Trans-Mississippi Exposition at Omaha, an exposition of about the same magnitude as that now drawing to a close, and which has been generally conceded to have been the most successful of all fairs, show that the exposition will outdo the showing made by the eastern enterprise. This is considered more remarkable when the statement is made that Omaha had a population of 13,000,000 within a day's journey, while there reside within a similar radius of Portland not more than 1,800,000 souls.

Your attention is called to the fact that we have put in a stock of hay, cereals, flour and feed, and are prepared to supply our patrons with Valley or Hard Wheat flour, Graham flour or Whole Wheat flour. We will sell either wholesale or retail. Come in and see us at the Old Courthouse.

The livestock show at the Lewis and Clark exposition, which closed September 29, was the crowning feature of the Fair. It was much better attended than was the livestock show at St. Louis, and in some ways superior. The showing of shorthorns was the best ever made in America.

### A Baked Soul.

A boy who had been working in a bakery for some time was just about to finish his trade. One night when the boss was gone he broke the marble slab he moulded his loaves on. So he went to the marble-yard to secure another, but could not find one. On his way back he passed a graveyard, and as it was very dark he jumped over and pulled up a small headstone about the right size and took it back and finished his job. The next day, after the bread had been delivered, nearly all of it was sent back. The baker looked at it and broke several loaves open, but found nothing wrong. Then he happened to turn one of the loaves over, and found on the under side of the loaf the inscription:

"Here lies the body of Mrs. ———, Born 1862, died 1740."—October Lip-pincott's.

Services will be held at the M. E. church next Sunday morning and evening by the pastor Rev. J. L. Himrod. Morning service at 11 o'clock, subject—"The Atonement." Evening service at 7:30 o'clock, subject—"The Parable of the Talents."

Mrs. Mabel McClure, Miss Verna Ross, Sheriff J. H. Ross and Shiel Rosebrook, the latter with his violin accompaniment, furnished some unusually good music at the M. E. church services last Sunday, which was thoroughly appreciated by the congregation.

Hans L. Line, who has had charge of John Keatta's hotel and store at Siletz for several months, came to Toledo yesterday and departed this morning for Minnesota, where he was called by the illness of his little son. Mr. Line expects to return to Lincoln county.

The Lewis and Clark Exposition closes at half past eleven o'clock Saturday night, October 14. It was originally intended that October 15 should be the closing day, but as this date fell on Sunday, the change was made. The Fair has been a tremendous success.

George Lewis of Winant brought to Toledo Saturday a starfish which probably outpoints any other ever brought from the bottom of the bay. Starfish rarely have more than six points, but this one has eighteen, thirteen of which are perfect and well-developed, the other five being "sprouts."

Hans Larson contributes to the Lincoln county exhibit at the Fair this week several specimens of his Improved Cattle Beet, one of which tips the scales at 19 pounds, he also sends several varieties of turnips and Rutabagas. Gabriel Dahl contributes some very fine King of Tompkins County apples.

The steamer Harrison of Astoria while trying to enter Alsea bay ran aground on the bar and washed ashore on the south spit where she is fast going to pieces and will be a total loss. She was loaded with supplies for the Alsea cannery. All the crew were saved. The Harrison was in Nesqueha bay a few weeks ago with supplies for this cannery. She was owned by the Elmore Packing Company and has been on the coast run for about 20 years.—Cloverdale Courier.

Paris J. Parks and Miss Ellen Tassell were united in marriage at the home of the bride's parents, Mr. and Mrs. Robert Tassell near Elk City, on Tuesday, October 3, 1905, by Rev. James L. Himrod of Toledo. Mr. Parks is a son of Leander Parks of Elk City and has been employed by E. M. Mays for a number of years. After the ceremony, which took place at 11 a. m., an elaborate dinner was served. Mr. and Mrs. Parks left next morning for a visit to the Fair at Portland after which they will reside at Glencoe.

### Popular and Picturesque.

The only thing necessary to make the Denver and Rio Grande the most popular, as it has ever been known the most pleasant and most picturesque way to cross the continent, has come about. This is the establishment of through sleeping car service.

In connection with the O. R. & N., a through Pullman Standard Sleeper is now run from Portland to Denver, leaving Portland at 8:15 p. m. arriving at Salt Lake at 8:30 a. m. the second morning, leaving Salt Lake at 3:50 p. m. and arriving at Denver 4:20 p. m. the following day. This schedule gives passengers seven hours stop over in Salt Lake, affording an opportunity to visit the Mormon Capital as well as a day light ride through the grandest scenery in the world.

For reservations in this car and for illustrated booklets picturing the scenery contiguous to the Denver & Rio Grande, proving it to be the "Scenic Line of the World," write to W. C. McBride, General Agent, 124 Third street, Portland.

Stop those pesky flies killing your cows by using So-Boss-So.

STEWART'S STORE.

### A Judicious Inquiry.

A well known traveling man who visits the drug trade says he has often heard druggists inquire of customers who asked for a cough medicine, whether it was wanted for a child or an adult, and if for a child they invariably recommend Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it, and for coughs, colds and croup it is unsurpassed. For sale by O. O. Krogstad.

Zionist Dowie has been stricken with paralysis, and attributes his affliction to what he terms the "sin of overwork." Paralysis of the jaw is an unusual affliction, but from all reports, that particular part of the Dowie anatomy is about the only portion of the eminent Zionist that has been overworked, excepting, always, the wonderful Dowie "gall."—Oregonian.

### Insomnia, Indigestion Cured.

"Last year I had a very severe attack of indigestion. I could not sleep at night and suffered most excruciating pains for three hours after each meal. I was troubled this way for about three months when I used Chamberlain's Stomach and Liver Tablets, and received immediate relief," says John Dixon, Tullamore, Ontario, Canada. For sale by O. O. Krogstad.

Pst Crowe, the alleged kidnapper of Eddie Cudahy at Omaha, Neb., in 1899, was apprehended this week in Butte, Mont., and was taken back to face the charge. He was very indignant at his capture and says he ought to have known better than to have stopped in a little town like Butte.

### Give and Take.

The other day the head of a boarding school noticed one of the boys wiping his knife on the table cloth, and pounced on him at once.

"Is that what you do at home?" he asked indignantly.

"Oh, no," answered the boy quickly, "we have clean knives."—October Lip-pincott's.

### Cures Winter Cough.

J. E. Gover, 101 N. Main St., Ottawa, Kan., writes: "Every fall it has been my wife's trouble to catch a severe cold, and therefore to cough all winter long. Last fall I got for her a bottle of Horshound Syrup. She used it and has been able to sleep soundly all night long. Whenever the cough troubles her, two or three doses stops it, and she is able to be up and well." 25c, 50c, \$1. Sold by O. O. Krogstad.
