WINTER RATES TO YAQUINA BAY

Oregon's Great Recreation and Health Resort at the Newport Beaches.

As a winter health and recreation resort Newport is the one par excellence. Recognizing this, and wishing to give the people an opportunity to breathe the fresh, pure ozone of the ocean, the Southern Pacific and Corvallis & Eastern railroads will resume the sale of tickets through to Yaquina bay on Saturday, October 21, and will sell same throughout the winter and spring on every

WEDNESDAY AND SATURDAY.

The rates will be the same as during the summer and will be good for return 30 days from date of sale.

DR. MINTHORN'S SANITARY SEA BATHS will be in operation during the entire winter, and treatments will be given daily. Hot and cold salt water baths can be taken every day in the sanitarium, and for anyone desiring rest, recreation and health, no place on the Pacific Northwest can be found equal to Yaquina bay.

OTHER HEALTH RESORTS CLOSED.

During the winter nearly all other health resorts are closed or difficult to reach, and none of them have the advantages of Newport and vicinity as regard climate, points of interest, recreation and amusement. For parties desiring to enjoy fishing, hunting or seeing the ocean in sunshine and storm this famous resort is unequalled. The surroundings are ideal—beautiful scenery, climate mild, healthful and invigorating.

COTTAGE TO RENT CHEAP.

Neat, clean cottages, either furnished or partly so, can be rented in the immediate neighborhood of the sanitary baths at about \$5 per month. Plenty of fresh milk, vegetables, honey, fruit and all household necessities can be obtained at the lowest possible cost, while all kinds of fish and the famous rock oysters can be had in abundance for the trouble of securing them.

People troubled with loss of appetite,

insomnia, rheumatism or run down from any cause will find Newport an ideal place to regain their health and vigor, or for rest and pleasure.

Full information as to rates, checking of baggage, etc., can be obtained from any S. P. or C. & E. agent, or from A. L. Craig, general passenger agent S. P. Co., Portland; or J. C. Mayo, general passenger agent C. & E., Albany, Oregon.

Rate from Albany, Corvallis and Philomath, \$3.50.

Redmen's Dance.

Yachats Tribe of Improved Order of Redmen will give a dance at Woodmen Hall in Toledo on the night of February 14—Valentine day. A boat will be chartered to run from Newport to Toledo, touching at Yaquina. No "red licker," knives or tomahawks will be allowed in the wigwam.

For Sale.

One good horse (mare)—will work single or double and is also a good saddle animal; also 2 head of cattle—2 cows, 2 yearlings. Call on or address **THOMAS BLOWER,** Yaquina, Or.

CAVE OF THE WINDS.

The Vision Carved in Stone Under Its Hills of Dakota.

The great wind cave has the form of an eight story house, each story, or stratum, containing a distinct formation of its own and each containing chambers of a size and magnificence of decoration such as have never been found in any subterranean cavern of the world.

It is a dream, a nightmare, a vision, carved in solid stone under the green hills of Dakota, stone as white as the milk the hired man used to give us to drink in the dawn of a happy June morning, stone as red as the heart of the first bloodroot that you dug in the spring when the world was all spring to you and stone that is blue with a blue that all the painters who have ever painted Venice have tried to get for generations and have failed.

Frozen fountains are there, white with the leaping foam of untold ages sculptured cats and horses and great monsters to be dreamed about o' nights and feared in dark corners in the daytime, organs built by the hands of giant gnomes for a Titan to play wild hymns of praise upon, a kitchen for the cooking of weird dishes never thought of up here in the sunshine, all manner and all kinds of rooms, ninety miles of them, down there under the hoofs of the gallant little range horses who pound the grass into hay the year round, up there in South Dakota.

ICE FOR HEATING.

One of the Oddities of Our Modern Civilization.

The use of ice for heating purposes is one of the oddities of our modern civilization. Often it happens that a train carrying fruit from the south to the northern market encounters a cold spell while en route. If the temperature goes below a certain point the perishable merchandise will be ruined. But such a misfortune may be prevented by covering the fruit car with a coat of ice, a thing easily accomplished by turning a hose upon it and allowing the water to freeze until the whole vehicle is enveloped in a glassy and glittering blanket.

It may, indeed, be appropriately called a blanket, inasmuch as it prevents the radiation of heat from the interior of the car. The ice being a good non-conductor the warmth is retained and the fruit, or possibly it may be vegetables, goes on its way unspilled even by zero weather.

Cars used for transporting oranges and other fruit from California to the east are often provided nowadays with large cylindrical "ice stoves," as they might be called, at each end, which, while useful in summer time for refrigeration, are filled with ice during a cold spell in winter. When the temperature outside is at zero or below, the ice, at 32 degrees F., is comparatively warm, and thus the "stoves" described act as heaters.

Great Scheme.

"He makes love to summer girls in the winter time and to winter girls in the summer."

"What's the idea?"

"Thinks they come a little cheaper when they're out of season."—Cleveland Leader.

Powerful Helps.

"I have given up smoking."

"Why, you tried before you were married to give it up, and you couldn't."

"I had no wife and mother-in-law to help me then."—Houston Post.

Money in It.

Knicker—Strange they didn't name the baby after its rich uncle. Bocker—No. He looked at it and said he'd give them \$10,000 not to.—Harper's Bazar.

MADE TO ORDER BEAUTY.

Artificial Noses, Mouth Formers and Dimple Deniers.

The best artificial noses nowadays are made of papier mache, enameled. Such a nose is fastened to a spectacle frame sometimes for the sake of convenience and thus may be put on or removed at brief notice.

There is a patented contrivance, somewhat resembling a clothespin, for attachment to the nose to give to the organ a proper taper. Another device is supposed to improve the lines of the mouth.

Not a few people have no roofs to their mouths, having been born without any, or in other cases having lost them by disease. For such unfortunate artificial mouth roofs made of galvanized rubber are furnished.

There is a patented device for cleaning the tongue, consisting of a knife with a concave edge to which a sort of sponge brush is attached. When one is not well one's tongue is liable to be disagreeably coated, but the annoyance may be removed by means of the instrument described.

If you desire dimples you may wear a certain kind of wire mask at night to which are attached blunt wooden points that may be caused by the help of screws to press upon the points where the dimples are wanted. Thus after awhile the dimples are made to appear.

An Old English Law.

An act of parliament, passed in the reign of George III. and which is still in force, exempts members of the yeomanry from the ballot for the militia, allows them to ride through a toll bar when in uniform without paying and also relieves them from the tax on powder for the hair. Such privileges were highly valued in 1804, when the act was passed; but, as yeomen are not now liable for the militia ballot, as toll bars have been abolished and as hair powder is no longer in request, these favors have ceased to have any practical value. Nevertheless, they still exist.—London Mail.

A Humble Archbishop.

Willegis, a famous archbishop of Mentz, rose to that elevated position from the very lowest ranks. He was the son of a poor carter, but was never ashamed of his parentage. He not only caused the following inscription to be placed conspicuously in his palace, "Willegis, remember thy parentage," but had the wheels of a cart hung up in the Cathedral of Mentz. From that time to this the arms of the see have borne the figure of a cart wheel.
