Oregon's senior Senator has waged a determined conflict the past week in the committee on public lands, of which he is a member, to have the proposed conditions after repeal of the timber and stone act modified so that the land may be acquired by private indiduals if it is thought to be more valuable for any other purpose than forestry. The natural effect of the proposed repeal and forbidding entry of timber land for homesteads would be to place all of Oregon's timbered public domain not embraced within forest reserve withdrawals on practically the same footing as reserved areas. The committee was not disposed to allow the county in which timber grew more than 10 per cent of the total derived from sales. Senator Fulton's strongest effort was to have any timbered area thought to have greater value for any purpose than forestry open to some form of private acquisition. He held that a vast proportion of Oregon being timbered splendid land for agriculture, grazing, etc., might be kept under forest reserve for years under proposed conditions. His figures presented showed the remarkably low revenue forest land vielded. While of Western Oregon's timbered area a relatively small amount remained public domain, the Senator feared that much good land would be kept from development, and is striving to convince the committee of the peculiar conditions in his and other Paoific states, where timbered areas are sometimes the best lands when cleared. If he is unsuccessful in the committee, he will carry the fight to the Senate floor for a final struggle with the Eastarn spirit, which seems unable to ap preciate Western conditions.

Democratic United States Senator John Gearin by the grace of Democratic Governor George Chamberlain will be a candidate to succeed himself and his name will appear on the official ballot. And there you are! Mr. Gearin will in all probability be the of Democrats are dishonest. The regonly Democratic candidate for the istration books-not only in Lincoln place, but several Republican candidates are already in the field, with state-show the names of men regisothers expected. Very naturally, this will chop the Republican vote for been self-confessed Democrats-some of United States Senator into several them proud of it. If he intends to to receive the vote of that body and be support at the polls the candidates of regularly elected to represent Oregon the party with which he affiliates in in the United States Senate? Hardly, the primaries, his act is perfectly on And again: With three or more Re- the square, and he will not be one of publican candidates for that office, and the wounded birds who will flutter one or more of the number in had odor when they read this. with a large per cent of the people, is a representative of this element expected to vote for the candidate who is objectionable to the people whom he signed to knock out gambling in the was elected to represent, simply because said objectionable candidate happened to secure a plurality endorsement in the primaries? Such a result is possible if an objectionable candidate has a big "bar'l" and is a resident of a thickly populated part of the state. Under the constitution United for robbing the poor man except his States Senators must be elected by a majority vote of the Legislature, and a plurality endorsement of a candidate Common Colds are the Cause of Many in the primaries cannot change the method. So much for the famous "pledge."

The Democratic voters of Umatilla county held a large and enthusiastic mass meeting in Pendleton February 17. The committee submitted the following among other resolutions: "We favor the adoption of the woman suffrage amendment to the Constitution." THE LEADER takes off its hat to the Democrats of Umatilla on this proposition. They are gentlemen and scholars and, individually and collectively, shining lights for the lords of creation in in particular.
