Not Beer, But Buttermilk.

To the Sporting Editor: You ask what I meant by saying, "Don't drink ice water," and then wanted to know if I was standing in with the hop man. I did not know that the hop man had anything to drink, but then we will leave that to the sporting editor; he probably knows. I had in mind the farmer, however, or rather the by-product of the creamery—buttermilk—plain, common buttermilk. Drink it often and in copious draughts. It will quench the thirst and will not inebriate. It will quiet the nerves; it is food for the body. It will probably not call forth as many social friends as other substitutes for ice water, but it delivers the comfort. Drink it in quiet hours of the night, Mr. Sporting Editor, when you are thirsty; drink in the wee sma' hours of the morning when your night's labors are ended; drink it in the heat of the day as you are about to resume your arduous labors, and you will doubtless find that it will be more refreshing than anything that the hop man raises, unless prechance he also raises dairy cattle.—Summer Philosopher in Salem Statesman.
