Adaptable.

Small Robbie was laboring over a drawing which was obviously of great importance.

His mother, who was sewing in the room, got up to see what he was doing.

"What is it you're drawing, dear?" she said, as she stood behind him.

Robbie was embarassed. Struggling to cover his nervousness, he answered with an air of great nonchalance.

Oh, it's papa I'm drawing, but I don't care anything about it. Guess I'll put a tail to it, and have it for a dog."

Do Not Crowd the Season.

The first warm days of spring bring with them a desire to get out and enjoy the exhilarating air and sunshine. Children that have been housed up all winter are brought out and you wonder where they came from. The heavy winter clothing is thrown aside, and many shed their flannels. Then a cold wave comes and people say that grip is epidemic. Colds at this season are even more dangerous than in midwinter, as there is much more danger of pneumonia. Take Chamberlain's Cough Remedy, however, and you will have nothing to fear. It always cures and we have never known a cold to result in pneumonia when it was used. It is pleasant and safe to take. Children like it. For sale by O.O.Krogstad.
