A statistician has figured out that the combined crop of wheat, oats and barley in Oregon, Washington and Idaho this year is 101,362,000 bushels. The wheat reduced to loaves of bread would make 2,875,000,000 loaves or enough to supply the present population of Oregon with bread for 20 years. Items like this bob up ever and anon to surprise us with the productiveness of the northwest. Take Oregon alone today and it has natural resources sufficient to maintain from year to year and for generations to come a population of ten million people and half that number in the Willamette valley.

The Corvallis & Alsea railroad in its construction operations is paying out vast sums of money. The purchase of materials, including ties, piling, bridge timbers, and the multiplied necessities incident to construction, together with employment of labor and the disbursement for supplies incident to labor, means many thousands of dollars a week spent in the county, much of which finds its way to Corvallis. —Corvallis Times.

SUMMER EXCURSION

Special Rates and Train Service to Newport for Season of 1907 via Corvallis & Eastern R. R.

Hotels, resorts and attractions at Newport are now open for the season, and indications all point to this famous "Oregon Coast Resort" being more popular this season than ever before.

A decided innovation, bound to be a source of great satisfaction to visitors and add greatly to the fast-growing only "Oregon Coast Resort," will be the opening on July 3 of the Newport Theater for the summer season by a high-class stock company, made up of some of the best stock actors on the Coast, to include various members of the well-known Baker Theater Stock Company of Portland. A series of the best stock plays available will be produced during the season, with frequent changes of bill.

About July 1 there will be opened to the public one of the largest and best equipped skating rinks in the Northwest, containing 1200 square feet of floor space. The rink will open continuously day and evening except during bathing hours.

These two attractions will divide honors with visitors in filling a long-felt want for some place to while away the evening after the close of outdoor attractions.

This company, as well as the Southern Pacific Company and Oregon Railroad & Navigation Company, have now on sale season tickets to Newport from all points in Oregon at greatly reduced rates. These tickets can be purchased daily and are good for return until October 10.

In addition to season tickets, this company and Southern Pacific company have placed on sale at reduced rates popular week and three day tickets, good from Saturday to Monday, for the benefit of those who can not advantageously use season tickets, but who desire to make frequent short interval trips to the beach during the season.

This company will also, commencing Sunday, June 16, provide special Sunday Excursion train from Albany to Newport and return, and have on sale one day excursion tickets at reduced rates for this train.

Passengers holding season, or three-day tickets mentioned, can travel going or returning on Sunday excursion trains.

For information relative to rates, trains, etc., see tariffs on file at stations for public inspection or refer to any agent of Corvallis & Eastern, Southern Pacific or Oregon Railway & Navigation Company. GEO. F. NEVINS, General Passenger Agent.

A special feature of the Thrice-a-Week World has always been its serial fiction. It publishes novels by the best authors in the world, novels which in book form sell for \$1.50 apiece, and its high standard in this respect will be maintained in the future as in the past.

The Thrice-a-Week World's regular subscription price is only \$1.00 per year, and this pays for 156 papers. We offer this unequalled newspaper and THE LEADER together for one year for \$1.70. The regular subscription price of the two papers is \$2.50.
