For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. The tablets relieve the ill feeling at once, strengthen the digestive functions, helping the system to do its work naturally.—Mrs. Rosa Potts, Birmingham, Ala. These tablets are for sale by O. O. How Diphtheria is Contracted.

One often hears the expression, "My child caught a severe cold which developed into diphtheria," when the truth was that the cold had simply left the little one particularly susceptible to the wandeling diphtheria germ. When Chamberlain's Cough Remedy is given it quickly cures the cold and lessens the danger of diphtheria or any other germ disease being contracted. For sale by O. O. Krogstad.

Fruit Growers Organize.

A number of the leading fruit-growers met at the courthouse Tuesday, Dec. 3d, for the purpose of organizing an association to forward the interest in fruitraising in Lincoln county, apples especially. The meeting was called to order by S. G. Irvin, of Newport, who was chosen as temporary chairman and D. J. Derby secretary.

A number of short talks were made by prominent fruitgrowers of the county, and other prominent citizens.

A discussion then ensued as to which was the best apples for commercial purposes and it was generally agreed that the Northern Spy, Baldwin, King and Spitzenberg were best suited to this locality and market.

Other topics of interest to fruit-growers were discussed.

A fee of five dollars was agreed upon to be paid by each member, same to be turned over to the treasurer to be used at the discretion of the society.

After some discussion as to what name the society should adopt, it was decided that it should be known as the Fruitgrowers Union of Lincoln County.

That New Drift Creek Road.

To the business men of Toledo, and residents of road district No. 9:

I have spent considerable of valuable time and several dollars in cash this fall trying to interest the people of this vicinity in a new road proposition from the extensive Drift Creek settlement to our county seat, Toledo. As you all know, the present way out passes over a high mountain, making it impractical for ordinary loads. I have assisted in determining a new and much easier grade for this road, and am pleased to state that a route has been found which is not only a shorter, easier grade, but will accommodate a greater number of ranchers.

To you business men of Toledo I will say that if you expect us ranchers to trade with you, to enable us to get to get to market and to come in closer touch with you as a merchant class, you ought to interest yourselves in this very necessary road project.

Some of us poor ranchers have gone far beyond our means by subscribing as much as \$50 to \$75 each towards bringing this to a success.

You merchants ought to want our trade and produce as bad as we want to get out to market. You would by this new road obtain trade from Upper Big Elk, from Fall Creek and from lower Drift creek, who are all anxious to reach the county seat instead of as present being compelled to patronize small trading posts in their own neighborhood.

Yours for Good Roads.

Julius Busch.
