The LEADER has refrained from taking any hand in the political fights before the primaries because the LEADER is Republican and the candidates for nomination are Republican and they are all good competent men.

For Joint Representative we have the present incumbent, Mr. Jones, and Mr. Gardner who are both good men for the position and either would make us a good Representative.

For Sheriff the Republicans have two substantial men to choose from. Sheriff Ross has made this county a good, competent official for the past several terms. Mr. Dunn possesses all the requirements necessary for the making of a Sheriff.

Clerk Ira Wade has things all his own way and we are betting on Ira.

For assessor we have three of the best men in the county for the position. Ball, Laws and Miller, any one would make us a good assessor.

The School Superintendent's office has two competent men after it. Mr. Bethers the present Superintendent, has held the office long enough that we all know that he is a careful, competent official. Mr. Goin is a school man and would fill the position satisfactorily.

County Treasurer McCluskey will hold the office for another term.

For Commissioner we have two aspirants, Mr. Kentia and Mr. Keady, both thorough business men and both good Republicans.

Dr. Carter for Coroner has a cinch on the job.

The office of Surveyor seems to be going to the Democratic candidate, Z. M. Derrick.

The primaries occur today. The polls will open at 12 o'clock noon and close at 7 o'clock this evening.

Over in Benton county they are in a muss over the primary election. The clerk failed to deliver the ballot boxes to the sheriff within the time set by law, and they are now wondering whether the election will be legal. Under the law the ballot boxes should have been delivered to the sheriff not later than five days before the primaries, and they were not delivered until Tuesday morning. Although late the sheriff accepted the ballot boxes and placed them in the several precincts.

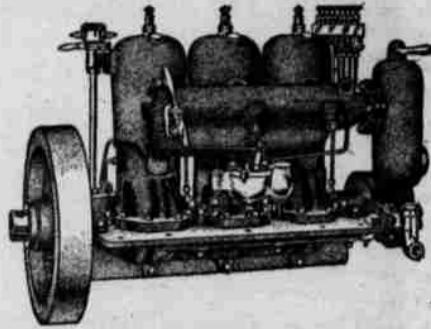

In yesterday's Reporter Brother Clark attempts to hurt our feelings by bringing up that old stale charge that has been used against newspapers ever since newspapers were first printed, that someone else is running the Leader. No, we refuse to get mad, let our feelings get hurt or even sell out the paper and quit. We will not get sore at any man who has not sense enough to make a sensible charge against us. We are greatly pleased to note that Brother Clark has found ONE man in the town who agreed with his article on the Development League. It shows that Brother Clark is not entirely alone in his opinion.

A farmer entered one of our stores the other day and asked the price of sulphur. When told it was ten cents he said: "I can get it from the mail order house for seven cents." "Yes" replied the merchant who had evidently heard that argument before, "and you can get it in hell for nothing and wont have to pay the freight."

Two weeks more, then strawberries.

Get an '08 Ferro

Its a Beauty as well as a thing of Utility.

Built in 1, 2 and 3 Cylinders, from 1 1/2 to 25 H. P. Single Cylinders 1 1/2, 3 1/2, 5 1/2 and 7 1/2 H. P.

The Ferro is the best Gas Engine for small boats that has ever been placed on the market. It is a durable engine, being of sufficient left to withstand its power.

It is a reversible 2-cycle, 3-port engine—no valves nor calms to get out of order.

It is used, exclusively, by several of the largest boat building establishments in the world and gives absolute satisfaction wherever used.

It is equipped with a forced feed lubricator, which insures perfect lubrication to all parts of the engine.

It has a battery of sight feeds situated on the back of engine where they can be seen at all times.

It has a self-priming, quick starting Carburetor of the latest improved pattern.

Its water cooling system is entirely hidden, being cast in the engine walls, doing away with external water pipes. The tank for lubricating oil is cast in the engine's base, being out of sight and out of the way.

It has an exhaust head cooler and silencer combined and attached directly to engine. This takes the place of the cumbersome muffler, and it never gets hot. Study the cut.

Its material and workmanship is guaranteed to be absolutely the best.

The Ferro is not a "half-baked" engine, thrown together in any old way, but is elegantly finished in every detail.

Write for "Treatise on Gasoline Marine Engines" and enclose 10c. in stamp or coin to pay postage. This treatise explains every detail in the construction of gasoline engines and gives wealth of information concerning same.

The Ferro Machine & Foundry Co. Cleveland, O.

R. D. BURGESS, Agent, Toledo, Oregon

Larkey Logan Convicted.

In the Federal Court at Portland Wednesday Larkey Logan was convicted of manslaughter for the killing of Willie Garnier at Siletz, March 19. The jury recommended Logan to the leniency of the court. Sentence had not been pronounced as we go to press.

Judge Swope, who defended Larkey, and about twenty witnesses returned home last evening. Abe Logan, brother of Larkey, who was detailed by Judge Swope to act as chaperone for the other Indians to keep them sober during the trial, failed in his duties, and Judge Swope was handicapped in his defense by having a very few sober witnesses. Abe did not return home last night having been unavoidably detained for ten days at Kellys Butte where he will pound rock for Multnomah county, the result of getting drunk and disorderly.

Dollar that Can't Be Spent.

Every dollar spent in advertising is not only a seed dollar which grows a profit for the merchant, but is actually retained by him even after he has paid over to the publisher, says an exchange, and adds the following reasons:

Advertising creates a good will well worth the cost of publicity.

While advertising uses funds it does not use them up. It helps the founder of a business to grow rich and at the same time keeps his business from dying when he does.

It eliminates the personal equation, perpetuates confidence in the store and makes it possible for a merchant to withdraw from business without having the profits of the business withdrawn from him. It changes a name to an institution—an institution which will survive after the death of its builder.

It is really an insurance policy which costs nothing, for it pays a premium each year instead of calling for one, and renders it possible to change the entire personnel of a business without disturbing its prosperity.

Advertising renders business stronger than the man—independent of his presence.

A business which is not adver-

tised must rely upon the personality its proprietor, and personality in business is a decreasing factor. The public does not want to know the man who owns the store—it is not interested in him but in his goods. When an unadvertised business is sold it is only worth as much as its stock of goods and fixtures. There is no good will to be paid for—it does not exist—it has never been created. The name over the door means nothing except to the limited stream of people from the immediate neighborhood, any of whom could tell you more about some store ten miles away which has regularly delivered its shop news to their firesides in the family newspaper.

To the Voters of Lincoln County.

I am a candidate for Joint Representative for Lincoln and Polk counties, subject to the action of the Republican voters at the primary election April 17th.

The salary and perquisites of the office are not sufficient to warrant my making a personal canvass of the district. Nevertheless, I am anxious for every Republican vote, and take this means of soliciting your favor.

It is now Lincoln county's turn to choose the Representative, and I trust the voters will so see it, and vote for Lincoln county's candidate.

Yours Respectfully,
CHAS. H. GARDNER.

NOTICE FOR PUBLICATION.

U. S. Land Office, Portland, Oregon, April 11, 1908.

Notice is hereby given that Lewis J. Richards of Siletz, Oregon, has filed notice of his intention to make final three-year proof in support of his claim, viz: Homestead entry No. 15692, made April 25, 1905, for the southeast quarter of section 7, township 9 S., range 9 W., and that said proof will be made before the County Clerk of Lincoln county, at Toledo, Oregon, on May 22, 1908.

He names the following witnesses to prove his continuous residence upon, and cultivation of the land, viz: Homer Evans, Edwin T. Clark, Carl S. Davis and William L. Haines all of Siletz, Oregon.

NOTICE FOR PUBLICATION.

U. S. Land Office, Roseburg, Oregon, February 18, 1908.

Notice is hereby given that in compliance with the provisions of the act of Congress of June 3, 1878, entitled "An act for the sale of timber lands in the States of California, Oregon, Nevada, and Washington Territory," as extended to all the Public Land States by act of August 4, 1892, Charles O. Fisher, of Rose Lake, county of Kootenai, state of Idaho, has this day filed in this office his sworn statement No. 8837, for the purchase of the section No. 29 in township No. 14 S., range No. 9 W., W. M., and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before the Register and Receiver of this office at Roseburg, Oregon, on Saturday, the 13th day of June, 1908.

He names as witnesses: Christian Fritz and Herman Schwarz of Rose Lake, Idaho; Thomas Vidito of Corvallis, O.; John Taylor of Vernon, Oregon.

Any and all persons claiming adversely the above described lands are requested to file their claims in this office on or before said 13th day of June, 1908.
