Waldport Items.

The May dance given by the band was well attended and all enjoyed themselves. Supper was served in the hall and seemed to please all as there was not so much time lost from the dancing as usual.

Mr. J. H. Glines has been spending a few days at Toledo in the interest of the road to Tidewater. Although this road was started years ago, there are still several miles of road to be completed before any very great use can be made of the part that is now complete.

Supt. Bethers has announced that he will conduct an institute here next Saturday. Quite a number of teachers from various parts of the county are expected.

A large whale has been floating around in Alsea Bay for the last three weeks. It appears to have been dead for some years and has the habit of reposing a few days in each place. For nearly a week it lay directly in front of Capt. Nice's place, much to the disgust of the Captain. It is now on the south side almost in front of Mr. Keady's home. However, there is plenty of drift wood at hand and if it becomes thoroughly fastened to any one place the residents will turn out in a body and cremate the remains.

This week finishes the present school term and an entertainment has been prepared for Friday evening. The band has been invited to provide the music and have accepted the invitation.

The Waldport Marine Band is planning a trip over the county in the near future. Should their plans hold good, Newport, Toledo and Nashville will be visited and if possible Siletz will be remembered.

Ocean View.

A terrible shipwreck occurred here in sight of our school house. We have not learned the name of the vessel, but it was a steam schooner loaded with lumber. The accident happened Saturday night about 10 o'clock. There was a heavy squall on and the boat drifting in struck a rock and was torn almost to atoms. The men on board launched the life boats and jumped into them. But before they could get away from the ship's side a gigantic sea struck the ship, that parted the deck chains and threw the deck load on top of the unfortunate men in the water. One man Andrew J. Neilson rode on some lumber and succeeded in reaching the shore torn, bruised and with a broken leg started to crawl toward a house. He was found Sunday morning by Andrew Wisniewski. The neighbors seeing so much lumber on the beach began a search for bodies as they were sure of a wreck. They found two bodies and sent to Newport for the lifesaving crew, who started at once for the scene. They found one lifeboat with nine men in it and brought them in. There are still eleven men missing. It is supposed they were all killed by the lumber.

There is enough lumber scattered along the beach to build several good houses.

Ocean View will have a basket social and literary program on the 15th. Every lady in the country is requested to come and bring a basket and help swell the funds for a blackboard, maps and other apparatus needed in the school.

Dr. Minthorn was called to see Lawrence Shinar Sunday. Lawrence is having a very serious time.

Mr. Joe Sijota will meet the county court this week and urge the necessity of a dyke at this end of the bay.

Walter Bones, wife and daughter are the guests of Mrs. Trudie M. Bones this week.

A. Ridgiewski went to Newport last Wednesday and brought back his niece Miss Stefano. She will enter school at once, in order to learn the English language.

Biliousness and Constipation.

For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, purify the stomach, liver and blood, helping the system to do its work naturally. Mrs. Ross, Potts, Birmingham, Ala. These tablets are for sale by Otto O. Krogstad.
