A large crowd of Yaquina people attended the dance here last Saturday night. They came up on A. M. Smith's launch. Conductor and Mrs. Wm. Hoefflein remained here until Sunday evening before returning home.

Col. Robert A. Miller of Portland delivered an interesting address at Woodmen Hall Wednesday night. His talk was upon the early pioneers of Oregon and their influence upon the present populace. We have not space or would give a more detailed account of his interesting talk.

The Newport Commercial Club gave a ball Tuesday night, the proceeds of which will be used to help pay Newport's \$300 of the \$1000 Lincoln county will expend for advertising with the Sunset Magazine Company. The large crowd in attendance was shown a good time as the management of the dance had promised. Ninety-five tickets were sold. The proceeds amounted to about \$135. Toledo was liberally represented at the dance. The launches Traveler and Oregon took crowds and many went down on the train. Rosebrook's orchestra furnished the music.

The Fleet.

The battleship fleet passed off Yaquina bay Wednesday morning at 5 o'clock, on its way from San Francisco to Puget Sound. Hundreds of people from the Valley came down over the C. & E. railroad to view them, but as the fleet in passing this port was twenty or thirty miles off shore the only thing visible was the smoke from the ships. This was a great disappointment to the people of Oregon as it was promised that the fleet would come in close at the entrance to this bay and stop, or at least run under slow bell, and give the people an opportunity to see them.

The Newport Launched.

The new steamboat Newport was launched from the ways at Yaquina Wednesday evening at 4 o'clock. The new boat will take the place of the T. M. Richardson on the run between Yaquina and Newport. The Richardson has been on this run for years, but will be allowed to retire from active service on account of old age. The boiler will be taken out of the Richardson and placed in the new boat. The Newport will be a stronger, speedier boat and the traveling public will welcome the change.

Several Toledo and Newport people were present to witness the launching.

Waldport Items.

During the past week Prof. R. P. Goin has been conducting examinations of those pupils who are to enter the ninth grade next year.

Dave Gay, who formerly resided at Yaquina, has located at Waldport and will engage in the fishing business as soon as the season opens.

The Waldport Lumber Company has a crew of men under the direction of James Kent engaged in building a skid road through the Ruble pasture for the purpose of logging the timber on the Glines tract.

J. H. Glines has purchased two lots from the C. J. Smith Realty Company and will erect a suitable building to be used for his crabbing business. The lots are on the water front and very suitable for the purpose.

Last week Ora Lyndon completed his launch and for the last few days he has been testing it on the bay. He has found things all satisfactory and will use his launch between his home on Drift Creek and the Waldport market.

Waldport citizens turned out en masse this morning for the purpose of getting a view of the battleships. They built a big fire out on the point and shortly after dawn discovered the fleet moving rapidly northward headed for the Columbia river. Nothing but the smoke was visible above the horizon and it was estimated the ships were anywhere from sixteen to forty miles off shore.

Ella May Destroyed.

Scarth and Altree's gasoline launch Ella May was completely destroyed by fire last Monday night, while on the ways at Altree's sawmill near Toledo. Workmen were just putting on the finishing touches to improvements and repairs preparatory to launching her on high tide about midnight, when at ten o'clock an explosion occurred and soon the flames, fed by about sixty gallons of gasoline, spread over the entire boat, and in less than an hour was burned to the ground.

Captain Nost, who was one of the workmen, had just climbed aboard and started down into the cabin when the explosion came. He was seriously burned about the face and hands. Dr. McMurdo, who had arrived, dressed the wounds. No others were hurt.

The Ella May was the largest and finest launch on this Bay. She was built at the Altree Mill and launched last spring. She was of a 15 ton register and could comfortably carry 100 passengers. Messrs. Scarth and Altree are very heavy losers by the destruction of this launch. The loss is heavier just now as it is at the beginning of the season's work, when her owners expected to reap some returns for their investment.

The Ella May was to have been launched at midnight Monday night and was chartered to take Toledo people to Newport to witness the passing of the fleet the following day.

Immediately after the first explosion on the boat the workmen at the sawmill started blowing the fire whistle, then the fire bell soon had every man in town running to the mill. But they were powerless to act as the reserve tank, containing sixty gallons of gasoline, was yet on the boat and it was feared the exploding of this might kill some of them.

Toledo feels the loss of this boat as it was the only large boat here, and will now have to again depend on the numerous small launches for their excursions, towing, etc, on the river.

To Republican Voters.

An overwhelming majority of Oregon's voters by registration have formally declared that they believe in the principles of the Republican Party. Let them now show that they are honest by voting in accordance with their declarations. The Oregon election comes before the Republican National Convention. Let every Republican voter in the First Congressional District uphold the honor of the Republican Party in Oregon and strengthen the influence of Oregon's delegation in the National Convention by voting for H. M. Cake for United States Senator and W. C. Hawley for Representative in Congress. If either of these Republican nominees fail of election the primary election system will be discredited and a return of boss rule will be invited. The good name of Oregon's voters will be smirched and Oregon's delegation to the National Convention will be placed in a humiliating position. For the effect it will have on the November election it is imperative that the Republican nominees in the June election shall be elected by an overwhelming majority. As a believer in the principles of the Republican Party it is your duty to be at the polls June 1st, and vote for Cake and Hawley.
